With reference to G.O., Mis. No. 950 M., Local and Municipal Department, dated the 24th July 1894, I have the honour to observe that in my opinion it is very desirable in the interests of uniformity and efficiency that rules should be laid down defining the position of District Medical and Sanitary Officers and Civil Surgeons in relation to Lady Dufferin scholarship-holders who, on passing out, may be employed under local boards and municipalities.

2. The rules laid down in G.O., No. 1656 M., dated 6th October 1891, in respect of other medical subordinates employed under municipalities, may, I think, with propriety be made applicable to the class of subordinates under reference, with any modifications that may appear necessary.

3. I have further to enquire if these subordinates have any connection with the Dufferin Fund Committee even after being employed under local bodies, as in the present instance I notice that Miss Greene has made an appeal to that Committee against the decision of her employers and this appeal has been recognized and acted upon by the Committee. With reference to the letter, No. 22, of the 18th April 1895, from the Honorary Secretary, Countess of Dufferin Fund, forwarded with your endorsement, No. 635, of the 6th May 1895, herewith returned, I have the honour to state that I concur in the opinion of the Executive Committee and consider these rules should be added to those published in G.O., No. 1656 M., dated 6th October 1891.

Order—dated 1st July 1895, No. 1049 M., Local and Municipal.

The Government agrees with the Surgeon-General in considering that it is desirable to define the position of District Medical and Sanitary Officers in relation to female medical subordinates who have been trained under the Countess of Dufferin Fund and are subsequently employed by municipal councils or local boards. The draft rule proposed by the Honorary Secretary to the Fund and ~~as~~ amended by Government will be circulated for criticism, and, if finally approved, will be added to the rules issued in G.O., dated 6th October 1891, No. 1656 M. The following notification will accordingly be published in the Fort St. George and District Gazettes:—

NOTIFICATION.

It is proposed to add the following rule, framed under sections 125 and 250 (1) (*m*) of Act IV of 1884, to the rules issued in G.O., dated 6th October 1891, No. 1656 M., defining the position of Civil Surgeons in relation to municipal hospitals and dispensaries. FOR ORDERS.

In his letter dated 12th September 1894, No. 502, disposed of by the Government order read above, the Surgeon-General suggested to Government the desirability of framing rules defining the position of District Medical & Sanitary Officers and Civil Surgeons in relation to female medical subordinates, who ~~were~~ have been holding scholarships under the Countess of Dufferin Fund & who on passing out ~~might be~~ are employed under local boards and municipal councils. He stated that the rules issued in G.O. dated 6th October 1891, No. 1656 M. in respect of other medical subordinates employed under municipalities might be made

applicable

applicable to this class of servants also, and enquired if these had any connection with the Dufferin Fund Committee, even after they entered service under local bodies. He also objected to the procedure adopted by Miss Greene in sending her appeal, which was disposed of in G.O. dated 24th July 1894. 950 M, to the said committee, and pointed out that the proper course for her would have been to apply through the District Medical & Sanitary Officer and the Surgeon Genl for the orders of Government.

2. The Committee of the Madras Branch of the Countess of Dufferin's Fund was thereupon requested to state whether it had any objection to the course proposed by the Surgeon-General being followed. In the first of the currents read above, which is in reply to this reference, the Honorary Secretary to the Countess of Dufferin's Fund proposes a new rule, which, if added to those issued in G.O. dd 6th October 1891, No. 1656 M., will, he considers, meet the object of the Surgeon-General, & points out that it would not be advisable to do away with the present intangible connection existing between the Fund and the female medical subordinates, the same being evidenced

being evidenced by the recognition of their work in the annual report of the Dufferin Fund and in the fact that their returns and confidential reports by medical officers under whom they are serving, are submitted to the Dufferin Fund Committee through the Surgeon-General. He, however, agrees with the Surgeon-general in considering that communications from female medical subordinates should always pass through the regular official channel of the District Medical & Sanitary Officer & the Surgeon General to the Dufferin Fund Committee.

3. The Surgeon-General to whom this paper was referred for remarks, concurs in the opinion of the Committee & considers that the proposed rule should be added to those published in G.O. dated 6th October 1891, No. 1656 M. The following draft order is submitted for approval:—
