private latrine work.

(b). There has been no separate sweeper for the new Ramaroupet Arrangement has been made to depute a sweeper for each of these by 43 sweepers instead of 44. Owing to the demand for Toties at K articles, Rs 4-8-0. is considered too low and the pay is proposed

(c) The leading men in the toty class have far more influence I have arranged to style the two best of them as maistries for they wake up the toties in time, get them for the Overseers & themselves if necessary. I consider their appointment as has rendered pretty good service in connection with the Extension about to strike work on account of the loss they sustained

(d) Instead of having 13 toties on Rs 4 1/2 for the temporary period the work can be done by 12. Labor is very dear here.

(e) Cinerators are not working and no Establishment is made (f). One of the Cinerator toties has been covering night since one expressly for this purpose - now.

(g) Number of private latrines is increasing rapidly. For more than ²²⁶~~22~~ latrines for each toty. The Extra number of Government. Since my proposals were sanctioned by the I may have to apply for still more toties before long. 2 per This seems to be absolutely necessary for popularising the Sys

(h). A separate toty is necessary for cleaning the main 44 Street Sweepers but an additional one is now
