To,

The Chief Secretary
to Government.
Fort St George.
(Through the Sub-Collector and Collector of Madura.)

Sir,

I have the honor to submit the report for the year 1894-95, on the administration of the Dindigul Municipality together with the following enclosures:

(1). Annual statements.

(2). Copies of the Educational statements Nos I to IV submitted by the Assistant Inspector of Schools, 7th Division.

(3). Copies of do do by the Inspectress of Girls' Schools, Southern circle.

(4). Copy of Dr. Chester's report on the Dindigul dispensary.

(5). Copy of Dr. Reeves' report on the women and children's hospital, Dindigul dated 5th May 1895.

(6). Copy of the Council's Resolution No: 1/31-5-95.

I. Constitution of the Council.

2- The strength of the Council is 12. On the 31st March 1895, all the members were on the Council. Of the said 12, three were Europeans and nine natives; of the former, two were appointed by the Government and the other was ex-officio Councillor i.e., the Divisional Officer; and the latter were all elected. The sub-collector was the only Official on the Council.

3- The office of Chairman was held by Mr. Miller, the Sub-Collector (duly elected) till the 22nd of April 1894, when Mr. Cumming succeeded him and held it ex-officio till the 8th February 1895, when Mr. Miller resumed charge and officiated till the 5th March 1895, when I assumed charge as Chairman-elect and continue to be as such.

4- During the year under review 5 seats one in each of the 2nd, 3rd, 4th, 5th and 6th wards fell vacant and elections were held within the year for filling up the same. A contested election for the 6th ward was held on the 25th July 1894; election for the 2nd and 3rd wards were conducted on the 19th October 1894, at which,

II. Receipts.

6. Including the opening balance of Rs 9098-12-7,

the total receipts of the munici-pality amounted to Rs 35099-10-10 against Rs 35,990, the revised estimate and Rs 32,244-7-6, the actuals of the previous year. The decrease below the estimate is chiefly due to the non-realization of a larger amount expected from house and land tax, sale of lands, and the non-recovery within the year of the contribution from the Madura District Board on account of the women's hospital; and the increase over the actuals of the preceding year is attributed to the larger amount of opening balance. The causes of these differences are explained below Seriatim.

A- Receipts from taxation.

t. a. p
als of 1893-94 - 6,561-6-3
Estimate for 1894-95 - 6,520-0-0.
ctuals 45 - 5,989-4-5.

7- Statement I, Tax on buildings. The figures for 1893-94 inclu larger amount of arrears than those of the year under report — hence the difference. The short collections as compared with the estimate are due to the inefficiency of the bill collectors who were replaced by more competent men towards the close of the year under report. I had to make some special temporary arrangements for the better collection of this tax and thus recovered Rs 1,586-3-0 [illegible] -tmary [illegible] as appointed Chairman adjourned delegate. Of the total current demand of Rs 5,746-10-4 as per statement IV-A, Rs 4,679-5-6 have been collected; Rs 15-2-0 remitted; Rs 9-5-0 written off as irrecoverable and a balance of Rs 1,042-13-6 was left at the close of the year. Of the arrear demand of Rs 1,498-4-9 which is less than the audited figures by annas 10 owing to a mistake in addition, Rs 1,309-14-11 have been collected; Annas 10 remitted; Rs 31-8-10 written off as irrecoverable and Rs 156-3-0 remained uncollected. The mode of estimating the annual rental of buildings for purposes of assessment is given in detail in the note to statement I — The house tax registers were last revised in the year 1892-93.

Actuals of 1893-94 —	Rs 109-5-0.
Revised estimate for 1894-95 —	380-0-0.
Actuals of 1894-95 —	183-11-0.

8. Tax on lands — All the vacant house sites in the town have been measured and assessed for the 2nd half of the year under report at one anna for every 80 square yards, — the rate fixed by the [illegible] it [illegible] tion

No 3 12-11-94, which fetched a sum of Rs 115-6-6. In the case of cultivated lands the usual method of calculating annual rental upon a multiple of the Government Kist was adopted which yielded Rs 220-6-0 — thus the total demand under this head aggregated Rs 335-12-6 of which, Rs 102-1-6 have been realized and the balance remained uncollected at the end of the year. Of the arrear demand of Rs 138-0-6, Rs 81-9-6 were collected; Rs 1-5-0 written off and Rs 55-2-0 were left as balance. The collections fell short of the estimate by Rs 196-5-0 owing to the late date at which the vacant house sites were brought to assessment and to the want of experience of the new bill-collector who lost some days for finding out the land-owners. The total extent of assessed land is 835 acres and 25 cents. The registers of cultivable lands are being revised in the current year as they were last revised in 1889-90.

	Rs a p
Actuals of 1893-94 —	276-0-0
Revised Estimate for 1894-95 —	400-0-0
Actuals of 1894-95 —	361-8-0

9. Tax on Vehicles — The increase over the actuals of the previous year is due to increase in the number of vehicles liable to be taxed and the outstanding arrears still remain to be realized effected the falling off under estimate.

	Rs a p
Actuals of 1893-94 —	1,107-12-0
Revised Estimate for 1894-95 —	1,300-0-0

10. Tax on Animals — Prompt Collection especially in the latter part of the year under this head, both under arrear and current demand enhanced

both arrear and current amounted to Rs 404-12-0 of which, Rs 382-8-0 were realized, annas four remitted, Rs 4 written off as irrecoverable and Rs 18 remained uncollected.

Actuals of 1894-95 — 44-1-9

17. (4) (b) — Some lands were sold last year which augmented the receipts of that year. The Council's claim to certain lands at Begambur's has been disputed in G.O. 26th April 1895, No 702 M. Mis. These lands were proposed to be sold to certain individuals who have already deposited the sale amount with the Council pending Sanction of Government. The matter is now pending before the Council and the consequent non-adjustment of

as

of the above deposits accounts for the falling off below the estimate.

19. (4) (d) — These figures represent fees collected from the Municipal High and the Muhammadan Salary Results Schools. Rs 1745-14-0 from the former and Rs 62-12-9 from the latter were collected against Rs 1,869-14-0 and Rs 55-10-6 respectively in the yea[illegible] previous. The decrease in the former is due to a slight falling off in the strength of the High School. This is chiefly due to the existence

of High schools and Colleges of established reputation in the cities of Madura and Trichinopoly which are within a distance of two or three hours run by railway from this town.

decrease below the actual income of last year. The current demand as per statement IV-A was fully recovered and the arrear demand of Rs 22-0-0 shown in Statement IV-B had to be written off on account of the proved pauperism of the defaulter. The markets and the slaughter houses are, as usual, being supervised by the ward Councillors. There was no change in the rate of fees collected at the weekly market which ranged from 1 pie to 1 anna, nor was there any alteration in the rate collected at the Slaughter houses. It was one anna for a sheep or goat and four annas for a bullock slaughtered. The net income from markets after deducting the charges incurred under Grant I, 1(b) and 2(b) and Grant IV. 2.1. amounted

expenses

to Rs 3,050-2-2 against Rs 4,392-7-9 and that from the slaughter houses to Rs 552-8-7 against Rs 699-4-2 in 1893-94.

22. (4). (g) — No fixed demand was raised under this head during the year under review. Non-realization of the full amount due for 1894-95 of which almost Rs 116 still remain to be recovered besides the sum of Rs 31 collected during the current year, diminished the receipts far below the estimate and the actuals of 1893-94. 30 – The charges of the Municipality aggregated Rs 26,319-7-4 against Rs 27,600, the estimate for the year and Rs 23,145-10-11, the actuals of the previous year. The short expenditure as compared

with

with the estimate is due to certain allotments under Grants I + III not having been spent fully and the increase over the actuals of last year is due chiefly to larger outlay under Grants I, III + IV. These differences are fully explained below

31. Grant I, Public works – (1) New works – The decrease from the estimate is small and relates to savings in the estimates and the increase over the actual expenditure of 1893-94 is due principally to a larger amount spent on new tiled sheds at the weekly market place which includes arrear payment made for work done during the last year. Street was paid to the parties concerned through the Revenue departments; a tunnel over the odai in Mounseypuram and another to the east of the Batlagundu road were constructed for Rs 183-1-0. A sum of Rs 750-4-7 including arrear payment alluded to above was spent in the construction of 2 new tiled sheds at the weekly market place; two new corrugated iron latrines were erected in the South Street in the place of the one demolished and at Poochinaikenpatty at a cost of Rs 193-11-9. V + U shaped drains were provided for the buffaloemen's Stre[illegible] the other part of the Chuttram Street, Silk weavers' and Kannadiers' lanes for Rs 394-3-9. Rs 97-9-3 were spent for erecting side walls to the new well sunk on the road leading to the Railway Station with petty works. A sum of was Rs 337-2-7 excluding the cost incurred in repairing the High School buildings which amounted to Rs 204-3-2- Of the 6 students who were sent up for the Matriculation and 7 for the Lower Secondary examinations, 2 in the former and 2 in the latter passed against 10-1 and 8-8 respectively in 1893-94. The results of the Matriculation examination may be said to be fair but the same cannot be said in regard to the Lower Secondary examination. The falling off in attendance and the consequent reduction in the fee income with the unfavourable result in the Lower Secondary examination show a state of things which, I am sorry to observe, is not very Satisfactory. The Council in its Resolution No: $\frac{8}{23-7-94}$

resolved

resolved to maintain this institution permanently. If the teachers concerned do not work up with greater care and zeal to make the institution attractive, the permanent continuance thereof will be considered at the time of the Budget. Increase in the strength (167 against 148) of the Muhammadan and Panchama Salary Results Schools, which cost the Council Rs 759-2-4 against Rs 635-3-7 in 1893-94, is noted with satisfaction. The excess expenditure is due to the employment of the Hindustani teacher throughout the year and to the larger amount paid for Results stipends. 2 out of 4 who appeared for the Primary

School examination, 14 out of 17
in the Infant standard, 26
out of the same number in
the 1st standard, 17 out of 18
in the 2nd, and 8 out of 9
in the 3rd standards passed—
a result creditable to the
teachers and the Inspecting
Schoolmaster concerned. Results
grants at the maximum
rate amounting to Rs 1,555-2-0
against an estimate of Rs 1,600
and the actuals of the same
amount last year were paid
to 11 aided schools against
in the same number in 1893-94;
but the number of these schools
on the 31st March 1895 was increased by 1 over that TM
of the corresponding date of last
year. Of the total the Council
spent for Results 8/23-7-94
[illegible]-1-4— were paid resolved the

Lower Secondary School and
Rs 1,313-14-0 to Prim[illegible] Schools.
The strength of the aided
Schools rose from 818 to 863.
The number of unaided and
indigenous schools fell from
13 to 11 with a decline in
strength from 399 ~~to 367~~ in TM
the preceding year to 367. It is
noted with regret that
there are still 13 unpassed
teachers employed in the
several Municipal aided
and indigenous schools. As

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper :—

From M.R.Ry. T. RAJAGOPAUL NAYUDU Garu, Chairman, Municipal Council (through the Sub-Collector and Collector of Madura), to the Chief Secretary to Government, dated Dindigul, 31st May 1895, No. 70.

I have the honour to submit the report for the year 1894–95 on the administration of the Dindigul Municipality together with the following enclosures :—

(1) Annual statements.

(2) Copies of the educational statements Nos. I to IV submitted by the Assistant Inspector of Schools, 7th Division.

(3) Copies of the educational statements Nos. I to IV submitted by the Inspectress of Girls' Schools, Southern Circle.

(4) Copy of Dr. Chester's report on the Dindigul dispensary.

(5) Copy of Dr. Reeves' report on the Women and Children's hospital, Dindigul, dated 5th May 1895.

(6) Copy of the council's resolution, No. 1, dated 31st May 1895.

I.—CONSTITUTION OF THE COUNCIL.

2. The strength of the council is twelve. On the 31st March 1895 all the members were on the council. Of the said twelve, three were Europeans and nine Natives; of the former, two were appointed by the Government and the other was *ex-officio* councillor, *i.e.*, the Divisional officer; and the latter were all elected. The Sub-Collector was the only official on the council.

3. The office of chairman was held by Mr. Miller, the Sub-Collector (duly elected) till the 22nd of April 1894, when Mr. Cumming succeeded him and held it *ex-officio* till the 8th February 1895, when Mr. Miller resumed charge and officiated till the 5th March 1895, when I assumed charge as chairman elect and continue to be as such.

4. During the year under review five seats—one in each of the 2nd, 3rd, 4th, 5th and 6th wards—fell vacant and elections were held within the year for filling up the same. A contested election for the 6th ward was held on the 25th July 1894; elections for the 2nd and 3rd wards were conducted on the 19th October 1894, at which the seat for the former alone was disputed; and those for the 4th and 5th wards were held on the 22nd idem. As there were no rival candidates for these wards, the seats were filled up undisputed. The total number of electors in all the six wards amounted to 490 against 520 last year. Statement X-A furnishes all these particulars.

5. The number of meetings actually held is 36 (twenty ordinary and sixteen special) and exceeds that of the previous year by three. No meeting was adjourned for want of a quorum; the average attendance at each meeting was the same as last year, *i.e.*, seven. The Sub-Collector attended in all twelve meetings.

II.—RECEIPTS.

6. Including the opening balance of Rs. 9,098–12–7, the total receipts of the municipality amounted to Rs. 34,099–10–10 against Rs. 35,990, the revised estimate and Rs. 32,244–7–6, the actuals of the previous year. The decrease below the estimate is chiefly due to the non-realization of a larger amount expected from house and land-tax, sale of lands and the non-recovery within the year of the contribution

19. (4) (*d*).—These figures represent fees collected from the Municipal High and the Muhammadan Salary Result schools. Rs. 1,745–14–0 from the former and Rs. 62–12–9 from the latter were collected against Rs. 1,869–14–0 and Rs. 55–10–6, respectively, in the year previous. The decrease in the former is due to a slight falling off in the strength of the high school. This is chiefly due to the existence of high schools and colleges of established reputation in the cities of Madura and Trichinopoly which are within a distance of two or three hours run by railway from this town.

21. (4) (*f*) Want of brisk competition owing probably to the loss sustained by the previous year's renters at the sale of the four markets and two slaughter-houses shown in statement XI caused considerable decrease below the actual income of last year. The current demand as per statement IV-A was fully recovered and the arrear demand of Rs. 22 shown in statement IV-B had to be written off on account of the proved pauperism of the defaulter. The markets and the slaughter-houses are, as usual, being supervised by the ward councillors. There was no change in the rate of fees collected at the weekly market, which ranged from one pie to one anna, nor was there any alteration in the rate collected at the slaughter-houses. It was one anna for a sheep or goat and four annas for a bullock slaughtered. The net income from markets after deducting the charges incurred under Grant I, 1 (*b*) and 2 (*b*) and Grant IV 2 (1) amounted to Rs. 3,050–2–2 against Rs. 4,392–7–9, and that from the slaughter-houses to Rs. 552–8–7 against Rs. 699–4–2 in 1893–94.

22. (4) (*g*).—No fixed demand was raised under this head during the year under review. Non-realization of the full amount due for 1894–95, of which almost Rs. 116 still remain to be recovered, besides the sum of Rs. 31 collected during the current year, diminished the receipts far below the estimate and the actuals of 1893–94. Prosecutions under section 189 of the Municipal Act were instituted in 47 against thirteen cases last year, of which five were disposed of within the year and the rest pending. The special magistrates have been addressed for a speedy disposal of the same. Payment of license fees in advance will invariably be insisted upon as directed by Government.

24. (5) (*a*).—Arrear grants on account of the High school recovered during the year under review increased the amount of grants over the actuals of the previous year; while the non-recovery of the building grant, for which an application has been submitted in the current year owing to the late date at which the work was completed, over estimate in salary grants for 1894–95 and the non-realization within the year of a portion of grant on account of the gymnastic instructor contribute to the decrease from the estimate.

26. (5) (*b*) (*ii*).—Non-recovery within the year of the contribution due by the Madura District Board on account of the women and children's hospital caused the decrease noted. The actual receipts are the contributions recovered from the Dindigul Taluk Board on account of the same hospital.

27. (6) (*a*)—The number of private houses scavenged by the Municipal agency increased from 163 to 201 on the last day of the year, but the fees collected fell from Rs. 337–10–0 to Rs. 285–10–0. This is apparently due to a decrease on an average of 32 in the number of houses scavenged in each of the first three quarters as compared with the corresponding quarters of 1893–94. The increase noted above was effected in the last quarter of the year under report. The private scavenging system is unpopular and the unpopularity is no doubt due to inefficient supervision on the part of the sanitary inspectors, especially in the first division, over this branch of their work. They have been sufficiently reprimanded and some improvement has been effected in this direction in the current year. The arrear and current demand under this head has been fully realized. Seventy-nine notices against 20 in the preceding year were issued for keeping the filthy and insanitary premises clean. No prosecutions were instituted on this account during the year under review.

28. (6) (*b*).—The proposed recovery from Syed Mohamed, Normal student, of the stipends he received from the municipality consequent on his refusal to serve the council for the stipulated period was not effected within the year as was expected, which accounts for the difference between the actuals and the estimate for the year under review. Steps are being taken to effect the recovery in the current year.

III.—EXPENDITURE.

30. The charges of the municipality aggregated Rs. 26,319–7–4 against Rupees 27,600, the estimate for the year and Rs. 23,145–10–11, the actuals of the previous year. The short expenditure as compared with the estimate is due to certain allotments under Grants I and III not having been spent fully, and the increase over the actuals of last year is due chiefly to larger outlay under Grants I, III and IV. These differences are fully explained below.
