I have the honour to submit the programme of famine relief works for 1895-96.

3. The delay is due to the programme from the Local Fund Engineer not having been received until the 29th May. Even then it contained several errors which had to be rectified. The programme from the Executive Engineer though received earlier than the District Board Engineer's was on the whole very late, having been received on the 13th May. The general programme could not be tabulated without either of the above two.

2. The programme contains provision for the construction of one \* new irrigation work in Udayagiri at a cost of 29 lakh, and for repairs to existing irrigation and road works to cost 3.27 and 9.30 lakhs

3. Estimates are stated to be ready for works to cost Rs. 8,00,352 or 47 per cent. of the total provision, excluding land improvement works for which no estimates are required.

5. *Statement A.*—(a) Columns 3 and 4 of this statement should have been subdivided into "sanctioned" and "not sanctioned" as directed in paragraph 2 of B. P., dated 6th September 1894, No. 360, and the amounts of the different classes of large works should have been entered in the appropriate columns. The required information is given in column 2, but not clearly.

(b) In this statement under the head "Miscellaneous works" four sums of Rs. 5,100, 20,200, 11,600 and 3,900 are provided for "deepening the Buckingham Canal" in the taluks of Ongole, Kandukur, Kávali and Nellore, respectively. The Collector is requested to state whether the Chief Engineer for Irrigation has approved of the works mentioned.

(c) The total approximate cost of repairs to ten roads in the Kandukur taluk which are shown as "not sanctioned" is Rs. 1,22,500 and not Rs. 1,02,000. A corresponding alteration has also to be made in columns 17 and 25 of statement C both against "large works not sanctioned" and against the "total for the taluk."

(d) The amount of detailed estimate of special repairs to Kávali-Kalligiri road in the Kávali taluk is entered in this year's programme as Rs. 3,700, whereas in the last year's programme it was shown as Rs. 24,000. The Collector is requested to explain the discrepancy.

(e) The amount provided for the repair of the Nellore-Kistnapatam road in the Nellore taluk is omitted in this statement. But from the entry in last year's programme and also from the taluk total given in the current year's programme, the amount appears to be Rs. 8,000.

*Statement B.*—(a) The one P.W.D. work in the Udayagiri taluk entered in column 6 of this statement appears to be Mekalabanda Reservoir. This work is a new one, as shown in statements A and C, and should have been omitted from this statement which is intended to show the state of the existing irrigation works only, and the provision made for their repair.

(b) It is observed that, though there are 50 and 57 Revenue Department works out of repair in the taluks of Rapur and Gudur, provision is made for the repair of only 42 and 43 of them respectively; while no provision whatever has been made for the repair of any of the four P.W.D. works that are out of repair in the Kanigiri taluk. Steps should be taken to provide for the repair of these works in the next year's programme.

*Statement C.*—(a) From the entries in the detailed statement A, it appears that a sum of Rs. 28,975 is provided for the construction of Mekalabanda Reservoir in the Udayagiri taluk and that the detailed estimate for the whole amount is also ready; but the amount is omitted in column 27 of this statement. The Collector is requested to explain this omission.

(b) The total number of small works in the Gudur taluk for which detailed estimates are ready is given in this statement as 63, whereas in statement A, it is clerical errors are also noticed in the statement:—
