Local & Municipal De
CURRENT No. 1186 M

TO

HIS EXCELLENCY
THE RIGHT HONORABLE BEILBY BARON
WENLOCK G. C. I. E.
GOVERNOR AND PRESIDENT-IN-COUNCIL,
FORT ST. GEORGE, MADRAS.

The humble petition of Zaker Haji Azeezoollah
Sahib, resident of House No. 82, Peria Lubbay
Street, Vellore, in the District of North Arcot.

MOST RESPECTFULLY SHEWETH,

That Your Lordship's humble Petitioner most respectfully begs permission to bring the following to Your Lordship's serious consideration and orders.

2. That there is at present in existence, in the Long Bazaar Street, Vellore, a public building entitled the "Mahomedan Water Pandal;" where water is distributed to the Mahomedan, way farers and others.

3. That the site occupied by the above mentioned building originally belonged to the Cantonment of Vellore, and forms a piece of the extensive plot of ground made over by Government to the Municipality of Vellore, for the purpose of constructing Market Latrine &c. This site was at that time covered, as a temporary measure, by a thatched-shed and was used as a "Water Pandal." The Mahomedan community of the town in view of rendering this charity a permanent one, applied to the authorities to make over the site to them; and succeeded in obtaining the desired plot, measuring 41×25 feet, free of any charge. A terraced building, in the place of one of thatched roof, was constructed and continued to be exclusively used for charitable purposes.

4. Petitioner begs to state that in the year 1885, one Khader Hussain Sahib alias Sabjoo Sahib represented, by a petition to the Municipal Council, (Enclosure No. 1) that the back-part of the building (water pandal) does not give sufficient accommodation to the people resorting to, and halting at the place, owing to the narrowness of the terraced Verandah put up at its western side, and requested that they (Municipal Council) will be pleased to make over, without payment, the waste land adjoining the building on its western side, to enable him to provide increased accommodation by extending the building in that direction. The Municipal Council, at the meeting of the 27th February 1885, (Enclosure No. 2) resolved to allow a space of 8 feet adjacent to the present building on its western side. The conditions under which this grant was made were, (i) that the site be used solely for the charitable purpose of the "Water Pandal," and (ii) that the site be vacated whenever demanded by the Council, by removing the superstructure.

5. That the Verandah thus constructed on the site allowed as stated, above was provided with side walls on both ends and with door-planks in the front, thus giving to it

(Verandah) the appearance of a covered building, and consequently quite ill-suited for the purpose for which it was originally acquired. To these, the Municipal Council took grave objections and modified the original conditions more emphatically. (Enclosure No. 3.) The modified conditions were (i) that the door-planks and side walls should be removed, (ii) that the Verandah newly constructed should always be kept open, (iii) that he (Sabjoo Sahib) will not use it Verandah) for shops or let it for rent, (vi) that he should execute a document binding himself to these conditions, and (v) That the infringement of any one of the conditions will render him liable to vacate the site by removing *his* superstructure.

6. Your Lordship's Petitioner begs to represent that none of these conditions was ever complied with, nor was ever insisted upon by the Municipal Council. The Verandah in its enclosed form continued to exist with its side-walls and front planks and was ultimately used as bazaars on monthly rent, which, amounting to Rupees 150 a year, was appropriated by Sabjoo Sahib. This objectionable procedure has not only encroached upon the convenience of the people resorting to the building ("Water pandal") but is in direct opposition to the stipulations of the donor (Municipal Council). On the other hand the Municipal Council, which could not be said to have been unconscious of the most signal infringement of the conditions originally enacted by them, appear to have never taken notice of this marked transgression.

7. However the attention of the Council was respectfully invited to the above objectionable and lawless state of affairs by a Mahzar presented by Your Lordship's Petitioner. Thereupon the Municipal Council, on being satisfied after sufficient investigation, that Sabjoo Sahib has virtually violated the conditions of the grant, resolved at its meeting of the 23rd April 1892 to serve him with a notice allowing him one month's time to fulfil, in its every detail, the conditions laid down in the resolution dated 29th July 1886. (Enclosure No. 4).

8. Sabjoo Sahib without complying with the requisition made, informed the Municipal Council, by means of a petition, that he is prepared to pay up for the site occupied by the Verandah. This subject coming before the Council on the 6th June 1892, it was resolved to sell the site under reference as requested by Sabjoo Sahib. Mr. Macleod, the Sub-Collector of the Division, and some of the Councillors present at the meeting, took strong objections for this measure, and pointed out to the Council that, by accepting the value for the site occupied by the Verandah, which was only a subsequent grant, the Council would place the entire site occupied by the building in undisputed possession of Sabjoo Sahib. Petitioner is not aware whether these matters, important as they are, have been brought to the notice and sanction of the Government.

9. Your Lordship's Petitioner further ventures to state that Sabjoo Sahib by the influence he had with many Councillors on the Board, and more specially after he was himself elected a Councillor, had by manifold ways exerted to his utmost to see his attempts crowned with success. Nor has he been disappointed in his endeavors. The Council on their part has left in utter darkness their *own* conditions, the most and important of which is the one which has placed them in a position to resume charge of the site when the conditions, of the grant are violated. Sabjoo Sahib has entirely failed to keep up to the conditions even in a single item. The course open to the Council, when they see that all their stipulations are treated with dogged disregard and silent contempt, was to order the immediate dismantling of the superstructure and resume possession of the land. But instead of proceeding in the manner indicated above, the Council has thought fit to follow the tide of his (Sabjoo Sahib) own inclinations, and comply, without murmur, with all his prayers. The value of the entire land thus made over will not be less than a thousand rupees. It cannot be understood why such a valuable property should be alienated to Sabjoo Sahib, who under guise of charitable intentions has appropriated, unmolested, the rents derived during the last seven years, and has now been enabled by the unlawful and inconsiderate procedure on the part of the Municipal Council to become the sole owner of the site under reference.

10. It may not be out of place to mention here that the original grant of the land was never made over to the individual owner-ship of Sabjoo Sahib, nor his claims to the endowment are in any way exclusive. While the construction of the building was about to be taken on hand his (Sabjoo Sahib) uncle volunteered to shew his munificence by executing the work himself; and the working of the water pendal continued to be under his supervision. This would not place him in the position of an exclusive owner-ship more than a trustee to look after the proper working of the endowment founded by the Mahomedan Community of Vellore. Sabjoo Sahib has, by the circumstances detailed above, shewn himself to have been actuated by purely self-interested motives of making himself the sole owner of the site and the building standing thereon; which as stated above are the property of the Mahomedan Community.

Your Lordship's Petitioner therefore respectfully solicits that under circumstances set forth above, Your Lordship will be pleased to direct the Municipal Council of Vellore to adopt immediate measure for seeing the original conditions of the grant rigidly enforced, and to prohibit Sabjoo Sahib from giving effect to his improper motives.

For this act of charity, Yor Lordship's Petitioner, as in duty bound, shall ever pray.

I beg to remain

Your Lordship's most obedient servant,

VELLORE,
29 *May 1894.*

The Chairman Delegate
Municipal Council
Vellore

Sir,

With reference to your notice No. 157 dated 29th June 1894, I beg to report as follows.

2. The notice has called upon me to shew cause with 15 days, why the municipality should not resume the Land granted for the purpose of a Water Pandal. On enquiry I find that the notice is the result of a petition, presented by one Zakeer Hajee Azeezoollah sahib, a resident of house No. 82 in Peria Lubbai Street Vellore.

3. Before proceeding to refute the statements made in his petition to His Excellency Lord Wenlock, Governor and President in Council, Fort Saint George, I would respectfully invite the attention of the Council to the fact, that the said Zakeer Hajee Azeezoollah sahib is known by one and all the respectable merchants in the Town, to be an inveterate enemy of mine.

4. The old members of the Council will no doubt remember, and the records in the office will shew, that Zakeer Hajee Azeezoollah saib had very often tried his best to have a municipal Lantern placed on the Iron Cage on the top of his gate. His petitions

were referred to me, and I reported that instead of a Lamp being placed in a position, to serve one particular resident of a street, it might with advantage be placed in the centre of the street, so as to be of use to the whole of the residents of the street in which Zaker Hajee Azeezoollah saib lives. The Sub Committee appointed to report on the matter supported by recommendation which was eventually confirmed by the Council.

5. Foiled in his constant endeavours to succeed in his desire, Azeezoollah sahib has sworn to revenge himself by having the Water Pandal removed. His several petitions to the Council having proved futile, as the Councillors were personally aware of the true facts of the case, he has as a last resort, petitioned Government. He begins his petition and ends the same with gross misrepresentations of facts in order to mislead the Government.

6. It is not true as alleged by him that the Mahomedan Community of the Town in view of rendering this charity a permanent one applied to the authorities to make over the site to them.

7. Before the municipality was established in this Town, I myself applied to the Cantonment authorities for a plot of ground, and built a temporary shed for a Water Pandal.

8. Subsequently I obtained the site from the Municipality and built a permanent Water Pandal, executing a document in 1868, promising to bind myself to certain conditions therein specified. Subsequently on 27th January 1885, the Municipal Board was pleased to grant me

a space of 8 feet to the west for the purpose of extending the Pandal. With reference to this plot there was much correspondence between myself and the Council. A Sub Committee was appointed who reported that I might be allowed to retain the extension provided I kept no shop or derived profit in any way from it. This report on being placed before the Council on the 29th July 1886, the majority resolved that the extension be allowed to remain provided the Door Planks and side Walls be removed and the Verandah kept always open.

9. Nothing occurred until 1891, when the petitioner Zakeer Hajee Azeezoollah sahib petitioned the Collector stating, that I did not carry out the terms of the resolution of the 29th July 1886. To the resolution of the Council of the 27th November 1891, I presented a petition No. 1081. This petition was read at a meeting dated 23rd April 1892, when it was resolved to grant me a month's time, to fulfil the conditions laid down in the resolution of the Council dated 29th July 1886, I thereupon presented a petition to the Council, offering to buy the Land occupied by a Verandah attached to the Mahomedan Water Pandal. The majority of the Council resolved at their meeting since 6th June 1892, to sell me the Land and resolved that Government sanction may be obtained. Since that time I have been to the Municipal Office to pay the money and at several meetings, and on other occasions I have asked the Chairman to make the necessary application to Government, but he never carried out the resolution of the Council.

10. The above are the true facts of the case.

I have all along from the very commencement carried out the conditions of the Bond executed by me- The Building used permanently as Water Pandal has never been used for any other than charitable purposes- No shops are kept there nor profits realized in any way- On the other hand it has cost me about 3000 rupees to build the Pandal for charitable purposes- and Rupees 16 „ „ per mensem for its maintenance- With reference to the additional Verandah to the west, I admit that it is only after the purchase was made by me in 1892, it was converted into shops and rented out- for these I pay house Tax to the municipality every year and hold receipts for the same-

11- In conclusion, I would invite the attention of the Council to the unwarrantable allegations of the petitioner, that the Council never took any notice of the several complaints made as to a breach of the conditions entered into by me with them, and that they aided me in the breach- These I characterize as gross libel on a valuable body of public citizens ever ready to do their duty- Under the circumstances set forth above I respectfully request, that no notice be taken of the petition of Azeezoollah Saib which is false from beginning to end, as the elected members of the Council are fully aware of, inasmuch as they are personally cognisant of all that is going on in the Town, and would have been the first to notice and take action if I was guilty of any breach of the conditions entered into- The report is that of an enemy of mine and should therefore be

received with the greatest caution, more especially as it is not corroborated by disinterested and respectable evidence- I therefore request, that the Council will be pleased to place no reliance on his report, and to cancel its notice No. 157 dated 29th June 1894- For which act of kindness I shall feel extremely obliged- I am ready at any time to pay money for the Verandah-

I beg to remain,
Sir,
Your Most Obedient Servant

On enquiry I find that the notice is the result of a petition presented by one Zagheer Azeezullah Saib a resident of house No 82 in Periya Lubbay street Vellore.

3. Before proceeding to refute the statements made in his petition to His Excellency Lord Wenlock Governor and President in Council Fort Saint George I would respectfully invite the attention of the Council to the fact that the said Zagheer Azeezullah Saib is known by one and all the respectable merchants in the Town to be an inveterate enemy of mine.

4. The old members of the Council will no doubt remember and the records in the office will shew that Azeezullah Saib had very often tried his best to have a Municipal Lantern placed on the Iron Cage on the top of his gate. His petitions were referred to me and I reported that instead of a Lamp being placed in a position to serve one particular resident of a street it might with advantage be placed in the centre of the street, so as to be of use to the whole of the residents of the street in which Azeezullah Saib lives. The Sub Committee was appointed to report on the matter supported my recommendation which was eventually confirmed by the Council. Foiled in his constant endeavours to succeed in his desire. Azeezullah Saib has sworn to revenge himself by having the Water Pandal removed. His several petitions to the Council ~~were personally~~ having proved futile, as the Councillors were personally aware of the true facts of the case he has as a last resort petitioned Government. He begins his petition and ends the same [illegible] gross misrepresent[illegible] so as to mislead the Gov[illegible]

re

ui that the Mahomedan Community of the own in view of rendering this charity a per anent one applied to the authorities to make the site to them—

Before the Municipality was established this Town I myself applied to the Cantonment authorities for a plot of ground and built a temporary shed for a Water Pundal— Subsequently I obtained the site from the Municipality and built a permanent Water Pundal executing a document in 1868, promising to bind myself to certain conditions therein specified— Subsequently on 27th January 1885, the Municipal Board was pleased to grant me a space of 8 feet to the west for the purpose of extending the Pundal— With reference to this plot there was much correspondence between myself and the Council— A sub committee was appointed who reported that I might be allowed to retain the extension provided I kept no shop or derived profit in any way from it— This report on being placed before the Council on the 29th July 1886, the majority resolved that the extension be allowed to remain provided the Door— Planks and side Walls be removed and the Verandah kept always open.

6. Nothing occurred until 1891, when the petitioner Azeezullah Saib petitioned the Collector stating that I did not carry out the terms of the resolution of the 29th July 1886— To the resolution of the Council of the 27th November 1891, I presented a petition No 1081— This petition was read at a meeting dated 23rd April 1892, when it was resolved to grant me a month's time to fulfil the conditions laid down in the resolution of the Council dated 29th July 1886.— I thereupon presented a petition to the Council offering to buy the land occupied by a Verandah attached to the Mahomedan Water Pundal— The majority of the Council resolved at their meeting dated 6th June 1892, to sell me the

To.

His Excellency the Right Honorable
Baron Beilby Wenlock G. C. I. E.
Governor and President in Council
Fort Saint George
Madras

May it please your Excellency –

The humble petition of Sabju Sahib resident of house No 63 Peria Subbai Street, Vellore, in the North Arcot District –

Most Respectfully Sheweth,

That on the 29th May 1894, a person named Zagheer Azeezullah Saib a resident of Vellore presented a petition to your Excellency's Council with reference to the Mahomedan Water Pundal –

2 – That in the said petition, the said Zagheer Azeezullah Saib grossly misrepresented facts, with the view of causing damage and annoyance to your petitioner, being actuated by a spirit of revenge for reasons given in his explanation to the municipal Council (Exhibit A) herein enclosed –

3 – That the petition of Zagheer Azeezullah Saib having been forwarded to the municipal Council, Vellore, for remarks, your petitioner was called on by a notice No 157 dated 29th June 1894, to shew cause within 15 days, why the Municipality should not resume the Land granted for the purpose of a Water Pundal –

4 – That your petitioner accordingly submitted his explanation vide (Exhibit A) with the result that the Council has resolved to let the Water Pundal alone thereby shewing that the facts reported by Azeezullah were false –

5 – That the Council has gone a step forward and has further resolved not to sell the piece of Land to the west of the Water Pundal on which your petitioner had built a Verandah and which your

petitioner subsequently converted into shops, and it has furthermore cancelled a resolution dated 6th June 1892, in which the Council resolved to sell the said piece of Land to your petitioner–

6– That with reference to this Verandah your petitioner would respectfully state the following facts to enable your Excellency's Council to decide whether the Municipal~~ity~~ Council is justified in its present action–

7– That on the 27th February 1885, vide (Exhibit B) the Municipal Board was pleased to grant your petitioner a space of 8 feet to the west of Water Pundal for the purpose of extending it, on your petitioner building on this Land several objections were brought forward vide (Exhibit C. to E.) through the investigation of Azeezullah Saib– The Council at first was inclined to believe the reports made, but on a Sub Committee being appointed vide (Exhibit F) to go into the whole question it was subsequently resolved on 29th July 1886 vide (Exhibit G) to let the Building stand– Azeezullah Saib in 1891, again became restless and once more urged his old objections to the Collector of the District, that the Verandah was being used for purposes which were a direct breach of the conditions on which the Land was granted– The Municipal~~ity~~ Council once more called on your petitioner to fulfil the conditions laid down in their resolution dated 29th July 1886– Again your petitioner petitioned the Council on the 27th November 1891– This petition was read at the meeting dated 23rd April 1892 vide (Exhibit H) when it was resolved to grant your petitioner one month's time to fulfil the conditions laid down in the resolution dated 29th July 1886– Thereupon your petitioner presented another petition to the Council offering to purchase the Land on which the Verandah was built to the west of the Water Pundal– This the Council by a Majority decided to do at a meeting held on the 6th June 1892 vide (Exhibit I) and they further resolved to obtain the Sanction of Government–

8– That on the Land being sold to your petitioner in June 1892, he enclosed the Verandah and converted the place into shops– Since then the Council has been collecting house Tax on these shops yearly for which he holds receipts–

9– That although your petitioner has since June 1892, often asked the then Chairman to write for Government Sanction, and to execute a conveyance deed he has failed to carry out the resolution of the Council for which act of negligence your petitioner surely cannot hold himself responsible–

10– Under these circumstances your petitioner begs to point out that the resolution of the Council dated 15" Instant resolving not to sell him the Verandah as per resolution dated 6th June 1892, and cancelling the said resolution after the space of more than 2 years, and after collecting house Tax for shops into which the Verandah was constructed is to say the least ultra Vires–

11– Your petitioner therefore respectfully prays that your Excellency's Council will be pleased to declare the said resolution Null and Avoid, and to confirm the Sale as per resolution dated 6th September 1892. For which act of charity your Excellency's petitioner will for ever pray–

Vellore

Endt No 999 d/ 12-10.94 on Appeal petition of Sabjie Saib herewith returned.

—

With reference to Collector's letter No 1299 dated 1st November 1894 on the subject of the Muhammadan Water Pandal, I have the honor to report on the case in full for your information.

2. In 1870 two Muhammadans by name Baradeen Saib son of Cawder Saib and Cawder Hoossain Saib (alias Sabjie Saib) son of Hajee Lubbay Yakoob Saib residing in Peria Lubbay street, Vellore, were granted by the Municipality a grant of land as a gift on certain conditions.

3. The land so granted measures 42 ft 10 in x 24 ft 8 in and was bounded as follows:—

On the North by the new Mundies
On the South by the new market
On

On the East by the Arcot Road
On the West by the Cantonment Road

4. The conditions on which the said land was granted were:-

(a) That they erect thereon as a charity a building to be used solely as a water pandal for the relief of thirsty travellers and for no other purpose whatever-

(b) That in the event of the said land being required at any time by the Municipality they will resign the same unto them.

(c) That in case of their failing to use it solely for the purpose - abovementioned or to hand over the said land to the Municipality at any time when it may require the same within thirty days from the date of the notice of such intention having been communicated, they authorize the said Municipality to enter upon and dismantle the said building and to recover the cost of such work from the sale of materials so dismantled-

5. These conditions were reduced to writing in a bond paper of 16 a. value, signed by the two persons - named in para 2 on the 18d August 1870 and witnessed by the then Vice President Captain J. H. C. Johnson and two other commissioners-

6. This building has been in possession of Cawder Hoossain Saib alias Sabju Saib for the past 24 years and more, and the conditions of the bond being carried out intact the Council has not thought fit to resume it.

7. In 1885 Sabju Saib applied for a piece of land for a water-shed adjacent to the original water-pandal- The Council at a meeting held on the 27d February 1885 resolved that a space of 8 feet breadth be allowed adjacent to present shed and on the west side - The conditions of grant being:-

(a) That no steps or pandal be added to this ground-

(b) That it be solely used for the charitable purpose of a water pandal

(c) That the ground should be vacated whenever it may be demanded and the superstructure removed-

Gl Regn No 2007 of 94

8. On the 26th November 1885 or within 9 months of the grant of the land the Council had before it a petition about this extension not being maintained in accordance with the conditions on which it was granted. This meeting was adjourned for the purpose of consulting the original grant deed.

9. On the 28th January 1886 the Council resolved on this petition that "the building now constructed on "the land granted should be solely "appropriated for charity and in "default the land will be recovered "the grantee will be informed of this "resolution".

10. On the 11th June 1886 the Council had before it a letter from M.R.Ry V. Eswarappa Mudelliar avergal on the same subject with a reply from Sabju saheb the grantee. It was then resolved that Sabju saib be directed to remove the door-planks on the west-side and to keep the water shed open to the public.

11. On the 15th July 1886 the same Councillor reported to the Council that Sabju saib had not given effect to the resolution of the Council dated 11th June 1886 and referred to in para 10 above. At this meeting it was resolved to refer the matter to a Sub Committee, for enquiry and report consisting of the Chairman, the Civil Surgeon, One European Officer (Lieutt Col J. B. Taylor) one Muhammadan gentleman (K. Abdul Rhyman saib Bahadur Khan saib) and one Hindu gentleman (M.R.Ry V. Eswarappa Mudr avergal)

12. On the 29th July 1886 the report of the Sub Committee was considered by a strong meeting composed of 16 Councillors when the following resolution was passed.

"The majority resolve that the "extension be allowed to remain "provided the proprietor of the water "shed removes the door-planks and "the side-walls and always keeps "open the verandah newly built and "he gives a document with these conditions "binding himself at the same time that "he shall not use it for shops or let it "for hire. The infringement of any of these "conditions making him liable to lose "the ground and to have the superstruct "removed".

13. The matter seems to have been reopened again in November 1891 for in its Proceedings dated 23d April 1892 a reference is made to a petition from Sabju Saib with reference to the Councils' resolution dated 27th November 1891- At this meeting in April 1892 the Council resolved that the "Petitioner "must be served with a notice granting "him a month's time to fulfil the "Conditions laid down in the resolution "of the Council dated 29th July 1886"-

14. At a meeting held on the 6th June 1892 the Council on Sabju Saib's application to sell him the land finally disposed of the matter by resolving to sell the piece of land used as a verandah (extension to the original water-pandal) to Sabju Saib- Government sanction being obtained-

15. The Municipality did not apply for Government sanction in 1892 or realise the sale money from Sabju Saib but both parties seemed to have regarded the sale as conclusive because the Municipality has been collecting house tax on the several shops into which the building erected

erected on the extension has been converted-

16. However on the 15th September 1894 on receipt of a petition from one Zakir Azeezulla Saib that the conditions imposed in July 1886 with reference to the report of the Sub Committee are not being complied with by Sabju Saib, the Council resolved by a majority of 6 to 1 not to sell the land and to cancel the resolution of the 6th June 1892.

17. Against this latter resolution Sabju Saib submitted an appeal to Government for its cancellation- This was referred to the Council for report but as 3 months had not elapsed since the resolution of the 15th September 1894, the Council resolved to adjourn the matter until after the 15th December 1894-

18. Accordingly at a meeting held on the 21st instant the matter was again brought up when it was decided to sell the land and to obtain Government sanction for the same-

A copy of the resolution and

Sabju Saib's

Sabji saib's appeal are herewith returned -

I have the honor to be,
Sir,
