Examined by

Comm^d. recorded in G.O. dated
20th May 1895. No. 866. M. show
moreover
that the town is urgently in need
of better drainage & an improved
water supply, and the Municipality will
probably ~~therefore~~ be called upon
in the near future to raise money
for one or both of these objects.
The Council ~~therefore~~ exercise caution in
it should ~~exercise~~ proposing to borrow funds for
less necessary purposes.

7. The Council appears to be
alive to the necessity of improving
the water-supply of the town & to
be endeavouring to defray a part of
the cost of the scheme which has
been proposed by the San. Engr. by
~~public subscriptions~~ This scheme
will however in any
case be a costly one & the Govt.
is of opinion that before deciding
to undertake it the Council wd.
do well to conduct experiments in
order to see whether an artesian
supply cannot be obtained at
Cocanada. The experiments
at Samalpet appear to give great
promise of success. The Council
shd. consider the advisability of
making an allotment for this purpose &
report the ~~same~~ its decision to Govt.

Supd. 21/9/95

To The Ch. Mr. C. Cocanada
Mrs. The Town of Godavari

of metalled roads in the town, &
the amount which it is proposed
to spend upon them ^{therefore} appears to the
Govt. to be excessive. The most
recent reports upon their condition
do not show ^{moreover} that such a large
outlay is in any way necessary.

5. In the ~~concluding~~ paragraph
5 of G.O. dated 10th Oct. 1894.
No. 1429 M, the Govt. expressed the
opinion that a more efficient adminis-
tration of the Municipality would
result in the development of its
revenue, & an increase in its
income. The Council should
~~for the present devote the greatest~~
~~care to itself~~ direct its energies
towards the enlargement of its
resources, & it will then in all
probability find that it has
sufficient funds to enable it to
undertake the repair of those
of the roads which most require
improvement.

6. The Council has recently
borrowed a large sum from
the District Board for the re-
construction of the Guler Bridge. &
The inspection notes of the San.

Rs. 10,000

utilized in building a new
Municipal office, a Branch Dis-
pensary & quarters for the Hosp.
Asst. In ^{support} of this ^{proposal} suggestion
it is urged that the rent now
paid for the buildings used for these
purposes is high, & that it ^{will} be
more economical for the Council
to erect premises of its own. It
~~could~~ however be twenty years before
the Council will have paid as
much in rent as it now proposes
to allot for ^{putting up} new buildings, and
though at the end of that time
the premises, if built now, would
be the Council's own property, it
would still require to expend a
considerable sum annually in
repairing them. The Govt. is
accordingly of opinion that the
savings that would be effected ^{by carrying out the proposal} is
insufficient to warrant the Council
in burdening its finances with this
loan.

4. The Council proposes to
allot the remaining Rs. 30,000.
for putting the roads in the
Municipality into thorough order.
There appear to be ^{only} seventeen miles

L.M. Department.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

READ the following paper:—

C. No- 2635. M.

Order 19-9-95 No 1516
The grant of a loan from Provincial Funds for the purposes referred to in the Council's resolution is ^{open to objection} ~~not permissible~~ under the rules laid down in the papers ^{recorded} ~~read~~ in G.O. dated 8th Feb. '89 No- 322. L.

2. It would nevertheless be open to the Council to ~~apply for sanction~~ to raise the loan in the open market, should the Govt. approve the proposal, but ~~then~~ ^{the} G-in C. considers, for reasons which will now be stated, that this approval should be withheld.

3. Of the Rs. 40,000. which the Council ^{desires} ~~proposes~~ to borrow, ^{it is proposed} ~~Rs. 40,000.~~ ~~and~~ ^{said to be}

8. G.O. ^{500. M.} ~~20.5.95~~ passed no orders on the San. Commis' advice at page 4 — "I would strongly advise that experiments (to find an artesian water supply) be made at an early date."

The Samalkot experiments apparently show that success at Cocanada is likely. Mr. Jones' scheme is so expensive, even supposing a quarter of it be paid for by public subscription, that it seems wise to first look everywhere possible for a cheaper substitute. May not the Council be asked to undertake experiments? Mr. Jones could perhaps find some one to seek them. They would not, it is believed, require very skilled supervision. The funds necessary could perhaps be found from the public subscriptions or Govt. could grant half & lend half as was done at Dindigul. The Council is in earnest at present about water, but its enthusiasm may hereafter wane.

L.M. DEPARTMENT.

C. No. 2635M.

FOR ORDERS.

The office points out that the grant of a loan from Provincial for the purposes proposed is objectionable under para 4. of India's Resoln. Comm. with go. 322. d. 8.2.89 read with para 10. of S. of S's Despatch printed at page 3. of that order.

2. The Council could, nevertheless, be allowed to raise the money in the open market, if Govt. aff., but it is submitted that it should not be allowed to do this.

3. Of the Rs. 40,000, Rs. 10,000 is wanted for building a Munt. office, a branch dispensary, & Hosp. Asst's quarters. Hired buildings are at present used for these, & Rs 624 is annually paid for rent. The total cost of the new buildings is estimated at Rs. 12,000, so it will be 20 years before the Council has

No. 534

Enclosures

Three.

SUBJECT

Requesting sanction
and grant the loan of
Rs 40,000 for the repairs
of roads and for the
construction of the
Municipal office and
branch dispensary.

to lend money to the Municipality
than to utilize it on trade.

4. Application for the loan in
the usual form, and a statement
showing the revenue ^{& expenditure} from markets
for the last three years are herewith
submitted together with a copy of the
Council's resolution.

I have the honour to be,
Sir

Your most obedient
servant
C. S. Vallabapeta
Chairman

22/11/25

The rental of Rs 624 now paid for
the office, branch dispensary, and
Hospital Assistants quarters will
be saved. We are realizing a revenue
of Rs 3180 a year from our markets.
And we expect to realize more from
next year, as we are going to repair
the market buildings and adding
to them in the current year. Our
revenue from markets will be set
apart for liquidation of this debt.
If the loan be sanctioned and
granted by Government at an
early date, I propose to commence
the work on the roads in this rainy
season, and the office building
in November next, so that the
whole work may be in fair progress
before the close of this official
year. Without the help of Govern-
ment in granting the required loan
I am afraid it will be very long
before the proposed improvements
can be effected. On account of the
busy trade in this town, the local
moulded men do not seem to find
it a more profitable investment

C. S.

On the left
page 10
the Pagada road, to raise the level
of the ruined Chakala tank (about
7000 square yards) and to erect
buildings for the office, branch
dispensary, and the Hospital Assis-
tants' quarters. The site to the west
of the tank may cost about Rs. 2500,
and it may cost about Rs. 1500 to
raise the Chakala tank to a proper
level. The building may cost in all
about Rs. 8000. The total cost of
the site and buildings will thus be
about Rs. 12,000. Out of which, it
is expected that Rs. 2000 can be
allotted from the ordinary revenue
before the completion of the buildings.
The other Rs. 10,000 will have to be
borrowed now.

3. The total amount which
the Council thus proposes to borrow
at present is Rs. 40,000. I have the
honour to request that the Govern-
ment will be pleased to sanction
the loan, and to lend the money at
Rs. 4 1/4 per cent. The interest will
come up to Rs. 1700 in the first year.
By an annual payment of Rs. 3600
a year, the whole amount with
interest can be liquidated in 16
years.

of the roadway in the town is 23 miles
1500 yards, of which a length of 17 miles
1200 yards have been travelled or metalled.
at one time or other. Most of the
existing roads require remetalling,
and a few, only, regravelling. The
Council, at its meeting held on the
13th Instant, resolved to borrow
Rs. 30,000, for expenditure on im-
provement of roads. If the roads
are once kept in thorough order, the
Council hopes to maintain them
in good repair with the usual annual
allotment for about 15 years.

2. Though this Municipality is
over 30 years old, there is no building
of ours for our office. We are paying
a monthly rental of Rs. 40 for it
now, a monthly rental of Rs. 7 has
been paid for the branch dispensary
for several years, and compensation
of house rent at Rs. 5 per mensem is being
paid to the Hospital Assistant in charge
from the commencement of this official
year. The Council proposes to acquire
a site of about 3,000 square yards
to the west of Chakala tank adjoining

W

No. 534

MUNICIPAL OFFICE,

Cocanada 15 July 1895.

CURRENT No.

From Mr. K. K. Sreghachalapati Jann B. B.

The Chairman,

Municipal Council,

Cocanada.

To

The Chief Secretary to Government

Local and Municipal Department

Madras

Through the Divisional Officer

And Collector

Sudavari District

Cocanada.

In his endorsement on the Administration report of this Municipality for 1893-94, the Revenue Officer in charge of the Cocanada Division remarked that there was a marked deterioration of the roads, and that they might get worse, unless special estimates were sanctioned for their repair and renewal wherever necessary. In 1894-95, very little was done for them. It was the painful duty of the Council to admit, in its last Administration report, the unsatisfactory condition of our roads, and the impracticability of substantially improving them with our ordinary

Extract from the Proceedings of the Councillors of the Cocanada

Municipality, passed at their Meeting held

on

Saturday

the

13th July 1895.
