To the Chief Secretary to Government, Local and Municipal Department
Madras.

Sir.

With reference to G.O No. 1057 L Dtd 20th June 1895.

I have the honor to state that the vacancy of the District Board Engineer was again advertised with the result that I have received 27 applications, a list of which is herein enclosed.

2. In consultation with the Executive Engineer, I have selected the following 3 applicants in the order in which I would prefer them.

1. Mr. R. W. Thompson
2. Mr. J. W. Parrot
3. Mr. T. W. de Gruyther

3. Mr. Thompson, it will be remembered, was nominated last time by Mr. Wynne and actually appointed by Government. He however now expresses his willingness to take up the appointment on condition ^{that} he is allowed a starting pay of Rs 500 to be raised to Rs 550 in the 2nd year. I have no objection to make the concession and if the Government has none, I request that his appointment may be sanctioned and

and communicated to me at an early date. If this is not
feasible, I would propose Mr. J. Parrott. He holds very
high testimonials and would appear to have seen a good
deal of practical work.

4. The applications with the testimonials of Messrs J. Parrott
and J. W. De Gruyther are submitted for perusal and favor
of return. Early orders are solicited.

I have the honor to be,

Sir,

Your most obedient Servant,

P. J. Pope

LOCAL AND MUNICIPAL DEPARTMENT.

Current No. 2076 L.

From the President, District Board, Nellore.

FOR ORDERS.

I think that Mr. Thompson the appointment of Mr. R. W. Thompson, which was originally sanctioned by Govt in January last on the recommendation of the Chief Engineer, Public Works Department, but which was not given effect to as Mr. Thompson had in the meanwhile accepted another place. The papers in G.O.s dated 9th January 1895, No. 20 L and 5th April 1895, No. 645 L. He is now an Executive Engineer on Rs 600 on the Kotri-Rolvi State Railway, Scind, and is said

Said to be willing to take up
the appointment of District Board
Engineer, Mhowe, if he is allowed
a starting pay of Rs 500, to be
raised to Rs 550 in the second year.
The President states that he has
no objection to grant this concession
if the Govt has none, but the
District Board should, if submitted,
be consulted in the matter. The
salary attached to the post is
Rs 400 - 50 - 550, but in G.O.
dated 8th October 1889, No. 2304 L,
the salary of Mr. Scott, the last
incumbent of the office, was fixed
at Rs 550. If this proposal is
not approved, the President would
recommend the appointment of
Mr. Parrot, who appears to have
done a good deal of practical work
during the period of seven years
he has been in India and Burmah.

It is submitted that seeing
that a state the D. B. Eng^r
work in Mhowe has got into it is
expedient to get a good man rather
than a cheap man. The D. B.
permission though, must also apparently
be obtained perhaps to same time,
and the chance of another farce,
Mr. Manandam Raja may be told
that he can accept employ^{ment} the selected
candidate
him. on the Board's agreement to pay
the salary proposed. 2/8/95
