GOVERNMENT OF INDIA.
MILITARY DEPARTMENT.

Simla the 4th June 1895.

To

The Secretary, Defence Committee.

Sir,

I am directed to acknowledge the receipt of your letter No 67 d/ 26th March 1895 submitting, for the orders of the Government of India, correspondence relative to the proposal to erect a "student's" hostel in the vicinity of Fort Saint George, Madras, to perpetuate the memory of a distinguished citizen, the late Ranganadha Mudaliyar.

2. It is required that a plot of land for the hostel should be secured in perpetuity and vested in trustees. In order to aid the scheme, the Government of Madras propose to make a grant of a plot of military land situated to the north-west of the fort and south of the China Bazaar road, a portion of which falls within the clear zone round the fort defined in Military Department letter No 1751-M-W.d/ 21st June with a view to the building being erected immediately outside the boundary of the clear zone and the remainder of the plot being enclosed as its compound.

3. In reply I am to state that, having carefully considered, the matter His Excellency the Governor General in Council regrets that it is inexpedient to accept the proposals put forward and is unable to sanction them.

I am &c,

quarters of the Hospital Assistants and Stewards of the General Hospital and possibly for some other minor buildings vide G.O. d/ 26th June 1895 No 529 Public and it will be necessary to ascertain whether the remaining space is sufficiently large for the Students Hostel. Sir Savalai Ramasawmi Mudaliyar should be given due notice of any meeting at which the matter is discussed by the Hostel Committee with the Consulting Architect.

The Government of India having refused the grant of the piece of land on the Fort Esplanade upon which it was proposed to construct Sir Savalai Ramasawmi Mudaliyar's Hostel, it is necessary to select another site. The Hostel Committee will accordingly be requested to report after communication with the Consulting Architect whether the proposed buildings could be located upon the plot of ground which lies to the north of the General Hospital road between Adam's Park and Mini Street. A portion of this is required as a site for the quarters

I knew nothing of the desire of the Municipality to obtain this site for a market at the time its grant for a hostel was proposed -

I should say (d. Moore's letter might lie over as proposed

MS
8/3/95

The site proposed to be given for the Hostel, (India has apparently not definitely sanctioned the grant yet) is the same as that on which Col. Moore wanted to build the market. (vide tracing in original of G.O. 21.10.92. N. 6677. Mil. & para 3. of Military Secretary's office note in original of G.O. 26.6.94. N. 471. Edue.)

The point was apparently noticed at the time that it was decided to put the Hostel there, but the Hon. Mr. Grose thought a hostel less objectionable from a military point of view than a market.

It seems difficult to know what answer should be given to Col. Moore.

May the letter lie over pending receipt of India's orders on the question of granting the site? It is not impossible that they may decline to grant it, & then Col. Moore would be partially satisfied.

SUBJECT.

Pointing out to Government that in sanctioning the construction of Students' Hostel the site once refused to the Commissioners in G.O. 6677 dated 21st October 1892 Military Department for constructing a Municipal Market, the objections that were then raised must still exist and so, it seems somewhat hard that the welfare of the general public - should be subordinated to the interests of a small section

To

The Chief Secretary to Government,

SIR,

It having come to my knowledge that Government have sanctioned the construction of a Students' Hostel on the site referred to the Commissioners, in G.O. No. 6677 dated 21 October 1892 Military Department, I have the honor to respectfully submit that the objections that were urged there much still exist.

2. The Hostel from its very nature must affect the object sought to be attained by the maintenance of the zone much more than a market would.

3. Had this site been granted, I think it is more than probable that the market would have by this time been a fait accompli and I cannot refrain from respectfully expressing my opinion that it seems somewhat hard that the welfare of the General Public should be subordinated to the interests of a small section.

I have the honor to be,
Sir,

Yours faithfully,
