Thro'

The Collector of Malabar

The Head Assistant Collector of Malabar

Sir,

With reference to G.O. dated 23rd
April 1895, No. 691. M. I have the honor to state
that four sites were selected for new burial ground
and one of them was approved of by the District
Medical and Sanitary Officer, Malabar during
his visit to Palghat on the 21st May 1895. On the
31st May, all of them were inspected by the

Burial ground.

Kullikod mosque.

J. W. R. No. 2202

Sanitary Commissioner who, while approving the site proposed by the District Medical and Sanitary Officer, suggested the selection of site situated west to the Kallikkad Road at a distance of 200 yards from that proposed by the District Sanitary Officer. The site is the most suitable one that could be selected as a burial ground for the moplas. In submitting the estimates for fencing the site, for laying it out with paths and for providing a masjid in it, I beg to subjoin a resolution of the Council dated 7th August 1895.

Present.

M. A. Ry. P. D. Chinnaaswamy Pillay Arungal Rao Bahadur,
Chairman.

G. M. Barrow, Esqre.

" 9. Read estimate for the construction of a mosque

" as called for by Government in para 1 of its

" order dated 23rd April 95, No. 691. m.

" The Council in submitting a plan and estimate as required in G. O. dated 23rd April 95,

" No. 691. m. beg to mention that the estimate is

" prepared in accordance with the existing

" mosque at Big Bazaar. The Council further

" beg to observe that they are not in a position

" to erect a mosque for the mapillas. Moreover

" they are not authorized to meet any such

" expenditure under Section 113 of Act IV of 1884.

" The Council are prepared to acquire the site

" selected by the Sanitary Commissioner as a

" public burial ground for negroes under
" Section 234 of the District Municipalities
" Act. "

2. In conclusion, I beg to point out that, as stated in para 3 of my letter dated 29th September 1894, No. 2185 read in G. C. dated 13th November 1894, No. 1703. m. mis; the Mapillas still view the action of the Council as an unnecessary interference with their religion. There would be no use whatever by the acquisition of the site if the Mapillas decline to use it as a burial ground. Under these circumstances I beg to suggest that the acquisition of the site may be deferred till the Collector or some other competent authority is requested to see the principal members of the Mapilla community and to arrive at an amicable understanding with them. I have taken the liberty to make this suggestion, as I find

that a similar course was adopted in the case
of a burial ground in Mangalore, which the
Nayappas objected to use although it was pro-
vided for them. (vide G. O. dated 16th May 1894,
No 627. M. Local and Municipal.)

I have the honour to be,
Sir,

Your most obedient servant,
William Henry Phelps
 Chairman.
