Acting Sub Collector and President, Erode
Taluk Board.

To,

The President,
District Board, Coimbatore.

Sir,

With reference to your endorsement in
Reference on No. 1271 dated, 30th ultimus, I have
the honour to inform you that I have visited
the station and travelled from the Chennimalai
to the Perundurai road. The station is at
present almost inaccessible for Cart-traffic.
I saw the wheels: marks of one bullock but the
ittries are so bad that no heavy goods can
be brought to or from the station. Therefore
if the station is necessary, the road is; the
station is of little use without the road. I
happened to arrive there about train time: about
a dozen people were at the station. The station
itself is at present a mere shed by the line. The
country all round is well fenced and cultivated;
a lot of Cotton and the usual grains are
raised. No doubt some of this may be carried
by rail if a road is opened; but there are roads
already on both sides of the line - to Chennimalai

and Perundurai and Erode - both can lead
to Perundurai or Erode stations. Those
stations are only five miles off. Very few villages
are actually nearer to Thottipalayam than
to either Erode or Perundurai. I am therefore
of opinion that a station at Thottipalayam
is a luxury rather than a necessity, and that
the Board cannot afford luxuries. We already
spent 45,000 rupees on road maintenance
and I am strongly opposed to increasing
our mileage by a single yard, except to
open up profitable markets. I have
therefore the honour to report that I consider
the new road unnecessary until the Railway
Company have justified to our satisfaction
the existence of the station. The same remarks
apply to Koolipalayam to which we
are also asked to make a road. I have
visited that station while Head Assistant
Collector. It is situated near a large tank.
Any road we may make will, as far as
I can see, be submerged during half the
year and I don't think we can ever
make one. It seems almost a pity
that

that the Railway Company should open these
trial stations without first consulting the
district or the Saluk Board about the
possibility of feeder roads.

The documents that accompanied
your reference are returned herewith.

I have &c.
