CURRENT No. 1345 M

To
The Chief Secretary
to the Government of Madras

Madras Electric Tramways

With a view to the avoidance of possible friction or misunderstanding and for the more speedy dispatch of work, we have the honor to request that you will be good enough to advise us at your earliest convenience of the exact nature and extent of the powers transferred by Government to the Consulting Engineer for Railways. We may mention by the way that we cannot find that we have received any official intimation of the transfer.

In consequence we shall be glad to know whether it is proposed to adjourn, take action, or report upon Electrical Question with which, we should think, the Superintendent of Telegraphs would be better acquainted and more competent to form a sound opinion. We are acting, because we are now proceeding with the construction of Stations II and III on the 'overhead system' and hope shortly to proceed with the

The re-equipment of Station 1 on the same system,
and first arranged; which last appear to be, the
road and rolling stock having already been passed
by the Consulting Engineer department, on a separate
order for the consideration of the Superintendent
of Government Telegraphs and of the Road Authority.

We have the honor to be
