LOCAL AND MUNICIPAL DEPARTMENT.

Read—again the following paper :—

G.O., dated 26th October 1894, Mis. No. 1549 M., Local and Municipal.

Read—the following letter from Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Madras, 12th September 1894, No. 502 :—

With reference to G.O., Mis. No. 950 M., Local and Municipal Department, dated the 24th July 1894, I have the honour to observe that in my opinion it is very desirable in the interests of uniformity and efficiency that rules should be laid down defining the position of District Medical and Sanitary Officers and Civil Surgeons in relation to Lady Dufferin scholarship-holders who, on passing out, may be employed under local boards and municipalities.

2. The rules laid down in G.O., No. 1656 M., dated 6th October 1891, in respect of other medical subordinates employed under municipalities, may, I think, with propriety be made applicable to the class of subordinates under reference, with any modifications that may appear necessary.

3. I have further to enquire if these subordinates have any connection with the Dufferin Fund Committee even after being employed under local bodies, as in the present instance I notice that Miss Greene has made an appeal to that Committee against the decision of her employers and this appeal has been recognized and acted upon by the Committee. The proper course for her to follow would have been to address the District Medical Officer and through him this office for the orders of Government.

Order—dated 26th October 1894, Mis. No. 1549 M., Local and Municipal.

The Surgeon-General's letter, with a copy of the rules to which it refers, will be forwarded to the Committee of the Madras Branch of the Countess of Dufferin's Fund with the request that the Government may be informed whether the committee has any objection to the course proposed by him being followed.

Read—also the following papers :—

From Major the Honourable R. T. LAWLEY, Honorary Secretary, Countess of Dufferin Fund, to the Chief Secretary to Government, dated Ootacamund, 18th April 1895, No. 22.

With reference to G.O., Mis. No. 1549 M., dated 26th October 1894, Local and Municipal Department, I have the honour to inform you that the Executive Committee of the Countess of Dufferin's Fund is of opinion that the Surgeon-General's object would be met, and the interest of the female medical subordinates would be sufficiently guarded, by the addition of the following new rule to those contained in G.O., No. 1656 M., dated 6th October 1891 :—

> "In the case of female medical subordinates, questions of appointment and discipline and of the general system on which they are to be employed should be submitted, through the Surgeon-General, for the remarks of the Committee of the Dufferin Fund, before final advice under Rules 4 and 5 is tendered to the Municipal Council or Chairman as the case may be."

With reference to paragraph 3 of the Surgeon-General's letter it would not be advisable to do away with the present intangible connection existing between the fund and female medical subordinates, and which is practically expressed by the recognition of their work in the annual report of the Dufferin Fund and in the fact that their returns and confidential reports by the medical officer under whom they are serving are submitted to the Dufferin Fund through the Surgeon-General.

The Executive Committee further agrees that communications from female medical subordinates should come through the regular official channel of the District Medical and Sanitary Officer and the Surgeon-General, to the Dufferin Fund Committee.

With reference to the letter, No. 22, of the 18th April 1895, from the Honorary Secretary, Countess of Dufferin Fund, forwarded with your endorsement, No. 635, of the 6th May 1895, herewith returned, I have the honour to state that I concur in the opinion of the Executive Committee and consider these rules should be added to those published in G.O., No. 1656 M., dated 6th October 1891.

Order—dated 1st July 1895, No. 1049 M., Local and Municipal.

The Government agrees with the Surgeon-General in considering that it is desirable to define the position of District Medical and Sanitary Officers in relation to female medical subordinates who have been trained under the Countess of Dufferin's Fund and are subsequently employed by municipal councils or local boards. The draft rule proposed by the Honorary Secretary to the Fund and amended by Government, will be circulated for criticism, and, if finally approved, will be added to the rules issued in G.O., dated 6th October 1891, No. 1656 M. The following notification will accordingly be published in the Fort St. George and District Gazettes :—

NOTIFICATION.

It is proposed to add the following rule, framed under sections 125 and 250 (1) (*m*) of Act IV of 1884, to the rules issued in G.O., dated 6th October 1891, No. 1656 M., defining the position of Civil Surgeons in relation to municipal hospitals and dispensaries. Any objection or suggestions which may be made in respect of this additional rule by any person or persons interested therein will be considered on or after the 1st September next :—

"5-A In the case of female medical subordinates trained under the Countess of Dufferin's Fund, questions of appointment and discipline and of the general system on which they are to be employed will be submitted, through the Surgeon-General, for the remarks of the Committee of the Dufferin Fund, before final advice under Rules 4 and 5 is tendered to the Municipal Council or Chairman as the case may be."

2. The Superintendent, Government Press, will print the required number of copies of this notification and forward them to the Collectors concerned for publication.
