CURRENT No. 1782

To

THE CHIEF SECRETARY TO GOVERNMENT,

LOCAL AND MUNICIPAL DEPARTMENTS,

FORT ST. GEORGE.

(Through the Divisional Officer.)

Sir,

I have the honor to reply to the various points demanding explanation in G O No. 595 M dated 2nd April 1895 Local and Municipal Departments, Reviewing the Vellore Municipal Budget for 1895-96.

2. Para 3 — The council proposes to levy in lieu of the present rate of 2 Rupees per half year on all carts the following rates — Per half year

For each cart drawn by two bulls — Rs 2 -

For each cart drawn by one bull — Rs 1 -

The reason being that the present rate is inequitable, because carts drawn by two bulls carry heavier loads than single bullock carts, hence the damage to roads is greater; besides that, the former class of carts monopolise the greater part, if not all, the trade in the place — single bullock carts being chiefly used for the conveyance of persons. I however doubt whether as the Act scarcely time enough to supervise their own legitimate duties, and if this work was to be handed over to them, the sanitation of the town will suffer. Under these circumstances it is respectfully requested that Government will be pleased to accord its sanction to the continuance of the 3 private scavenging inspectors.

6. With reference to the surmise that the number of Scavengers is to be reduced from 58 to 48, I beg to state that no actual reduction is proposed. The number 58 was erroneously shown, year after year, in the Budgets as the correct number whereas the actual working strength is 48. Hence the alteration in figures.

7. As for the reduction of the number of Conservancy peons from 11 to 7 viz 2 for the chief Sanitary Inspector and 1 for each of his 5 assistants, I would respectfully point out, that although 11 peons are shown under the head of Conservancy only 5 are actually employed under the present inspectors on actual Conservancy duty. 2 are attached to the divisional Councillors. 1 is attached to the Hospital purveyor for purchasing the necessary articles of diet. 3 are employed in the office, as the present staff is inadequate for the requirements of the office and to render assistance to the bill Collectors when distraining property. If two of these are placed at the disposal of the Chief Sanitary Inspector, there will be one only left for the purpose mentioned.

8. The resolution of the Council No 1 dated 23rd April 1895 considering the G.O. reviewing the Budget for 1895-96 is enclosed.

I have the honor to be,
Sir,
Your most obedt Servant,

Chairman.

Para 3

I consider the opening of a road from Kosapet to Arasamaram Pillayar Coil Street very necessary. The 'impasse' stretches right across the town and necessitates a detour of half a mile on either side. There is a vacant space which might be acquired just at the spot and the amount (Rs 1000) allotted will be ample for all expenses.

The other road to Shembakam will only be useful to the Sivite Sect as leading to their temple. I do not consider it very necessary at present
