No 102

Municipal office
Coonoor 27 June 1895

From,

J. A. Marjoribanks Esqr.
Chairman, Municipal Council
Coonoor.

To,

The Honorable Mr J. F. Price C. S. I.
Chief Secretary to Government
(through the collector of Nilgiris.)

Sir,

With reference to para 4 of G.O. dated 6th May 1895 No 800 M. I have the honor to state that the poison used to destroy stray dogs in the Municipal market and slaughter houses is strychnine. It is given to the dogs in meat either by the Sanitary or market Inspector and by no one else.

This method of killing dogs had to be adopted as no persons could be induced for any reasonable pecuniary considerations to destroy dogs with clubs.

Forwarded. The method adopted seems safe, & the poison probably more insipid, than that of clubbing -

W. A. Davis

LOCAL AND MUNICIPAL DEPARTMENT.

Current No. 2183u.

From

The Chairman Municipal Council, Coonoor.

FOR ORDERS.

I should prohibit the
use of strychnine by such
persons for such purposes.
My opinion being that it
is highly dangerous in the
hands of low paid subordi-
nates. I must take the
responsibility of permitting its
use.

24/7/95

In para. 451 of go. date
18th March 1895, No 465 M. regarding
the Ootacamund municipal budget
for 1895-96, the Government said
that it considered the employ-
ment of strychnine for poisoning
dogs much too dangerous to
be permitted and disallowed the
expenditure proposed to be incurred
for this purpose.

Orders are solicited as
to whether in the circumstances
stated by the Chairman, the
use of strychnine may be allowed
in Coonoor, or whether it should
be prohibited as in the case of
Ootacamund.

Order

The Govt. considers that the
 use of strychnine for such purposes
 as those referred to must be
 by low-paid & probably uneducated
 subordinates is highly dangerous, &
 should be altogether prohibited
