These Kandyal people want
the interests of the people there.
where to be sacrificed for their
benefit. Education a Kandyal
set up a village institution
of the funds of local bodies
and the roads which are
of vital importance to the
well being and prosperity
of a district are stunted.

There has been more than one
instance e.g. Belley hill
that expenditure under the
two grant mentioned above
should be checked and
the present is one of the
cases in which the Govt was
back on with the results that
there is an immediate work
how the interested few.

To

The Petitioners. They of course
make out a plausible case.
I consider that the previous order
should be adhered to but as
the way differs I submit
the draft for approval

۱. باب ۱

High school are very high

- (2) The distance between the town and the mission High school, is far beyond the reach of the young
- (3) The mission High school is specially intended for the boarders for the propagation of the religion

IV That it appears from the Sanctioned Budget for the current year, that your Excellency's memorialists have been mercilessly deprived of the benefit bestowed on them by the Taluk and District Boards, and that the provision made for the opening of the IInd form on the Vernacular system with a teacher on Rupees 20 has been disallowed.

V That in the educational world, Kurnool District occupies a very low position and has been classed to be a backward district. This middle school is the only school of its kind in the whole District and Nandyal is the only locality where such a school should be maintained. Its Nandyal stands in the middle of the district, students from the neighbouring Taluqs come to this institution for education. The school is now in a flourishing condition with about 150 pupils on rolls. In this enlightened Government, it has never been expected that education would suffer so much. To elevate the status of the people, education is the first benefit which a benevolent Government should allow the people in these days of advanced civilisation. Your Excellency's memorialists regret to say that the folks of Nandyal have been kept behind without a school which can

CHIEF SECRETARY
5 JUN. 1895
GOVERNMENT OF MADRAS

His Excellency the Governor in Council
Fort St. George

Local & Municipal Dept.
CURRENT No. 1581 L

The humble representation of the inhabitants
of Nandyal, Kurnool District

Most respectfully sheweth

I That Nandyal occupies the central position
in the District, with a population of more than 10,000.
The majority of the people are so poor that they cannot
afford to pay the higher rates of schooling fees.

II That the town has seen better days of being the
seat of a ^{Board} first Grade Middle School which flourished
successfully during the last 10 years. The mere existence
of a mission High school within a radius of two miles
from the town, has tended to the reduction in the grade
of the Board Middle School. However the school has been
retained as a Vernacular Middle school on the reduced
scale of salaries, 1st form being the highest

III That on the representation of the people, the Taluk
and the District Boards have duly considered the
under mentioned circumstances and on the recommendation
of the Educational authorities have given permission
to open the IInd form in the school on the Vernacular system
making provision for the Head Master on Rs 20:-
