P.W. No 113
A.S

College Road
Madras 14 June 1895.

From

R. E. Ellis Esq, A. M. I. C. E.
Municipal Engineer, on Special Duty

To

The President
Municipal Commission.

Sir,

With reference to G.O. No 1651 M. Local &
Municipal, Paras 8 & 9, I have the honor to inform
you that I expect to finish by the 1st August 1895,
so much of the work referred to therein, as relates
to the system of distribution, including in the plan
and making the necessary tracings &c will occupy
some time after that date, but this will not require
my undivided attention.

In the G.O. referred to, reference is made to
the adoption of a conduit with an off take at a
level proposed by the Committee of 1890, and to the
scrutiny of the figures in the estimate framed
by Mr. Cousins; the former entails the selection
of a new route for the proposed channel; neither
of these works have as yet been undertaken by
me & I should feel obliged if you would let me
know whether I am to do them; they will probably
take 6 months or more to complete.

I understand that under the Civil Service
regulations

regulations the sanction of the Government
is necessary for my being on Special Duty for a
period extending over 6 months which expires on
the 1st August 1895.

Your sanction to retain the staff until the
work is finished is solicited.

I have the honor to be,

Sir,

Your most Obedt. Servt.

(sd) R. E. Ellis,

Engineer on Special Duty.

SIR,

In forwarding herewith a copy of letter

connection with the Hydraulic Survey as to allow
him to resume his appointment on the 1st August,
and requesting information as to whether he
should enter upon the revision of Mr. Cousins
Estimates, I have the honor to state that I have
informed him that I do not think it desirable
that he should commence the latter work.
