There is great difficulty experienced in collection just at present which like the difficulties met with at the initial stages of every scheme will I am sure vanish in course of time. As it is, the necessity for having recourse to coercive measures to a degree not quite desirable cannot be avoided, which necessitates in its turn the appointment of peons to assist the bill Collectors in making distraints &c. I therefore request that you would be kind enough to obtain sanction of the Government for the appointment of 3 peons on Rs 5 per mensem temporarily till the end of the year. Want of such peons is certain to tell upon the future collections in as much as the cases that remain uncollected are generally cases which without an attempt at distraint it will be difficult to dispose of.

Rs 13579, which when divided among the 3 bill Collectors gives each 4500 Rs and odd to collect. The information obtained by me from the Municipalities of Trichinopoly and Negapatam, shews that the amount allotted to each bill Collector there for collection is Rs 4100 and odd although in Trichy they are paid more than the men here. As the amount that will have to be collected under this head in the succeeding years will in all probability be about the same, it is necessary that these men should be made part of the permanent establishment and I request that you would be kind enough to obtain the sanction of the Government for the same.

I have to add that the people in the town generally and a considerable portion of the Council having been all along opposed to the introduction first and enhancement afterwards of the professional tax into this Municipality
