* Read Proceedings of the Madras Govern-
ment No 299 M. M. dated 11th February 1895-
awaiting the report on the revision of the
land tax registers promised in para 3 of
the Chairman's letter no 41 dated 26th
January 1895.

It is now seen that the system
adopted hitherto in the assessment of
vacant house-sites was to assess at the rate
of 2 annas per 80 square yards, only a
portion of the vacant site equal to the
extent

extent of site covered by the adjoining house, remitting the tax on the other portion as backyard. The Council is now of opinion that the proper system is to tax the whole extent without making any distinction between house & backyard. The Council is also of opinion that the two annas rate will press hard on the site owners when the whole extent has been assessed & that the proper rate is at 1 anna per 80 sq. yds. Even at this rate, the tax payable on each site will in future be $1\frac{1}{2}$ times the tax hitherto paid. The Council therefore resolves to tax at the said rate of 1 anna per 80 sq. yds from 1895-96, Subject to the sanction of Government.

SIR,

With reference to para 2 of L.O. No 209 M. Mis. dated 11th February 1895, awaiting report on the revision of the land tax registers promised in para 3 of this office. Letter No 41 dated 26th January 1895, I have the honor to report that the Council, at its meeting held on the 27th instant, has resolved to assess the whole of the vacant house sites at one anna per 80 sq. yds, instead of two annas for portions of them as was hitherto the case, for reasons set forth in its resolution, a copy of which is herein enclosed. Even at this reduced rate, it is expected that the total amount of tax under the head will increase by about one-fourth over the demand of last year. I therefore beg that Government will be pleased to sanction the proposed rate of assessment.

I have the honor to be,
Sir,
