Subject.

Submitting lists of Incomplete and untouched works of the District Board for 1894-95.

N

Order 17/8/95 on 21662

Recorded with the following remarks:—

(1) The cost of constructing a ferry shed for passengers at Ramayalanka and of renewing the ferry shed at Bodasacurru should be debited to Communications and not to Civil Buildings; and the extension of the landing place on both sides of Cocanada Jagannayakapur ferry should be shown under New Works and not under Repairs.

(2) In the District Board's resolution it is stated that the work of constructing a culvert of 10' span on road from Samalkot to Kattipudi at mile 11-fur. 4.5 should have been omitted from the list of untouched works, as separate provision has been made for it in the current year. As no provision appears to have been made for the work in the current year's budget, it should be retained in the list and the source from which the necessary funds were allotted for ~~this work~~ it should be reported.

(3) The lists submitted to Government should have been revised with reference to the remarks of the District Board in its resolution.
