inam attached to a well in that village. The well is in disrepair and the inam has been under amanath from fasli 1297. The particulars of the inam are given in the margin. A sum of Rs. 107-11-0 has been collected on the extent cultivated during the above period and credited to Government. The well is situated on the bank of a drainage channel and is open to damage whenever floods come down in it. The inamdars are willing to sink a new well 10 × 10 yards in another place within the village-site limits. The Tahsildar recommends the measure and I support the recommendation. The well to be sunk will be useful to villagers and travellers. I think the inamdars may be given time till April next to complete the new well, the inam being resumed in case of default to do so by that time. The amount already credited to Government may be returned to them in the event of the new well being finished as above indicated. I do not think it advisable to resume the dasabandham inam or attach it to other works or make it over to others when the inamdars are willing to carry out works to fulfil the object for which it was originally granted.

2. Entire papers connected with the subject are submitted herewith.

Endorsement.

Submitted to the Secretary to the Commissioners of Land Revenue, with the recommendation that the Deputy Collector's proposal may be accepted. After completion of the new well, a formal application may be made for the sanction of Government to transfer the dasabandham inam to the new well.

Resolution—dated 31st July 1894, Mis. No. 4202.

The Collector's proposal is approved.

(True Copy and Extract.)

(Signed) L. M. WYNCH,
Secretary.

To the Collector of Bellary.

Read—also the following letter from H. TREMENHEERE, Esq., Collector of Bellary, to the Secretary to the Commissioners of Land Revenue, dated Bellary, 3rd May 1895, Ref. No. 1466:—

With reference to Board's Proceedings (Land Revenue), No. 4202, Mis., dated 31st July 1894, I have the honour to state that a notice was given to dasabandham inamdars to dig a new well and complete it before April 1895. The Divisional officer now reports that none of the inamdars appeared before the Tahsildar to receive payment of the amount in deposit nor has the well been taken in hand. As it is not likely that they will undertake to repair the well, the Divisional officer recommends the resumption of the inam and its re-attachment to the Taluk Board if it agrees to construct the new well for the village as originally proposed. The Divisional officer has been asked to ascertain the views of the Taluk Board and report the result. In the meanwhile I request Board's orders for resumption of the inam.

Reference on the above, dated 8th May 1895.

The resumption of the inam requires the sanction of Government (*vide* G.O., dated 2nd August 1875, No. 1159), communicated with Board's Proceedings, dated 15th September 1875, No. 2577. To enable the Board to submit the case for the orders of Government in a complete form, the Collector is requested to report the result of the reference to the Taluk Board with a copy of its resolution.

Read—the following endorsement of the Collector of Bellary, dated 11th July 1895, Ref. No. 2035, on the following letter from M.R.Ry. C. RAMASESHA IYER, Avergal, B.A., Deputy Collector, Head-quarter Division, Bellary, to the Collector of Bellary, dated 3rd July 1895, No. 2640-Sub.:—

Adverting to your Reference, No. 1560, dated 16th May 1895, I have the honour to state that I laid the matter before the Taluk Board accordingly and submit herewith a copy of their resolution. They agree to take over the dasabandham inam or its assessment and to construct and maintain in good order a draw-well (3 yards $\times$ 3 yards inside measurement) in the locality proposed. The Tahsildar reports that the title-deed for the inam has been mislaid by the inamdars. The inam is now in the possession and enjoyment of five persons as per margin though the registry stands in the names of two persons alone (Lingana Gowd and Doddana Gowd).

Endorsement.

True copy submitted to the Secretary to the Commissioners of Land Revenue, Madras, with a copy of Taluk Board's resolution with reference to Board's Reference on Sub No. 1723, dated 8th May 1895.

2. The land is now under occupation and the transfer of its assessment to the Taluk Board is recommended.

3. The Taluk Board resolves to undertake the work provided the assessment of Rs. 107-6-0 accrued while the inam had been under attachment from fasli 1287 is also made over to it. This is also recommended.

Resolution—dated 23rd July 1895, Mis. No. 3673.

Submitted for the orders of Government.

2. In the village of Dammur Kaggal, in Bellary taluk, there is a darmadayam or charitable inam attached to a well in the village. The inamdars having failed to

maintain the well in good repair, the inam was placed under attachment with effect from fasli 1297. The well is situated on the bank of a drainage channel and has been liable to frequent damage by floods. To obviate this inconvenience, the inamdars offered to sink a new well in another place within the limits of the same village. Though the necessary permission was granted, they failed to carry out the undertaking within the time allowed.

3. The Collector reports that, with the proceeds of the inam, the Bellary Taluk Board has agreed to sink and maintain a new well in the village, and recommends that the inam be resumed and its assessment transferred to the Local Board with effect from the date of attachment. The Board supports the Collector's recommendation.
