CURRENT No. 20/16

J. Kothandarama Swami

Sho Daka am, Chairman,

Municipal Council, Mayavaram

To, The Chief Secretary to Government
Int Sanit. League
Local and Municipal Dep.

Sir, I have the honor to report
as follows on the points noted in
G. O. no. 1391. M. dated 4th October '94
reviewing the Annual Report, of this
Municipality for 93-94.

2. Para 3 (4). Income from the
Sale of Sweepings - An explanation
regarding this, will be
submitted later on, after the
Sale of rubbish is completed.

G.C.
3. Para 4. The Estimate and plan for the extension of the High School building, will be forwarded to the Superintending Engineer for approval. The work, will be taken on hand. After the Estimate is approved.

4. A small portion of the allotment for Repair Communications was saved to cover the excess outlay on New Works Communications.

5. Referring to the Concluding portion of para 4, I beg to state that the Ex Chairman, in stating that the traffic within the Town has increased since the opening of the Mayavaram - Mutupet Railway seems to have meant, that the transit of passengers and goods into and from the Town has increased, which has, in consequence, increased again the number of jathkas within the Town and their motions; and hence, the wear and tear of the metal roads. This increase

of jats within the Town, by no means adds to the revenue from toll farming. And, by stating that the opening of M. M. Railway is likely to reduce further, the income from tolls, he seems to have meant that the situation of the Mayavaram - Mutupet road, in a line parallel to the Railway line, leads to the diminution of the employment of Country Carts or other vehicles Consequent on goods or passengers, to and from the Southern direction, the train being generally utilized by the public. Hence, there must be a reduction from tolls, and therefore, the Ex Chairman's observations are borne out by hard facts, and they are not, in my humble opinion, inconsistent.

6. Adverting to the Concluding portion of the last Clause of para 4, ^{except} of the order, I beg to state that ~~seven~~ thatty latines have been newly constructed already in different parts of the Town, and necessary

materials are ready for 3 more,
for which, Steps have been taken
to secure Sites, and which, it
is hoped, will be Completed
in a week. Thus, the number of
latines, with, in all, be increased
from 5 to 16, in the Current year.
Provision has been made for 10
more latines in the next year,
and there will shortly be one
latine for every 1000 ^{of the} population,
as prescribed by Government

I have the honor to be,
Sir,

Your most obedient Servant
