9. Read G.O. No. 1338 M, dated
26/9/94 reviewing the Bellary Municipal
Report for 1893-94.

(1) In regard to the poor
attendance

attendance of official councillors noticed by Government in para 2 of the said G.O. the Council observes that the collector has already written to them on the subject.

(2) The extent of taxable land within the Municipality being very limited, there is no room for increase of tax under this head.

(3) All possible measures are being adopted for the collection of recoverable arrears and the remaining outstandings will be adjusted at the close of the current official year.

(4) Out of the outstanding warrants a large number was not executed, as the defaulters could not be found. Most of them are reported to have left the town. In the other cases the arrears are irrecoverable, as the parties have no property to proceed against.

(5) The necessary steps will be taken to put the huts in a more satisfactory condition.

(6) In regard to the collection of the private scavenging tax in advance, the orders of Government have been carried out as far as possible. Only a small sum was not collected in advance and some relaxation of the strict rules on the subject was found necessary.

(7) Whenever streets are used for sale of vegetables and other articles, the vendors are prosecuted. But the fronts of private houses are utilized freely to expose goods for sale and the stalls of the Municipal Council are not therefore used.

(8) The observations of Government

Government on the subject of education in the Municipality are noted and will be communicated to the Head Master, as Municipal High School.

(9) The remarks of Government in clauses 3, 4 & 5 of para 4 will be communicated to the District Medical and Sanitary Officer. The Council hopes to show better results on introduction of the new rules proposed by Government on the subject of midwives in G. O. No. 13812 of 26-7-94.

(10) The Council proposes to reduce the results grants to managers who employ untrained teachers to one-half of the maximum rates.

(11) As regards the

remarks of Government in clause of para 4 under the head of

"Vaccination and Vital statistics" the Council observes that, in 269 cases, summonses had been issued by the Magistrate under clause 2 of Section 138 of the Act before the end of the year, and further action has been taken since. In 76 cases, nothing had been done during the year beyond issuing notices. The result of these cases will be shown in the current year's statement.

In their Review of the Bellary Municipal
Report for 1893-94 (G.O. 1338
26th Sept 94) Government
made the following observations;

- (1) that outstanding taxes should be
adjusted (para 3 clause 1)
- (2) that warrants should be punctually
executed (Clause 2)
- (3) that the dangerous condition of the
toll sheds should be remedied (Clause 3)
- (4) that sweepings should be sold by
auction (Clause 3)
- (5) that a market should be obtained
for the right soil (Clause 3)
- (6) neglect of the orders of Government
to Collect Private Scavenging fees, &c.
explained (Clause 4)
- (7) it was to be reported whether the streets
in any part of the town are used as
a market and if so why Section 203
Act IV of 1884 could not be put in
action (Clause 5)
- (8) Teachers in the municipal school were
to undergo training (Para 4 Clause 2)
- (9) Managers in Aided Schools compelled
by further reductions to employ only
qualified men (Para 4 Clause 2)
- (10) Better work should be exacted from
the midwives (Clause 3)
- (11) The result of certain vaccination notices
should be reported (Clause 4)

(12) Increased attention should be paid to
Vital Registration (Clause 4)

2. In the eleven heads of Resolution
now submitted, I do not find any
mention of items 4 and 5, concerning
sweepings and night soil; nor is any
detailed notice taken of item 12 (Vital
Registration); it is however within my
knowledge that delinquents have been
freely prosecuted.

3. Promises, general or particular, are
made as to items 1, 2, 3 and 9 (Taxes,
Warrants, Toll-sheds and Aided Schools.)

4. Item 4 has been "communicated" to
the Head Master, Municipal High
School; it should be enforced.

5. Neglect of the Government order to
Collect scavenging fees in advance (item 6)
has not been explained. It is said
some little relaxation was found
necessary, only a small sum not
being collected in advance. In fact
Rs 258 has been written off and Rs 305
remained outstanding. Strict adherence
to the instructions of Government seems
necessary.

6. As to the item 7 the Councillors observed
that "whenever streets are used for
sale of vegetables and other articles,
the vendors are prosecuted" On my

to the chairman
apparently

10 requesting them to reconcile this with
a late Resolution giving three yards
on each ^{side} of the two main streets in
Bruce Petta on Fridays and Saturday
"for the storage of grain etc by merchants"
(See my letter of 8th instant), they explain
that they referred only to Cowle-Bazaar.
The two streets mentioned, they add, are
used for the vend of grains only, and
the sanction of Government order 559
23-3-187

7. In fact, vegetables and other produce
are there sold on these two market
days, and that this is not against
the wishes of the Council may be
assumed from the wording of the
Resolution of 18th September which I
here set forth:

"11. Read letter dated 6.8.94 from the Joint
Secretary, Peoples' Association, Bellary,
forwarding petition from the Residents of
Brucepettah in connection with the exposure
of goods for sale on the roads on Fridays
and requesting that steps may be taken
for minimising the hardship complained
of in the petition.

Read also the report of the Sub Committee
recommending that the concession of
another yard of road space asked for
by the grain merchants may be granted
and that the Superintendent of Police
may be addressed on the subject of

Keeping more Police men on duty on the
Car street and Bangalore road every
Friday to regulate traffic.

Three yards will be given on each side
of the road for the storage of grain
by merchants on Fridays and
Saturdays as recommended by the
Special Committee."

8 The sanction of Government relied
upon, gives permission to the grain
merchants, in the two streets, to utilize
each a space of two yards in front
of his shop for two hours on Thursday
and Friday mornings for the purpose
of unloading, measuring and storing
their consignments. The proviso is
added, that room is left for traffic.

9. At present, all classes of goods
whenever brought fill up three
yards on each side of the streets during
the whole of Friday & great part of
Saturday. This is a serious inconvenience,
about which the Superintendent of Police
has addressed me. The streets are $11\frac{1}{2}$ ft
in width, and a deduction of 6 yards
leaves only $16\frac{1}{2}$ feet for the passage of
carts and the convenience of the crowd
of purchasers.

10. Thus I must differ from the Council
in their view that section 203 is being
enforced. That its enforcement however

12 would not provide a sufficient remedy,
is true, but for a reason that remains
to be pointed out.

11. The market building for Bellary
ought to have been erected in Bruce
Petta instead of in Bowle-Bazaar
where it is not wanted. The market
is firmly established in the former
place and can hardly be moved.
The proper remedy is to build there
as soon as possible and if this
is guaranteed, I think two yards,
not three at the sides of the streets
might continue to be used for market
operations as a purely temporary
Concession.
