Dated the 20th April 1895.

DESPATCHED 1456
26 APR. 95

From

J. N. Atherton Esq.

PRESIDENT, DISTRICT BOARD

KISTNA.

To

THE CHIEF SECRETARY TO GOVERNMENT,

LOCAL AND MUNICIPAL DEPARTMENT,

MADRAS.

SIR,

With reference to para 4 of G.O. No. 1505-12
Public Works of 19th June 1894, I have the honor
to state that the revised plans and estimates
for the Hospital buildings at Beruoda are
not yet ready. Various plans have been
prepared from time to time and modified
to suit the instructions of the Sanitary
Board, but each modification has proved
useless only to elicit fresh objections.

2. It is not intended that Hospital
buildings at a total cost of Rs. 60000
should be at once built at Beruoda.
Plans and estimates will be pre-
pared and sanctioned for the whole
work and a convenient site near
the main portion of the buildings

Communicated with
G.O. No. 880-H. No.
9-7-94

as are actually necessary and the Board can afford will be created at first.

3. The design of the Hospital will be such that the buildings may be capable of expansion and improvement as time goes on and as the growing needs of the town may require?

4. It is impossible to say now whether the development of the railways in the District, the Berzunda-Madras and the Berzunda-Masulipatam lines will have the effect of contributing to the importance of Berzunda or whether they may drive away all local traffic from Berzunda and leave the town a comparatively unimportant place. I myself hold the former view, but there are many others who think differently. In any case the present Hospital is so miserable a building and in such an unsuitable site that a new Hospital is absolutely necessary and it is therefore considered advisable to commence the construction of a building as early as possible.

It is absolutely necessary to secure a commodious site and for this purpose the triangle between the Ryne and Ellare Canals seems to be best suited.

5. Whatever be the size of the building, there can be no doubt of the ability of the District Board to maintain the same with a suitable Staff. It is gratifying to find that Govt. will be ready to supply a fully qualified European Medical Officer for charge of the Hospital; I have been under the impression that the District Board would be lucky if it were given the Services of an Assistant Surgeon.

6. Finally I trust I may be allowed to urge that apart from all question of the construction of the Hospital, the removal of the Spoil banks is an obligation to which Govt. should not shut its eyes. Government did once recognize this obligation in regard to a portion of the bank, and sanctioned an estimate for Rs. 23959 for the purpose. All that is now asked is that Govt. shall

devote

devote these funds to removing a part
of the bank which is much more of a
public nuisance than that sanctioned

for removal in G.O. No. $\frac{926M}{17-7-93}$

Some portion of the bank has
already been removed by private
agency and it is possible that the
exact apex of the bank may be
further cleared away to afford
a site for the new English Church.

I have the honor to be,
Sir,

Your most obedient servant

Alfred A. M. M.

Local & Municipal Dept.

CURRENT No.

From

J. N. Atkinson Esqr.

PRESIDENT, DISTRICT BOARD

KISTNA.

To

THE CHIEF SECRETARY TO GOVERNMENT,

LOCAL AND MUNICIPAL DEPARTMENT,

MADRAS.

SIR,

Adverting to Memorandum
No 691 of 17-3-95, I have the honor
to say that the cost of maintain-
ing the proposed Bezvada Hospital
will consist of

(1.) Annual repairs

(2.) Establishment, medicines &c.

The cost of annual repairs
may be estimated at 3 per cent
on the cost of construction (See
P. W. Code Vol. I. ch. X Rule 28,
clause d) and since it is

proposed

proposed at first to construct only a part of the Hospital building at a cost, as may be roughly estimated of Rs. 30,000; the building being from time to time added to as necessity arises, till the whole estimate of Rs. 60,000 is worked out, the cost of annual repairs will commence at Rs. 900 gradually mounting to Rs. 1,800.

3. The following figures show the annual cost of repairs for the last 5 years on each Municipal Hospital and the amount debitable to the District Board.

	1890-91	1891-92	1892-93	1893-94	1894-95	Average
Masulipatam	1669-10-8	3140-7-4	93-14-5	499-11-0	373-12-4	1155-7-11
Amount debitable	834-12-4	1570-3-8	46-15-3	249-13-6	186-14-2	
Begunada	56-7-3	149-14-0	68-9-8	7-0-0	46-10-10	65-11-6
Amount debitable	"	"	"	"	"	
Guntur	22-13-3	199-12-3	"	197-14-3	572-7-6	198-9-5
Amount debitable	11-6-8	99-14-2	"	98-15-2	286-3-9	

4. The District Medical and Sanitary Officer has supplied me with the following figures showing the present cost

cost of establishment &c. in the three Municipal Hospitals of Guntur, Begunada and Masulipatam.

Guntur

Pay of Assistant Surgeon	3600	Debitable to Provincial.
2 Hospital assistants	960	at Rs. 55 & 25 each
2 Compounders	216	at Rs. 9 each
1 Midwife	108	at Rs. 9 each
Establishment	708	
Diet of patients	1210	
Sundries and Contingencies	983	
Medicines and supplies	869	
	8,654	
Deduct item debitable to Provincial	3600	
Nett	5054	

Begunada

Medical Subordinates	816
Servants	935
Medicines &c.	1163
Diet of patients	853
Miscellaneous bedding & clothing	562
	4,329

Masulipatam

Pay of District Medical & Sanitary Officer	9000	Debitable to Provincial
Assistant Surgeon	1800	Do.
Medical Subordinate Estt.	2400	
Medicines and supplies	2500	
Diet of patients	1200	
Sundries and Contingencies	900	
	17,800	
Total	17,800	
Deduct items debitable to Provincial	10800	
Nett	7000	

5. It is probable that the charges for establishment in the Berzuada Hospital &c. will at first at any rate approximate to those of Guntur rather than those of Masulipatam; consequently the gross annual cost to Local and Municipal Funds of Maintenance of the proposed Berzuada Hospital would be as follows:—

Repairs - - - - -	No. 900.
Establishment, medicines &c. say	<u>5000</u>
Total	No. 5,900.

I trust that Government will be able to put an assistant Surgeon in charge of the Hospital, which will indeed be far too important to be left to the control of a Subordinate Officer; but the pay of this officer would presumably be debitable to Provincial Funds.

6. The maintenance of the proposed new Hospital would cost about \$1,500 per annum more than the present institution; but I believe that the Sanitary Commissioners

Commissioner will support me in saying that the present Hospital should be superseded by one more suitable to the place at the very earliest opportunity.

I have the honor to be,
Sir,

Your most obedient servant.

A. S. M. & Co. 1897
 for President.
