LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper:—

From M.R.Ry. A. DESIKACHARIYAR Avargal, B.A., Chairman-delegate, Municipal Council, Conjeeveram, to the Chief Secretary to Government (through the Sub-Collector and Collector of Chingleput), dated Conjeeveram, 3rd August 1895, Ref. No. 631–Eng.

With reference to paragraph 3 of G.O., No. 951 M., Local and Municipal, dated 7th June 1895, I have the honour to state that the Sanitary Engineer, in reply to this office letter, No. 57-G.O., dated 19th July last, requesting him to inform the number of instalments in which the loan may be taken, writes, in his docket, No. 2100, dated 31st July 1895, "that it is probable that Rs. 1,60,000 may be spent before April next if the pipes are to hand, as it is hoped they will be, before that date. Of the above, Rs. 20,000 will be required between this and January and the remainder between January and April." The reply of the Sanitary Engineer does not specify the number of instalments required.

2. I, however, beg to submit that the number of instalments in which the loan is to be taken may be fixed as four, and that the first instalment of Rs. 32,125 may be paid during the period referred to by the Sanitary Engineer and the rest during next year.

3. Considering the financial position of the municipality, I respectfully beg to request that you will be kind enough to obtain the sanction of Government to make over the half-grant of Rs. 1,28,500 from Provincial funds once for all in the current official year. This will, with the first instalment of the loan referred to above, make up the sum of Rs. 1,60,625, which will be sufficient to meet the requirements of the Sanitary Engineer before April next.

4. I beg to enclose the revised loan application as directed.

ORDER—dated 24th August 1895, No. 1382 M., Local and Municipal.

The application, as amended by Government, will be published in the Fort St. George and the Chingleput District Gazettes. After one month from the date of such publication, if no valid objections have been taken thereto, the application will be forwarded to the Financial Department for sanction.

2. The Collector of Chingleput will report the date of publication in the District Gazette.

3. The request of the municipal council that the whole of the grant of Rupees 1,28,500 promised by Government may be paid in the current official year cannot be complied with, as the budget of Provincial Loans and Advances for the year provides only for a contribution of Rs. 91,000.

4. The council should draw the whole of this Rs. 91,000 and an additional Rs. 91,000 out of the amount of the loan, after it is sanctioned, before the 31st March 1896, for the budget provides Rs. 91,000 under grants and Rs. 91,000 under loans for expenditure in the current official year, and it is important that none of this provision should be allowed to lapse.

Ref: No 631 of 95

does not specify the number of instalments required.

2. I, however, beg to submit that the number of instalments in which the loan is to be taken may be fixed as four and that the first instalment of Rs 32,125 may be paid during the period referred to by the Sanitary Engineer and the rest during next year.

This proposal will upset the arrangements made in the Final Budget which provides Rs 91000 on account of this loan in the current year. Therefore this amount [illegible] be drawn before the close of the year & the loan appln has been altered accordingly —

3. Considering the financial position of this municipality, I respectfully beg to request that you will be kind enough to obtain the sanction of Government to make over the half grant of Rs 1,28,500 from Provincial funds once for all in the current official year. This will, with the first instalment of the loan referred to above, make up the sum of Rs 1,60,625 which will be sufficient to meet the requirements of the Sanitary Engineer before April next.

This cannot be done, as the Final Budget provides for only Rs 91000.

4. I beg to enclose the revised loan application as directed.

With reference to paragraph 3 of G.O., No. 951 M., Local and Municipal, dated 7th June 1895, I have the honour to state that the Sanitary Engineer, in reply to this office letter, No. 57-G.O., dated 19th July last, requesting him to inform the number of instalments in which the loan may be taken, writes, in his docket, No. 2100, dated 31st July 1895, "that it is probable that Rs. 1,60,000 may be spent before April next if the pipes are to hand, as it is hoped they will be, before that date. Of the above, Rs. 20,000 will be required between this and January and the remainder between January and April." The reply of the Sanitary Engineer does not specify the number of instalments required.

2. I, however, beg to submit that the number of instalments in which the loan is to be taken may be fixed as four, and that the first instalment of Rs. 32,125 may be paid during the period referred to by the Sanitary Engineer and the rest during next year.
