Defor No. 24 receipt

Chingleput District Collector's Office,

Saidapet, 16th July 1895.

From

L. N. Moulany

As: Collector of the

Chingleput District,

To

Chief
The Secretary to Government,

Local and Municipal Department,

Madras.

SIR,

I have the honour to reply to G.O. of the
17th June 1895, No. 1050 L, on the subject of
including within the limits of the Madras
Municipality portions at least of the Sanitary
Union.

2. The President of the Municipal Commis-
sion, Madras and myself inspected together
the union limits where they adjoin Muni-
cipal limits.

3. As the acting Sanitary Commissioner
did not give specific reasons for any inclu-
sion or name any particular portions of
the

The union, it is rather difficult to report except upon general principles. It is true that certain sanitary defects were pointed out and the inclusion was to be in the Sanitary interests of Madras and the presumption therefore is that the special defects reported on were the cause of the recommendation. If so, I have to point out in reference to those defects that the Siruwallur Tank is already within the limits of the Municipality, that the Siruwallur Paracheri well is about half a mile from the Municipal limits, that the Chukklers Tank at Peralur is in a village separated by the whole width (about a mile) of another revenue village from the Municipality, and that the Santoniamman and Pikutti Tanks are also well removed, the Pikutti Tank the nearest being 3 furlongs off. In regard to surface drainage plans and estimates have been before

before the Sanitary Engineer to Government and have been returned for amendment. The Sanitary defects appear all to be capable of remedy by the union authorities. There is however one anomaly and that is that the boundary between the Municipality and the union consists of a roadway, and especially in Sembiam village limits, this roadway has houses on both sides, the western houses belonging to the union, the whole roadway and houses east of it to the Municipality. Considering however the large extent, 9 square miles, of union and the small amount of money available, I deprecate the union being deprived of funds by the transfer of these houses to the Municipality. From the District Board's budget estimate for Sembiam union this year, I see the total amount to be spent in the union is Rs 2800 and that is little enough for a population

population of 14,276. I might here remark that the sanctioned estimate provides for four sweepers not two sweepers as stated by the acting Sanitary Commissioner. I give an extract of the receipts and expenditure.

Receipts.

	Balance.	House tax	Decoant fund	Miscellaneous.	Contrib- utions.	Total.
Sumbiam:	340	1800	80	320 (a)	300	2840.

(a) includes Rs. 300 promised by the Madras Railway Company towards cost of a drain in Sumbiam.

Expenditure.

	Sanitation.	Public works.	Lighting.	Contingencies & Miscellaneous.	Total.
Sumbiam:	1500 (a)	680 (c)	300	260	2740.

(a) includes Rs. 400 for repair of a street in the Union.

(c) drain in Sumbiam Union: - Rs. 600.

I am unable therefore to recommend the transfer of any portion of the Union to the Municipality, as in brief I do not see that the sanitary defects cannot be remedied by the Union and that they immediately affect the Municipality and as a transfer
of

of houses would seriously cripple the Union funds.

I have the honour to be

Sir,

Your most obedient servant

Ch. M. M. M.
Ag. Collector

MUNICIPALITY OF MADRAS.

General Department.

Local & Municipal Dept.
From
CURRENT No. 2546 M
LIEUT.-COL. G. M. J. MOORE, C. I. E.,
President, Municipal Commission.

To

The Chief Secretary to Government
Fort Saint George.

Sir,

With reference to G.O. dated 17 June 1895 No. 1050 L, Local and
Municipal, I have the honor to submit as follows.

- The recommendation of the Sanitary Commissioner struck
me as being somewhat vague. as "certain portions" might
mean any thing.
- However, I placed myself in communication with
the Collector of Chingleput and we both proceeded to the
locality and met the Chairman and members of the Sembian
Union, who were distinctly averse to any alteration.
- I then directed the Revenue Officer to submit a rough
estimate of what revenue might be expected to be derived,
if the Municipal limits were extended from the northern
limit D. on the accompanying tracing. to C. this would
include a portion of Siruvai as well as a small portion
(A B D) of Sembian.
- The Revenue Officer has found the same difficulty
as to vagueness.
- I would therefore beg that, if any further action
is to be taken in the matter, something definite may
be provided to work upon.

Enclosure.

I have the honor to be,
Sir,

your most Obedt servant,
 Wm Moore R. Secy,

Mun. Com. of 1895

Enclosure /

SUBJECT.

Reporting the number of houses
and the amount of house-tax
levied thereon between the two
toll-gates in Sembiam.

Again G.O., dated 17th June 1895, No. 1050 L
Current No. 2014 L of 1895, dated 16th July from the Collector of Chingleput
Current No. 2311 A-L of 1895, dated 13th August from the Pt. Muni. Comm.,
" " 2482 L of " " 26th " " Collector of Madras.
Chingleput

FOR ORDERS.

In his notes of inspection of the
Sembiam Union, communicated with
G.O. dated 17th June 1895 No. 1050 L, the
Sanitary Commissioner remarked that
it seemed to him advisable that cer-
tain portions at least of the Sembiam
Union should be included within the
limits of the Madras Municipality
in the sanitary interests of the latter,
and this suggestion was in the
above quoted order referred for the
remarks of the Collector of Chingleput
and the Municipal Commissioners of
Madras.

2. The Collector of Chingleput
states that he and the President of
the Municipal Commission, Madras,
inspected the union limits where they
adjoin the Madras Municipality, and
that in his opinion the Sanitary de-
fects pointed out by the Sanitary
Commissioner are all capable of being
remedied

remedied by the Union authorities.

The only anomaly that now exists however is that the houses on the western side of the roadway, which forms the boundary between the Union and the Municipality, belong to the Union, while the roadway itself and the houses on the eastern side of it belong to the Municipality; but as the transfer to the municipality of the houses on the western side of the road would seriously cripple the resources of the Union by the loss of the tax now collected on them and as the sanitary defects do not immediately affect the Municipality, the Collector does not recommend the transfer of any portion of the Union to the Municipality. The amount which is likely to be thus lost to the Union is Rs 48 ^{out of an estimated collection of Rs 1800 a year (C.No. 24829)} ~~and odd reported last year~~ ~~has been called for on the~~ point.

3. The President of the Madras Municipality says that the suggestion of the Sanitary Commission - is vague and ~~that~~ he would deprecate any further extension of the Municipality which is quite

Sufficiently.

sufficiently large at present, as the Union is perfectly capable of conserving Simwallia if it is made to do so.

4 Under the circumstances, it is submitted that no action is called for now, beyond requesting the Collector to have the necessary sanitary reforms carried out by the Union authorities.

It seems better to leave things as they are.
