2. The only change that has taken
place since it was considered
advisable to abolish the gardener
is that certain trees have
come into bearing - it is not
stated how many, or what the
receipts are likely to be. I would
suggest that the Compound should
be enclosed with a wall before a
gardener is entertained.

in view of the foregoing Circumstances.
The pay of the gardener may be fixed
at Rs 4 as before and the amount required
to meet the expenditure during the remaining
portion of the year, viz Rs 20, may be met
from the Savings caused by the substitution
of a junior Apothecary for a senior one,
for whose pay for seven months provision
has already been made in the Budget
of the Current year.

5. A proposition statement in form
is also submitted.

I have the honor to be,

Yours most obedient Servant

3. Around the Hospital there is an
extensive Compound, and there are
several tamarind and similar trees
therein, which have since attained
their fruit-bearing ages. There is no
Compound wall or fence, which the
District Medical and Sanitary Officer,
in his last inspection report, has strongly
recommended to be provided. The front
portion of the Hospital building which
was once filled with good-looking plants,
looks desolate now for want of a
gardener. The Council is of opinion
that the growth of such plants, or
horticulture, conduces to the relief
especially of in-patients, who are
accommodated and treated in the
Hospital. Moreover, the tamarind and
the other trees may be taken care of
and the Compound also may be
gradually fenced, while other fruit-
bearing trees may be easily planted
and the Compound improved. The
expenditure which will have to be incurred
by the employment of a gardener may
partly be recouped by the sale-proceeds
of tamarind fruits &c in the Compound,
if carefully looked after.

4. I therefore request that the
Sanction applied for may be obtained
