Statement No I.

When an institution is
aided from Provincial or
Local (or Municipal) Funds,
it should be shown against
Provincial or Local (or Municipal)
according as it has received
a larger grant from Provin-
- cial or Local (or Municipal)
Funds.

I

The President,
District Board,
Beaduna

Sir,

In reply to your No. 3511
27.10.94 for
- regarding for explanation certain
remarks relating to Statements
I and X of the Beaduna District
for 1893-94, I have the honor to state
that the figures in last column
of Statement X cannot always
agree with those in Statement I.
For, in accordance with footnote
No 1 of Statement I (Copy herewith
for reference) the entry against
Primary schools aided from Local
Funds cannot include schools
which, though aided from Local
Funds, draw a larger amount of
aid from Provincial Funds.

Taking

Taking the two statements together,
it has to be inferred that 494
schools received grant
from Local Funds and that in
16 cases the amount of grant
drawn from Provincial Funds
was greater than that from
Local Funds. The 494 schools
included in Statement X contained
18012 pupils as shown in the grand
total and not 16923 pupils as
observed by Government. The
figure 16923 is the total of pupils
in Lower Primary Departments
alone and the figure 17122 is the
strength of Primary schools which
received grants from Local Funds
alone or from Local and Provincial
funds (the Local funds exceeding
Provincial funds).

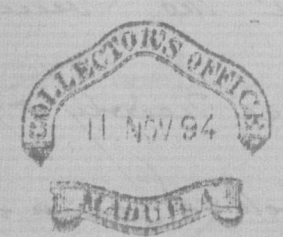

I have the honor to be,
Sir,
Your most obedient servant.

noted in the last column of statement IX for that year. In statement No I for 93-94 (which requires schools to be shown under different classes) one of the 143 schools (the Technical Institute) has been shown against Training schools and the remaining 142 against Primary Schools. Of the Primary schools, 28 got closed and 25 were newly opened and so the number on the 31st March 94 was $142 - 28 + 25$ or 139 as noted in last column of Statement I. Including the Technical Institute the number of Board Schools at the close of 1893-94 was 140 and it should have been so noted in last column of Statement IX.

2. The figures 36 and 42 in columns 3 and 4 of statement IX for 1893-94 denote the numbers of Departments of schools opened and closed and so they cannot tally with the figures 25 and 28 which denote the numbers of schools actually opened and closed.

I have the honor to be,
Sir
Your most obedt servant.
