THROUGH
 THE DISTRICT BOARD PRESIDENT,
SALEM.

The Humble Memorial of V. S. MANICAM
 MOODALIAR, 2nd Personal Assistant
 Engineer, Salem District.

RESPECTFULLY SHEWETH:—

That your Memorialist most respectfully begs to submit the following facts for your Excellency's benign and favourable consideration and to solicit a reconsideration of G. O. dated 18th July 1895, No.1254L. Mis.

2. After passing out as a Surveyor in 1868 from the Madras C. E. College and serving as a Deputy Surveyor in the Revenue Survey Party in Kurnool District, your Memorialist entered the Imperial P.W.D. in 1869 as a Draftsman and was promoted to Range Maistry (Sub-Overseer's Grade), and then to an Overseership in 1873. He had however to resign the Imperial P. W. D. service in 1874, as the climate of some of the Hilly tracts in the South Canara District was not congenial to his health.

3. In 1876 your Memorialist joined the Public Works of the Madras Municipality and was serving till 1884. He again joined the Imperial P. W. D. and was appointed as a Surveyor in 1884 by Col. J. Pennycuik R. E. on Rs.80—(vide enclosure No.12) and while your Memorialist was serving as a Surveyor in No.II. T.R.S. Party Chengalpet, and when the services of experienced men were required for works in the Sangam and Bellary Projects, he was appointed by Col. Shaw Stewart R. E. the then Chief Engineer in 1885, as a 2nd Grade Overseer and was posted to Sangam Project on Rs.80 (vide enclosures No.13 and 14). This appointment ceased a year after on account of the reduction of 1886, when your Memorialist appealed to the Chief Engineer through the Suptg-Engineer II Circle (vide enclosure No.15).

4. As there was delay in the disposal of his appeal your Memorialist secured service in the Local Funds. When your Memorialist was working in the Local

Funds in Dindigal, he was specially deputed to repair the road in Periaculam Taluq for His Excellency Lord Conemara's return drive (*vide* enclosure No.16) from Periyar Head works, as His Excellency had experienced much difficulty when going to Periyar, and was displeased.

5. He was then transferred to Court of Wards service in the Madura District. While in the service of Court of Wards, your Memorialist had charge of all the works in the Saptoor Estate, and his estimates and designs for large masonry works &c., ranging in cost from two to fourteen thousand rupees were approved of by the P. W. D. Officers and sanctioned by the Court of Wards. In addition to the above executive works, he had charge also of a Survey Party under his orders and instructions to investigate the whole Estate Irrigation works. The value of the service rendered by your Memorialist while in the Court of Wards service could be seen from enclosure No.20 which had to be sent to the Court of Wards for sanction, when his services had to be resecured for the Court of Wards service. While working under the Court of Wards in Madura an order was passed by the Imperial P. W. D. in 1890, re-appointing him as an Overseer to the VI Circle (*vide* enclosure No.18) and he was posted to Tinnevely Division. He was then transferred to No.2 Periyar and other Regular Divisions. When employed in the Periyar works he turned out many masonry and other works requiring much technical skill and practice.

6. Before your Memorialist joined the Local Funds in Salem in November 1894, he was appointed by G. O. No.213 of 25th May 1894 P. W. D. as an Overseer and was posted to No. I Circle Ganjam (*vide* enclosure No.22) but his then domestic circumstances did not permit him to proceed to such a distant place. He therefore sought Local Fund service. He was appointed as Local Fund Overseer in the Salem District in November 1894, and while working in that capacity, the President District Board Salem after perusing the testimonials of your Memorialist, and convincing himself of the merits, and vast experiences, which your Memorialist, acquired, in different branches nominated him as 2nd permanent Personal Assistant Engineer, and recommended to Government for sanction. G. O. No.2773L. Local and Municipal of 12th December 1893 takes effect only from January 1897 and even in that order, it is clearly stated that *men of approved, service can also be given the Higher Grade appointments in the Local Funds, which carry a salary of Rs.100 and upwards.*

7. Your humble Memorialist was holding Overseer's appointment in the Regular and Project Divisions of Imperial P. W. D., in Local, Municipal, and Court of Wards service for a period of about 20 years, and from the enclosed testimonials your Excellency will be pleased to see that he is also an Officer of approved service. It will not be out of place to mention here that men of approved services who hold collegeal certificates not higher than those of your humble Memorialist are now employed in the other Districts as Local Fund District and Assistant Engineers. It is therefore really hard on your Memorialist who is a P.W.D. Officer of 24 years standing that he alone should be turned out of an appointment which he earned by his good work.

8. Under the above circumstances your humble Memorialist most respectfully craves that his sad and unfortunate case may be reconsidered and justice

rendered by confirming in the 2nd permanent Personal Assistant Engineer's place in the Salem District Board in which he now acts *vide* G.O.No.1124 L. Mis of 27th June 1895.

For which act of bare justice he as in duty bound will ever pray.

I beg to remain,

Respectfully sheweth,

Your most obedient and humble servant,

Salem

TESTIMONIALS.

1. ENDORSEMENT ON SUPERINTENDING ENGINEER MEMO No. 132 of 15-9-69.

With reference to Memo No. 132 of 15th September 1869, a certificate dispensing with V. S. Manicam's services in the Revenue Survey Department is herewith forwarded; he is a neat draftsman and I have no doubt but that in time he will get on well in this department. I am quite willing to employ him.

Palghaut Range Officer.

2. COPY OF SUPTG. ENGINEER No. 378 of 1-3-92 TO PALGHAUT RANGE OFFICER.
V. S. Manicam Moodeliar is appointed Puthoor Range Maistry on Rs. 45 per mensem. He should report himself to Mr. V. M. Fernandez the Range Officer at Puthoor in the South Canara District.

(Signed) W. FAREWELL Lt. Col., s. c.,
Ag. Suptg. Engineer, 7th Division.

3. EXTRACT FROM PUTHOOR RANGE OFFICER'S No. 4 of 18th April 1873
TO THE OFFICIATING DISTRICT ENGINEER SOUTH CANARA.

* * * He has the qualifications required for such post having the abilities of carrying out works satisfactorily and good knowledge of drawing surveying and estimating.

He is at present employed by me in the Casergode Taluk where in the absence of an Overseer he conducts the works of that Taluk with the exception of making payments, which owing to the restrictions insisted upon by Government are conducted by myself to the great inconvenience to the works and detriment to my other duties.

* * * I beg therefore to request that my recommendation in favor of Range Maistry Manicam Moodeli should be taken into your kind consideration and that the sanction of Government should be obtained to the existing vacancy of an Overseer in the Casergode Taluk.

I beg &c.,
(Signed) V. M. FERNANDEZ,
Sub-Engineer, D. P. W.

4. V. S. Manicam Mudeliar was entertained as an Overseer in the Municipal Executive Engineers department in November 1876 in the room of an Overseer engaged on special works. His duties as Divisional Overseer were to supervise roads, and masonry works, also to survey and level when called upon to do so. His salary as Divisional Overseer was Rs. 45 about the middle of December 1876 I was ordered by the Government to open a relief and working camp at Satangad and on the recommendation of the Executive Engineer engaged Manicam Mudaliar as Superintendant and Overseer of the camp on which he is still employed; salary Rs. 75, horse allowance Rs. 15. His duties as camp Superintendent and Overseer have been to attend to the gratuitous relief in the shape of cooked food to the non-working paupers as also to organise and work and pay large gangs of coolies who

2231/2/95

have been employed in forming a new sewage farm, and in cutting a canal and forming embankments. The work under his supervision has been turned out in a workman like manner, and at rates very little higher than what it could have been done by contract. I have always found him to be active, intelligent and trustworthy and on the whole he has given me every satisfaction.

President Municipal Commission Madras.

5.

This is to certify that V. S. Manicam Mudaliar was entertained in the Municipality Executive Engineers Department as an Overseer in November 1876, in the room of another Overseer engaged on other works, his duties as Divisional Overseer consisted in supervising masonry and road works, he was also often called upon to take levels and surveys, and conducted these duties satisfactorily. His pay as Divisional Overseer was Rs. 45 about the middle of December 1876, a Superintendant was required at the Sattungad relief camp who was also expected to supervise and work large gangs of coolies, and he was selected as being the most competent for the work. Since this he has been engaged on the latter work, and has not only proved himself competent to manage it, but has given every satisfaction. His pay as Superintendant and Overseer was Rs. 90. I have always found him to be intelligent, diligent and trustworthy.

Acting Executive Engineer.

7. EXTRACT OF A LETTER FROM THE PRESIDENT MADRAS MUNICIPALITY TO
THE SECRETARY TO GOVERNMENT FAMINE DEPARTMENT.

6. This work is one which must be pushed on with, and finished, if possible before the rains, otherwise there is a risk of its remaining an incomplete and useless work after the termination of the Famine. Owing to the energy and perseverance of the Overseer (Manicam Mudaliar) in charge of the works, I believe that the Famine Coolies have been found to turn out work at a rate not greater than what would be allowed to a contractor, and I request that the Government would be pleased to direct that the work be pushed on to a speedy conclusion by taking on as many able bodied coolies as apply for work.

SUPERINTENDING ENGINEER CHENGALPET AND
L. R. BURROWS ESQUIRE PRESIDENT MUNICIPAL
COMMISSION MADRAS.

* I gave
the services of the man (Manicam Moodaliar) because he was one of the quickest and most zealous and intelligent of the Municipal Overseers, and it is mainly because he has done his work faithfully and has made those under him do the same that he has made himself enemies and got himself into this trouble. Should there be any objection to giving the man his pay I feel sure that a representation to Government will elicit an order in his favour. For it would be most detrimental to the public service if during the pendency of charges such as this, to which any public servant who has to make himself unpopular in the execution of his duty is exposed in this country the Government aggravated the man's misfortune by cutting his pay.

MUNICIPAL OFFICE MADRAS,
7th September 1880.

10.

I have much pleasure in certifying that the bearer V. Manicam Moodelly has been employed in this Municipality since 1876, with the exception of a short time on famine works. I can testify to his ability and the care with which he discharged all his duties and I believe him to be a very competent Overseer. I give him this on his leaving for Kurnool where he has obtained a better post.

(Signed) J. A. JONES C. E.,
Vice President.

MADRAS, 9th September 1880

11.

I have known the bearer V. S. Manicam Mudaliar since his entertainment in 1876 as an Overseer in the P. W. Department of the Madras Municipality. In 1876 he was selected for special reasons to be in charge of a large relief camp under the control of the Municipality and acquitted himself very creditably as will be seen by the President's testimonials. After the famine camp was broken up he returned to

his usual duties and has up to the present given entire satisfaction in every branch in which he was employed. He can survey and level as well as draw and make estimates, can organise labour and work it to the best advantage. He is trustworthy and hard working which I can testify to from personal knowledge. He has worked under me since his entertainment in the Department and I am sorry to lose his services; but at the same time am and shall always be glad to further his prospects. His pay while on special duty was Rs Rs.90 a month.

MY DEAR MR. TURNER.

I have only to day received your letter of the 24th. I could not give you a good reason for the Overseer's resignation without consulting him first, so I sent him your letter for some further explanation which I here-in enclose. * * *

I have no hesitation in saying this Overseer has done good work since I have been in this Taluq. I shall be very sorry to loose Manicam Mudaliar as Overseer, as he has brought the Taluq into working order, and is leaving in the middle of the busiest time of the year, before estimate or anything have been prepared, and before the expenditure of a good part of the allotments.

This Overseer wants encouragement and has worked well * * *
I have put the thing fully to you as I think, and which I should like kept private unless you think otherwise.

I believe if this Overseer had some encouragement he would fully repay us in his works.

Apologizing for troubling you so long.

20 EXTRACT FROM THE LETTER ADDRESSED TO THE COLLECTOR OF MADURA BY THE
HEAD QUARTERS DEPUTY COLLECTOR MADURA 20TH JULY 1892.

* * * * *

The Estate Public works were carried on satisfactorily as long as Manicam Moodeliar was the Overseer during the 22 months he was the Estate Overseer i.e. from 16th February 1889 to 7th December 1890. Estimates for all the important works were prepared and such of them as were sanctioned by the Court of wards were carried out: 58 estimates were prepared and repairs to the extent of Rs.30,000 were carried out. It is gratifying to see that the large Tanks of Konavandanary in Kodikulam, and Periaculam in Saptoor have not breached ever since the repairs recommended by him were carried out, and if he had continued hitherto the repairs to the other important Tanks would also have been almost completed. But as he would not stay ("being taken in the P.W.D. as Overseer") and as men that could supply his place could not be had inferior men had to be appointed and very little improvement was done to the estate after he left it. I was therefore anxious to secure his services, and offered the appointment to him on his old pay of Rs.60 and allowance of Rs.30. He wants a pay of Rs.70+30 a month. I was not able to promise the higher pay without your sanction though I think it worth while to secure his services on the pay asked for by him. Kadambanculam tank breached almost every year and if the repairs recommended by him to the Tank were carried out there would have been a clear saving of Rs.10,000 to the estate. But the estimate is still under revision with reference to the remarks of the Executive Engineer. Mr. Warner has it with him for the last six months unable to revise it as requested by the Executive Engineer. I therefore recommend that the services of Manicam Moodeliar may be secured and he allowed a pay of Rs.70+30 a month as required by him.

I have &c.
