To

The Chief Secretary to the Government of Madras.
(through the Collector of Tinnevelly).

Sir,

In forwarding herewith copy of the Council's resolution No: 8 dated 5th June 1895, sanctioning the establishment of a water pandal, I have the honor to state that it is the intention of the Council to supply a long-felt want. In this town where there are not not many drinking water wells – (the majority of the wells containing brackish

brackish water), temporary sojourners are put to extreme difficulty for want of water to drink when thirsty. The place where it is proposed to open it, — Premises of the Taluq Cutchery — is one where a very large number of people assemble every day. The Taluq Cutchery, the Munsif's Court, the Sub Magistrate's Court are all located in the different compartments of one and the same building which is situated in one of the main and busy parts of the town. The office of the Deputy Collector is also near to it as well as the bazaar street. The parties resorting to the several offices and Courts, the luyers, Vakils, officials and others will all be benefitted by the institution. In short the Council regards it as one of the most bene-

volent

-volent and useful institutions. I request therefore that their proposal to open the water pandal and to employ a waterman on 6 Rupees per mensem the purpose may be Sanctioned.

I have the honor to be,

Sir,

Your most Obedient Servant
