In view of the overcrowding which exists in certain quarters of the town and of its probable extension as population increases and the railway is completed, the Council resolves to appoint a Sub Committee to decide a minimum area of compound for different classes of houses and eventually to address Government on the matter. This resolution will, however, be communicated to Government at once in case it should think the point one worth of consideration, when the new Municipal Bill is before it.

The Muesoorie report
referred to in the reso-
lution of the Council has been
obtained & is put up. Please

see page 2. of it. It is not
clear under what section of the
N.W.P. Municipal Act any
restriction on the size of Compound
could be ordered, unless under
the wide powers in Sec 55.

under our own Act the
restriction would only seem
possible by the enactment of a rule
under sec. 180 ^x(2) (iii), with wd.
seem that this hardly contemplate
such an interference with private
rights as the passing of an
order that a land owner shall
not build a house with less than
a certain amount of compound

x I think this must
certainly would be
afraid.

The very idea is absolutely ridiculous - what "compounds" have houses in my big town? This may be recorded
