Memo

It has been the practice in this Municipality to collect a fee of Rs. 25 on private cartstands measuring from 300 to 500 sqyds & upwards. In his notes for 93-94, the auditor remarked that more fees should be collected on yards measuring more than 500 sqyds. I however replied that it was hardship to do so & promised that the bye law authorizing the Collections would be amended. Sanction is therefore requested to charge Rs 25 for every private cartstand from 300 to 500 sqyds or upwards.

ORDER. 5-7-95 No. 1058 Mun

The Government cannot concur in the view put forward by the Council that it is a hardship to make the owner of a cocoanut garden over 500 square yards in extent pay a fee proportionate to the size of the garden. The Council's proposals in this respect should be revised.

2. There are other points also in regard to which the scale of fees at present in force would be the better for revision. For instance the offensive and dangerous trades mentioned in sec 188 of the Act should not be taxed at one uniform rate but at different rates proportionate to the importance of the trades in question and the nuisance arising therefrom and the handal fees should also be regulated according to the extent of space occupied. The council will be requested to reconsider the whole scale and to submit a revised one with reference to these remarks.
