Enclosure to letter No. 2288 of 1895

S. E. No 524 of 95

Submitted

More fountains are wanted in
the town, but unless funds are
plentiful there is no present
necessity for extending the
3" pipe to the toll gate.

No. 2288

GOVERNMENT OF MADRAS.

OFFICE OF SANITARY ENGINEER,

Fort St. George, 14 August 1895.

Local & Municipal Dept.
CURRENT No. 2576

From

J. A. JONES, Esq., MEM. INST. C.E., F.R.S.E.,

SANITARY ENGINEER TO GOVERNMENT,

To

The Chief Secretary to Government,
Local and Municipal Department

SIR,

In reply to reference No. 1114 of 12th August
1895, herewith returned, I have the honor to
inform you that, not only from Madras but from all
towns, many applications for extra fountains, be
expected after the value and convenience of a
water supply is appreciated. There is no doubt
but that 40 extra fountains would be of great
convenience to the people. I have, however, no
funds wherewith to erect them; in fact it is
doubtful if the estimate for the present works
will not be slightly exceeded when accounts
are closed; the Council would have to find
some Rs 11,500 for the extra fountains. The extension
to the Toll gate would cost Rs 7,070.

2. It was only the other day however that the Chairman complained of a scarcity of water and though the new fountains would supply the same population, there would be (through greater convenience being afforded, and extra waste) a greater demand. The extension to the toll gate would also cause an increased demand.

3. Until the effect of the Serigar Works is seen or other arrangements made, I think that the construction of the extension and the fountains might be deferred, an estimate if Government so orders can meantime be prepared and sanctioned and the works constructed at more opportune time. The Council in this case should be requested to intimate the exact sites of the fountains desired.

I have the honor to be

Sir

Your most obedient servant

Sanitary Engineer to Govt
