Statement showing the number of Births from January 1894 to April 1895.

Names of months		Total No of Births	Remarks.
January	1894	148	On a stricter scrutiny of the monthly and annual return books I find that an error has been committed in the statement regarding Births for the official year 1894-95. For the month of May 1894, the number of births is only 135 and not 138 which I find is the figure entered in the office Register while the correct figure has been given in the monthly statement sent to your office. I regret the error that has been committed. I have written to the several officers concerned about this error with a request that the necessary corrections may be made therein.
