BOARD OF REVENUE (REV. SETT., L. RDS. AND AGRI.), 29TH JULY 1895, No. 236.

PROCEEDINGS OF THE BOARD OF REVENUE (REVENUE SETTLEMENT, LAND RECORDS AND AGRICULTURE).

READ—the following letter from J. N. ATKINSON, Esq., Collector of Kistna, to the Secretary to the Commissioner of Revenue Settlement and Director of the Department of Land Records and Agriculture, dated Masulipatam, 19th June 1895, No. 2305-Ver.:—

I have the honour to submit herewith the programme of famine relief works for the official year 1895-96. The delay is due to the President, District Board, Kistna, whose return was received only yesterday, and I learn that the delay in his office is due to the action of a subordinate in the Local Fund District Engineer's office in having taken away the whole file of famine relief papers without permission when he went on leave.

RESOLUTION—dated 29th July 1895, No. 236.

The abstract of the programme of famine relief works for 1895-96, received from the Collector of Kistna, will be submitted for the information of Government.

2. The programme relates to the non-deltaic taluks of the district, and contains provision for the construction of nine new irrigation works at a cost of 7.95 lakhs, and for repairs to existing works to cost 0.42 lakh; for the construction of nearly 503 miles of new roads at a cost of 12.03 lakhs, and repairs to existing ones to cost 10.74 lakhs; and for works to improve the drinking water supply to cost 0.17 lakh. The total provision made amounts to Rs. 31,31,820, and the works are calculated to be sufficient to afford employment for a period of three months to 37 per cent. of the population. The provision is ample for the tracts concerned. The bulk of it consists of road-works. It is presumed that the Collector has ascertained that the District Board will be able to maintain the new roads if constructed. It is stated that out of Rs. 1,06,302, the estimated cost of the Dondapadu tank scheme in the Vinukonda taluk, a sum of Rs. 80,700 has already been expended; if so, the net sum alone should have been quoted against the work.

3. Detailed estimates are stated to be ready for works costing Rs. 9,03,666 or 28.8 per cent. of the total provision.

4. At the end of statement A, the Collector gives a list of additional works roughly estimated to cost 9.26 lakhs, which might be made available for famine relief purposes, should necessity arise. The Collector is requested to explain why the works mentioned in the subjoined statement, all of which except one were shown in the last year's programme, have not been included in the current year's programme nor even shown as supplemental works at the end of statement A:—

Taluks.	Name of work.	Amount.
		Rs.
Vinukonda	Reconstruction of Nayakerla tank, Mellavagu	60,000
	Restoring the ruined tank called Purratamu of Gandiganamala	9,200
	Reconstruction of tanks at Kondayapalem, &c.	50,000
	Agnigundala project	*
Palnad	Closing the breach and strengthening the bund of Silam Brahmanayudu tank	94,000
	Constructing a dam across the Pulleru at Konanki	5,000
	Do. dams to irrigate fields	20,000
	Do. the tank Sembhuni cheruvu at Elchur	10,000
Narasaraopet	Do. do. to the west of Dronadula village	8,000
	Do. anicut across the Vogeru to irrigate lands of thirty villages	40,000
Nuzvid	Tanks affecting railways—Repairs of—	50,000

* Not known.

5. *Statement A.*—(a) Columns 3 and 4 of the statement should each have been subdivided into two, one for showing the approximate cost and the other the amount of the detailed estimate, if made.

(b) Totals under all classes of works for each taluk should also have been given in this statement.

Statement B.—(a) It appears from this statement that provision has been made for the repair of 82 Public Works Department works at an estimated cost of Rs. 1,23,900, but that provision is shown neither in the detailed statement A nor in the abstract statement C. The reason for this omission should be reported.

(b) The number of Revenue Department works in the Sattenapalle taluk which are out of repair is given in column 4 as only 2, but the number of such works, for the repair of which provision has been made, is entered in column 8 as 3. The discrepancy should be explained.

Statement C.—(a) The number and cost of large works sanctioned in the Palnad taluk, entered in columns 26 and 27 of the statement, should be 2, and Rs. 53,530, respectively, and not 1, and Rs. 26,900 as entered therein.

(b) The figure entered in column 26 against the total for the Bezwada taluk should be 14 instead of 9.

(c) The figure 5,53,080 entered in column 5 against "Large works not sanctioned" in the Nandigama taluk is apparently a clerical error for 55,308.

(d) At the end of the statement the totals for the whole district under each class of work should also have been given.

The errors and omissions noticed above have been rectified in the copy of the statement submitted to the Board. The Collector is requested to revise his office copy accordingly.

6. The Collector attributes the inordinate delay of over two and a half months in the submission of the programme to the action of a subordinate in the Local Fund Engineer's office in having taken away without permission the whole file of famine relief papers when he went on leave. It is to be hoped that the President, District Board, has taken due notice of the irregularity, and that the programmes will in future be submitted by the prescribed date.

(True Copy and Extract.)

(Signed) P. RAJARATNA MUDALIAR,
Secretary.

To the Secretary to Government, Revenue Department,
Collector of Kistna.

Exd. J. Henrious.
