NOTE TO STATEMENT I.

1. Tax on arts, &c., is levied on ~~the first~~ all classes. at full schedule rates
2. Tax on buildings is levied at 7 per cent. and tax on lands at 7 per cent. of rent value. ~~annas for every 80 square yards.~~
3. Water-tax on buildings and lands is levied at per cent.
4. Tax on vehicles and animals is levied at full ~~the~~ maximum rates.
5. Tax on carts, &c., is levied at Rs. 4 per cart per annum.
6. Tolls are levied at half the maximum rates.
7. License-fees are levied at the rates sanctioned in G.O., dated 2nd March 91, No. 282-M
8. The house-tax registers were last revised in the official year 93-94 and the land tax registers in the official year. 93-94
9. Total extent of land assessed is 4475 acres.
10. The mode of estimating the annual rental of houses and lands is as follows:—

In cases where the actual cost of a building can be ascertained, 6 per Cent. of it is taken as the annual Rental, in other Cases a reasonable renting value is fixed. In Case of lands the rental is fixed at Rs 25 per Cawny of wet land, and at Rs 12 for a Cawny of dry land.

Chairman
Ex officio Chairman

Draft Budget Estimate of the Caddalore Municipality for 1895-96.

The Medical and Educational Budgets

Budgets for the same year forwarded by the District Surgeon and the Director of Public Instruction respectively.

Letter from the District Surgeon, Cuddalore, dated 10th December 1894, No. 779 Dn., forwarding Copy of remarks of the Surgeon-General with the Government of Madras made at his recent Inspection of the Hospitals and Dispensary in the Municipality in which that officer suggests that the Old Town Hospital be Amalgamated with the New Town Hospital, and remarking that the Staff attached at present to both Hospitals is too inadequate to meet the requirements of an indoor institution.

Resolved that the Educational Budget be approved with the alterations suggested by the Director of Public Instruction.

The Council unanimously Concur in the Amalgamation suggested by the Surgeon-General with the Government of Madras, as also in the changes proposed by the District Surgeon in the establishment of both Hospitals. The Council, Council, Concurs that the Amalgamation and Changes in the Establishment should take effect from 1895-96.

Resolved that the sum of Rs. 5-000 provided in the draft Budget for Constructing a bridge across the Espanar at Old Town be struck out, as the Council have to provide for the repairs of the New Town Hospital Roads the Amount at the disposal of the Council is quite insufficient for the Construction of a bridge; and also because no definite decision has as yet been arrived at by the District Board Engineer and the Executive Engineer as to the description of bridge which should be Constructed, the District Board Engineer suggesting one of Harper's steel rope suspension bridges at a cost of Rs. 9000, while the Executive Engineer, whose opinion was also solicited in the matter, is not prepared to say that a bridge of that description is the best that could be adopted across the Espanar and suggests the advisability of obtaining designs and Estimates, of

of iron bridges of Forts from Burn and Co. of Calcutta
& Rs. 2 other large Medical Stores before arriving at
any decision on the point:

Resolved that the Budget Estimate,
as framed by the District Surgeon, be approved
of with the following alterations:

(1) That Rs. 2 yoo be provided for repair
of the Hospitals at Aldand Mine Lower. Of this
sum Rs. 2500 is proposed to be expended in
renewing the roof of the Mine Lower Hospital which
stands much in need of repair, while the
remainder Rs. 200/2 for annual Sundry repairs
to both the Medical buildings.

(2) That there be no change in the number
of peons and Watchmen now employed in the
Medical institutions.

(3) That the matrons of the Lying-in-ward
attached to the Mine Lower Hospital be allowed
an increase of Rs. 5 to her salary Rs. 12 as House
Rent at Rs. 5 per mensem on the condition
that she resides in the vicinity of the
the Lying-in-ward.

(4) That a caste Midwife be attached to
the Sirumpapuliyer Dispensary.

Resolved by a majority that 2 more
clerks be entertained on salaries of Rs. 20 and
15 per mensem, and that Rs. 420 be provided in
the budget for the purpose as it is found that
the work has considerably increased.

Proposed by M. R. Ry P. I. Shadagopal-
Chariar Avergal and seconded by Mr. R. Ry.
G. Varadal Aiyer Avergal that Rs. 40 per mensem
be provided as the salary of Accountant of the
Municipal office as an efficient hand
cannot be secured for a smaller salary.

Carried unanimously.

JANUARY 1895, No. M., LOCAL AND MUNICIPAL.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper :—

From M.R.Ry. P. KRISHNA RAO Garu, B.A., B.L., ex-officio Chairman, Municipal Council, Cuddalore, to the Chief Secretary to Government (through the Collector of South Arcot), dated Cuddalore, 31st December 1894, No. 607.

I have the honour to forward, for the sanction of Government, revised estimate of the Cuddalore Municipality for the current year and the budget estimate for the ensuing official year 1895–96 accompanied by a copy of the resolution of the council at their meeting held on the 15th instant passing the same.

2. An abstract of the receipts and charges for the year, as compared with the revised statement for the current year and the actuals of 1893–94, is given below :—

Grand Total	44,718	52,730	53,640	51,680

Revised Estimate for 1894–95.

3. The actual opening balance is Rs. 1,720, as against Rs. 4,260 noted in the revised budget for 1893–94, which was chiefly due to the fall under receipts or taxes on lands and buildings. The total receipts of the year (excluding the opening balance) are estimated to be Rs. 51,920, against the budget estimate of Rs. 46,160.

4. The increase in the revised estimate, as compared with the budget, occurs chiefly under the following heads:—

	Rs.
(1) Tax on buildings and lands	3,500
(2) Tolls	480
(3) Fines under Municipal and other Acts	450
(4) Recoveries for service rendered to private individuals	100
(5) Advances recoverable	1,730
Total	6,260

5. The increase under items 1 and 4 is due to large arrears having been left outstanding at the end of last year and to better collections during the current year. The increase under tolls is due to the contract for the levy of tolls having been taken for a larger sum than what was anticipated, and the increase under item 3, Fines, &c., is due to the deterrent punishments awarded by the Bench of Magistrates.

6. The decrease in the revised budget chiefly occurs under sale-proceeds of night-soil, street refuse, &c., which amounts to Rs. 500, and this is due to slack competition when the contracts were put up in public auction.

7. Turning to the expenditure estimated to be incurred during the current year, there is a decrease of Rs. 2,550 on the whole, as compared with the original budget estimate, and this is due to the construction of the Uppanar bridge having been given up. The difference between the budget estimate and revised estimate under the different grants is shown below:—

	Budget estimate.	Revised estimate.
	Rs.	Rs.
Grant I	14,880	13,330
" II	4,510	4,590
" III	21,040	20,310
" IV	4,930	4,280
" V	3,910	4,210
Refunds of other than current collections	30	30
Total	49,300	46,750

8. The difference under Grant I, as compared with the budget, is chiefly due to the non-expenditure of the amount provided for erecting a bridge across the Uppanar, and the increase of expenditure under repairs of communications and buildings, *i.e.*, latrines, endowed choultry, fish market and toll-sheds and also to the adjustment of Rs. 800 advanced for the erection of a female ward for the Old Town hospital. The increase under Grant II is so slight that no remarks are called for. The decrease under Grant III is chiefly due to conservancy carts having been hired at a lower rate than that of last year and to the four new latrines not having been put up as intended. The saving under Grant IV is chiefly due to the low rate at which kerosine oil is being purchased from Best & Co. and the increase of expenditure under Grant V is due to arrears of commission to bill-collectors for 1893–94 having been paid during the current year.

Budget Estimate of 1895–96.

9. The large amount of the municipal balance with which the year 1895–96 is expected to open is explained by the fact that the sum of Rs. 4,700 provided in the current year's budget for constructing a bridge across the Uppanar at Old Town is not proposed to be utilized this year for the reasons given in the enclosed proceedings, and it is also due to improvement in the collections.

10. *Tax on Arts.*—The income of this tax is estimated at Rs. 250 below the figure entered in the revised estimate. A good portion of the arrears has been collected and stringent measures will be taken to realise the balance before the close of the current year, while the irrecoverable arrears, after careful inquiry, will be written off, leaving as little as possible of arrears for collection in 1895–96. Hence the receipts under this head are estimated at a figure slightly below that in the revised estimate,

11. *Taxes on Buildings and Lands.*—The above remarks relating to the tax on arts apply to this item as well.

12. *Tolls.*—The revenue from this is estimated at Rs. 13,000, against Rs. 14,280 entered in the revised estimate and Rs. 13,460 for which the contract was given out in the current year. In the sum of Rs. 14,280 is included an arrear of Rs. 820 which the contractor failed to pay for 1891–92 and which is expected to be collected before the end of March next. The council deem it the safer course to estimate the receipts from tolls for next year at a smaller sum than that for which they were farmed in the current year, there being reason to apprehend that the tolls may not sell so well in that year, as several ground-nut sheds have been or are being constructed outside the municipal limits for the storage of the large quantities of ground-nut which hitherto found their way direct into the town, and as the ground-nut is then expected to be carted into the town by the licensed carts of the municipality.

13. *Conservancy Receipts.*—It is feared that the sweepings will not sell so well next year, difficulty having been experienced in the current year in inducing people to come forward to bid for them, and hence the estimate of the receipts from sale of the town rubbish is slightly below that entered in the revised estimate.

14. *Fees and Revenue from Educational Institutions.*—The slight increase of Rs. 30 under this head is due to the expected increase in the number of pupils in certain municipal salary-results schools.

15. *Grants and Contributions from Government.*—The increase under this head arises from credit having been taken in the budget for 1895–96 for the grant from the Provincial funds on behalf of a drawing master for whose employment provision has been made in compliance with the suggestion of the Director of Public Instruction in his letter of the 8th November last, No. 1057, forwarding the Educational budget for next year.

16. *Advances Recoverable.*—The sum of Rs. 1,730 in the revised estimate was advanced to a councillor for erecting a female ward in connection with the Old Town hospital. The building has been completed and is now in use. This advance will be adjusted in the accounts for the current year. The sum of Rs. 100, shown in the budget for next year under the same head, was advanced to a councillor in 1893–94 for collecting materials for improving a culvert in Subroya Chetty street, Tiruppáppuliyúr. The vent of this culvert, which is an old construction, is so much below the surface of the street that it gets frequently chocked up with silt and it is considered desirable to improve it so as to effectively drain the street in which it is situated at a total cost of Rs. 350. The advance was made for purchase of particularly good granite stones, the culvert being situated in a street through which a big car has to pass every year; and it is hoped the stones will be soon ready and the work finished in the early part of next year.

17. The other items of receipt are much the same as those entered in the revised estimate and therefore call for no remark.

18. The total receipts from all sources of revenue, including the probable opening balance, are estimated at Rs. 51,680 and the expenditure, excluding the closing balance, at Rs. 47,980.

19. *Expenditure—Grant I, New Works.*—The amount allotted for works under this head is Rs. 1,950, and of this Rs. 250 is for constructing a culvert in Subroya Chetty street, Tiruppáppuliyúr, Rs. 300 for purchasing sixty corrugated-iron dust-bins, Rs. 600 for erecting two latrines on the standard plan, circulated with G.O., dated 5th April 1893, No. 462, and Rs. 800 for constructing a pucka vaccination depôt in connection with the New Town hospital in accordance with the suggestion of the Surgeon-General.

20. *Repairs.*—A sum of Rs. 8,300 is allotted under "Repairs." Rs. 5,000 of this sum is for keeping the streets and roads in order, Rs. 2,500 for renewing the roof of the New Town hospital which is in a very bad condition, and Rs. 200 for the ordinary annual repairs of the dispensary buildings, and Rs. 600 for the repair of the latrines.

21. *Drainage.*—Rs. 830 is provided under the head of "(ii) Establishment for flushing drains, &c.," against the same amount sanctioned in the budget for 1894–95 and against Rs. 740 provided in the revised estimate. The smaller figure in the revised estimate is due to the reduced rates of wages at which coolies were employed for flushing drains in the current year.

22. *Water-supply.*—There is no material change in the charges under this head.

23. *Tools and Plant and other Stores.*—The sum of Rs. 200 is allotted for expenditure under this head for 1895–96, as against Rs. 350 for the current year. There will be no necessity to purchase a large quantity of stores next year, and hence the decrease.

24. *Contribution for Public Works.*—The sum of Rs. 140 allotted under this head consists of Rs. 90, being contribution payable to the district board towards the salary of a storekeeper employed by it to watch the Gadilam and Pennar bridges, and Rs. 50 for the maintenance of the Gadilam flood embankment. The difference between the revised estimate and the budget estimate for 1895–96 is due to the payment in the current year of contribution in arrears for the period commencing on the 1st May 1892 and ending on the 30th September 1894 on account of the storekeeper's salary, for which no provision was made in the budget for the current year.

25. *Grant II—Education.*—A sum of Rs. 4,640 is proposed to be expended under this head during 1895–96. The figures are those given in the Educational budget furnished by the Director of Public Instruction with the following exception:—A sum of Rs. 60, which is included in the amount (Rs. 520) provided under "Fixed payments on salary-result system," is the salary of an assistant teacher proposed to be employed in the Fort Saint David salary-result school which has more than sixty pupils on its rolls. The Acting Sub-Assistant Inspector of Schools in recommending the appointment of a second teacher in his letter, dated 20th September 1894, No. 3287, remarked on the difficulty of a single teacher to manage a school with so many pupils without inconvenience to himself and disadvantage to the pupils, and pointed out that the cost of an additional teacher on Rs. 5 or 6 a month could be met, for the rest of the current year, from savings from the provision made for results grants. The council accordingly sanctioned an additional assistant teacher on a salary of Rs. 5 a month for the school on 9th October last. The prescribed proposition statement is herewith submitted, both for the current year and for 1895–96, for the sanction of Government. Rs. 250 is provided in the budget, at the instance of the Director of Public Instruction, for employing a drawing master for the schools in the municipality. Rs. 220 of this sum is his salary for 11 months at Rs. 20 a month and Rs. 30 for the purchase of the necessary drawing materials.

26. *Grant III—Sanitation and Medical Services—Hospitals and Dispensaries.*—The sum proposed for expenditure on hospitals and dispensaries is Rs. 9,600 as against Rs. 8,490 in the revised budget for the current year. The increase is partly due to the grant of an increase of salary to the matron of the lying-in ward, New Town, and of house rent to her and the hospital assistants attached to the Old Town hospital and Tiruppáppuliyúr dispensary and also to the provision made for a caste midwife for the latter dispensary and an additional nurse for the New Town hospital; and the increase in cost of medicines is due to fall in exchange. The grant of house-rent to the hospital assistants is in accordance with G.O., dated 4th September 1894, No. 1684 L., which permits it on the condition that they reside in the proximity of the institutions to which they are attached, and which they now do. The slight increase under diet of patients is ascribed to the amalgamation of the Old Town hospital with that in New Town which is expected to result in a larger number of patients resorting to the latter for admission as in-patients.

27. A proposition statement in the prescribed form is herewith submitted for the increases and alterations proposed by the District Surgeon in the establishment to be maintained in the hospital, dispensaries and lying in ward in the municipality in consequence of this amalgamation.

28. *Conservancy.*—Provision was made in the budget for the current year for the erection of four leaf-latrines, but these were not put up, the Sanitary Commissioner, in his letter, dated 28th February 1894, No. 537-S, contained in G.O., dated 30th

March 1894, No. 407 M., Mis., having objected to the construction of such latrines. Provision has been made for the construction of two latrines on the standard plan in 1895–96 and the pay of the toties to be employed for them has been added to the budget estimate, and hence the difference between budget estimate for 1895–96 and revised estimate for current year under this head.

29. A sum of Rs. 300 is provided for removing prickly-pear, which is growing badly on road sides in some localities.

30. *Grant IV—Slaughter-house—(a) Establishment and (b) Contingencies.*—The increase under this head over the revised estimate is due to provision made for a sweeper for a slaughter-house proposed for Tiruppáppuliyúr. Provision was made in the original budget for 1894–95 for this, but it has been omitted in the revised estimate, as a slaughter-house could not be constructed in the current year on account of the difficulty in securing a proper site. It is, however, hoped that one will be constructed early in 1895–96.

31. *Travellers' Bungalow.*—The decrease in the charges estimated under this head is due to smaller provision made for contingencies in the budget for next year, the amount allotted in the current year being sufficient to provide the institution with furniture and other articles required for the use of travellers.

32. The slight alterations in the other items under this grant will be found explained in Comparative Statement VI.

33. *Grant V.*—The increase under "(*a*) General Establishment—(i) Office Establishment" arises from the provision for the pay of two clerks and of an increase to the pay of the accountant as explained in the accompanying proceedings. The decrease in the budget grant for 1895–96 under "(*b*) Collection of taxes—(i) Establishment" as compared with the revised estimate, is attributed to the payment, in the current year, of commission in arrears due to bill collectors for collections made by them in 1893–94. No such arrear payment will recur, the bill collectors being now paid by fixed salaries. I deem it necessary to take this opportunity to bring prominently to the notice of Government the large increase in the work of the municipal office, the difficulty—if not the impossibility—of the establishment at its present strength effectively coping with it, and the urgent necessity for the employment of additional hands at a slightly-increased cost. In proof of this, I append a statement showing the work which is turned out at present compared with the work in 1884–85. With the exception of an attender and a storekeeper, who were entertained subsequent to 1884–85, and from whom no clerical office work could be expected, the establishment remains the same as it was in the above mentioned year :—

Particulars.	1884–85.	1894–95.	Increase.	Remarks.
	Rs.	Rs.	Rs.	
1. Bills on tax on arts	3,000	9,000	6,000	In 1884–85 one bill had to be prepared for the whole year, while they have now to be prepared in duplicate for each half-year and a demand notice in addition.
2. ,, buildings	8,556	31,800	23,244	
3. ,, lands	5,508	20,100	14,592	
4. ,, waste lands	..	3,288	3,288	
5. ,, private scavenging service ..	..	280	280	

In addition to the above, the following registers, &c., have to be maintained which were not in existence in 1884–85 :—

(1) Warrant register.
(2) Register of distrained property.
(3) ,, stamp account.
(4) ,, tools and plant.
(5) ,, private scavengering.
(6) ,, waste lands.
(7) ,, printed forms.
(8) ,, arrear demands.
(9) Miscellaneous demand register—
  (1) Tolls.
  (2) Street sweepings.
(10) All other demand—
  (1) Register of advances.
  (2) ,, office furniture.
(11) Register of contingent charges.
(12) Miscellaneous receipts (Form No. 14).
(13) Vaccination register recently ordered to be introduced by Government in G.O., dated 19th October 1894, No. 1502 M.

34. The above figures and registers clearly show that the work has considerably increased. The work involved in preparing notices of demand and bills is very heavy. Formerly, only one bill was prepared and issued for the year for the tax due on house or land property, but at present it is collected half-yearly, and for each property taxed a notice of demand and bills in duplicate have to be prepared, according to the forms recently introduced at the instance of the Inspector of Local Fund Accounts. The same remarks apply to the trades and profession tax. The above statement does not contain other heavy scriptory work which has been increasing year after year. To meet the question how the work has been done during the last ten years, I would submit that until the beginning of this year the services of bill collectors who were paid on the commission system and those of volunteers were utilized in getting the bills written up. There were twelve bill collectors working under the commission system, and when the present system of paying them a fixed salary was introduced the number was reduced to eight, and the Government was not pleased to sanction an increase asked for in this office letter, dated 9th August 1894, No. 271. I would further submit that the work as at present turned out is very unsatisfactory and the bills are anything but accurate and there is much scope for improvement. I may also add that the cost of the establishment as proposed will only be 9·95 per cent. of the estimated receipts of 1895–96 excluding the opening balance and 8·63 per cent. of the gross receipts for 1895–96. Under the circumstances, I beg that the Government will be pleased to sanction the increase of hands applied for under Grant V.

35. With reference to paragraph 3 of clause (2) of G.O., dated 17th September 1894, No. 1274 M., Local and Municipal, reviewing the report of this municipality for 1893–94, I beg to submit statements in Form IV-A, showing the arrear and current collections under the trades and profession and house and land taxes, &c. It will be seen that the arrears have been considerably reduced and that the collections of the trades and profession and house taxes for the current year are fair. Out of an arrear of Rs. 1,405 under trade and professional tax that was outstanding on 1st April 1894, there is now only Rs. 53 due, most of which will have to be written off. The arrear of Rs. 4,759 under house tax has been reduced to Rs. 229, which will be collected or written off before the close of the next month. The arrear under land rate, though considerably reduced from Rs. 5,042 to 720, I regret the arrear is still large, chiefly owing to the difficulty in identifying the parties, but every effort will be made to bring in every pie outstanding before the end of March next. The arrear under private scavengering fees has been reduced to Rs. 4, almost the whole being irrecoverable owing to the parties having left the station. The only other arrear is that of Rs. 820 due by the late toll contractor, Jaganada Pillai. Steps will be taken by the council at once to recover the amount due. Next, coming to the collections for the current year, it will be seen that the collections under all heads but the tax on lands is fair. I regret the land-rate bills were not issued till the beginning of this month as the bill collectors were already in possession of a large number of bills for current and arrear taxes, and it was not considered desirable to entrust them with more bills. In conclusion, I beg to submit that there will be little to be collected at the end of the official year if the bill collectors be properly worked and their work checked once every week, as has been done during the past four months.

—

Forwarded.

2. The improvement in the administration of municipal affairs in Cuddalore during the last few months is due to the fact that the Divisional officer as ex-officio Chairman has been at the head of the council. Two abortive elections were held for the post of Chairman. The next is fixed for an early date this month.

(Signed) A. E. CASTLESTUART STUART,
Acting Collector.

5th January 1895.

36 M

Cuddalore

Revised Estimate for 1894-95

2. The current receipts and charges are now estimated at Rs 51,920 & Rs 46,750 respectively, against Rs 46,160 & Rs 49,300 anticipated in the sanctioned budget. The increase in the receipts occurs chiefly under the tax on buildings and lands, and advances recovered, while the decrease in the charges appears mainly under grants I & III. The sanction of government which is now accorded, should have been previously obtained for the entertainment of the Assistant Master on Rs 5 in the Fort St David School, referred to in paragraph 25 of the Chairman's letter. The Construction of the Uppanar bridge should not be indefinitely postponed. With the aid of the District Board and by raising a loan× of the amount repayable in instalments, the Council should be well able to meet the necessary expenditure.

× The loan is admissible vide para 4 of proc of Dist Board Resolve in page 4 of G.O. dt 8-2-95 N° 322

Budget Estimate for 1895-96.

3. Receipts. The receipts for the ensuing year are set down at Rs 44,790 against the revised estimate of Rs 51,920 which included arrears under the tax on buildings and lands and a larger income under Tolls and Advances Recovered. The Estimate under

The amount taken credit for under Government grant for Education will be allowed to stand, pending receipt of the remarks of the Director of Public Instruction on this portion of the budget.

4. Charges (1). The probable charges are entered as Rs 47,980 against Rs 46,750 in the revised estimate, the increase which appears chiefly under grant III being partially counterbalanced by a decline under grant I.

(2) grant I. The allotment for repairs to Communications will be raised to Rs 5,500, the figure adopted in the budget estimate for 1894-95. The grounds upon which it is considered necessary to construct the vaccination depôt referred to in paragraph 19 of the chairman's letter should be reported, and pending further orders, the work should not be put in hand

(3) grant II. The proposed increase of Rs 2 to the salary of the Head Master of the Fort St. David School, and the entertainment of a drawing Master on Rs 20 are sanctioned, subject to the remarks of the Director of Public Instruction, but the former of these proposals should have been referred to in the chairman's letter.

(4) grant III. The remarks of the Surgeon General and the Sanitary Commissioner on this portion of the budget will

shen to have been distributed among the proper budget heads, and not shown in a lump under normal stipends.

VP 5295

* Note in Cs

This depôt may perhaps be unnecessary if the vaccination depôt be remained on the lines suggested by Dr Kling. The file on this latter question will be sent up in a few days.

(1)

The allotment under Municipal schools on the salary results system will be raised by Rs 30 with reference to para 1 of the Director's letter read above

VP 5-95

will be awaited. Meanwhile, the entertainment of an additional midwife on Rs 12, and a nurse on Rs 4, and the proposal to dispense with the services of one of the hospital Cooks on Rs 5, to which also reference should have been made in the chairman's letter, are sanctioned. The proposed increase to the salary of the hospital matron cannot however be approved as the necessity for it has not been established. The grounds for amalgamating the Old and New Town Institutions should have been stated, and the steps to this end which are proposed, explained. The chairman is requested to supply both these omissions at an early date.

(2)

(5) grant V. The alterations in the Municipal office Establishment referred to in paragraph 33 of the chairman's letter are sanctioned. The contribution for the Central office Establishments will, with reference to G.O. dated 4th December 1894 No. 2527 L, be raised from Rs 210 to Rs 240.

5. The budget as revised by Government closes with a balance of Rs 3280 or 7.2 per cent of the estimated receipts.

The statement in paragraph 2 of

of the Chairman's letter was unnecessary, and should be omitted in future.

To
The Chairman, M. C. Cuddalore.

5TH FEBRUUARY 1895, No. 168 M., LOCAL AND MUNICIPAL.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers :—

From M.R.Ry. P. KRISHNA RAO Garu, B.A., B.L., ex-officio Chairman, Municipal Council, Cuddalore, to the Chief Secretary to Government (through the Collector of South Arcot), dated Cuddalore, 31st December 1894, No. 607.

I have the honour to forward, for the sanction of Government, revised estimate of the Cuddalore Municipality for the current year and the budget estimate for the ensuing official year 1895–96 accompanied by a copy of the resolution of the council at their meeting held on the 15th instant passing the same.

2. An abstract of the receipts and charges for the year, as compared with the revised statement for the current year and the actuals of 1893–94, is given below :—

REVISED ESTIMATE FOR 1894–95.

3. The actual opening balance is Rs. 1,720, as against Rs. 4,260 noted in the revised budget for 1893–94, which was chiefly due to the fall under receipts or taxes on lands and buildings. The total receipts of the year (excluding the opening balance) are estimated to be Rs. 51,920, against the budget estimate of Rs. 46,160.

4. The increase in the revised estimate, as compared with the budget, occurs chiefly under the following heads:—

	RS.
(1) Tax on buildings and lands	3,500
(2) Tolls	480
(3) Fines under Municipal and other Acts	450
(4) Recoveries for service rendered to private individuals	100
(5) Advances recoverable	1,730
Total	6,260

5. The increase under items 1 and 4 is due to large arrears having been left outstanding at the end of last year and to better collections during the current year. The increase under tolls is due to the contract for the levy of tolls having been taken for a larger sum than what was anticipated, and the increase under item 3, Fines, &c., is due to the deterrent punishments awarded by the Bench of Magistrates.

6. The decrease in the revised budget chiefly occurs under sale-proceeds of night-soil, street refuse, &c., which amounts to Rs. 500, and this is due to slack competition when the contracts were put up in public auction.

7. Turning to the expenditure estimated to be incurred during the current year, there is a decrease of Rs. 2,550 on the whole, as compared with the original budget estimate, and this is due to the construction of the Uppanar bridge having been given up. The difference between the budget estimate and revised estimate under the different grants is shown below:—

	Budget estimate.	Revised estimate.
	RS.	RS.
Grant I	14,880	13,330
" II	4,510	4,590
" III	21,040	20.310
" IV	4,930	4,280
" V	3,910	4,210
Refunds of other than current collections	30	30
Total	49,300	46,750

8. The difference under Grant I, as compared with the budget, is chiefly due to the non-expenditure of the amount provided for erecting a bridge across the Uppanar, and the increase of expenditure under repairs of communications and buildings, *i.e.*, latrines, endowed choultry, fish market and toll-sheds and also to the adjustment of Rs. 800 advanced for the erection of a female ward for the Old Town hospital. The increase under Grant II is so slight that no remarks are called for. The decrease under Grant III is chiefly due to conservancy carts having been hired at a lower rate than that of last year and to the four new latrines not having been put up as intended. The saving under Grant IV is chiefly due to the low rate at which kerosine oil is being purchased from Best & Co. and the increase of expenditure under Grant V is due to arrears of commission to bill-collectors for 1893–94 having been paid during the current year.

BUDGET ESTIMATE OF 1895–96.

9. The large amount of the municipal balance with which the year 1895–96 is expected to open is explained by the fact that the sum of Rs. 4,700 provided in the current year's budget for constructing a bridge across the Uppanar at Old Town is not proposed to be utilized this year for the reasons given in the enclosed proceedings, and it is also due to improvement in the collections.

10. *Tax on Arts.*—The income of this tax is estimated at Rs. 250 below the figure entered in the revised estimate. A good portion of the arrears has been collected and stringent measures will be taken to realise the balance before the close of the current year, while the irrecoverable arrears, after careful inquiry, will be written off, leaving as little as possible of arrears for collection in 1895–96. Hence the receipts under this head are estimated at a figure slightly below that in the revised estimate.

11. *Taxes on Buildings and Lands.*—The above remarks relating to the tax on arts apply to this item as well.

12. *Tolls.*—The revenue from this is estimated at Rs. 13,000, against Rs. 14,280 entered in the revised estimate and Rs. 13,460 for which the contract was given out in the current year. In the sum of Rs. 14,280 is included an arrear of Rs. 820 which the contractor failed to pay for 1891–92 and which is expected to be collected before the end of March next. The council deem it the safer course to estimate the receipts from tolls for next year at a smaller sum than that for which they were farmed in the current year, there being reason to apprehend that the tolls may not sell so well in that year, as several ground-nut sheds have been or are being constructed outside the municipal limits for the storage of the large quantities of ground-nut which hitherto found their way direct into the town, and as the ground-nut is then expected to be carted into the town by the licensed carts of the municipality.

13. *Conservancy Receipts.*—It is feared that the sweepings will not sell so well next year, difficulty having been experienced in the current year in inducing people to come forward to bid for them, and hence the estimate of the receipts from sale of the town rubbish is slightly below that entered in the revised estimate.

14. *Fees and Revenue from Educational Institutions.*—The slight increase of Rs. 30 under this head is due to the expected increase in the number of pupils in certain municipal salary-results schools.

15. *Grants and Contributions from Government.*—The increase under this head arises from credit having been taken in the budget for 1895–96 for the grant from the Provincial funds on behalf of a drawing master for whose employment provision has been made in compliance with the suggestion of the Director of Public Instruction in his letter of the 8th November last, No. 1057, forwarding the Educational budget for next year.

16. *Advances Recoverable.*—The sum of Rs. 1,730 in the revised estimate was advanced to a councillor for erecting a female ward in connection with the Old Town hospital. The building has been completed and is now in use. This advance will be adjusted in the accounts for the current year. The sum of Rs. 100, shown in the budget for next year under the same head, was advanced to a councillor in 1893–94 for collecting materials for improving a culvert in Subroya Chetty street, Tiruppáppuliyúr. The vent of this culvert, which is an old construction, is so much below the surface of the street that it gets frequently chocked up with silt and it is considered desirable to improve it so as to effectively drain the street in which it is situated at a total cost of Rs. 350. The advance was made for purchase of particularly good granite stones, the culvert being situated in a street through which a big car has to pass every year; and it is hoped the stones will be soon ready and the work finished in the early part of next year.

17. The other items of receipt are much the same as those entered in the revised estimate and therefore call for no remark.

18. The total receipts from all sources of revenue, including the probable opening balance, are estimated at Rs. 51,680 and the expenditure, excluding the closing balance, at Rs. 47,980.

19. *Expenditure—Grant I, New Works.*—The amount allotted for works under this head is Rs. 1,950, and of this Rs. 250 is for constructing a culvert in Subroya Chetty street, Tiruppáppuliyúr, Rs. 300 for purchasing sixty corrugated-iron dust-bins, Rs. 600 for erecting two latrines on the standard plan, circulated with G.O., dated 5th April 1893, No. 462, and Rs. 800 for constructing a pucka vaccination depôt in connection with the New Town hospital in accordance with the suggestion of the Surgeon-General.

20. *Repairs.*—A sum of Rs. 8,300 is allotted under "Repairs." Rs. 5,000 of this sum is for keeping the streets and roads in order, Rs. 2,500 for renewing the roof of the New Town hospital which is in a very bad condition, and Rs. 200 for the ordinary annual repairs of the dispensary buildings, and Rs. 600 for the repair of the latrines.

21. *Drainage.*—Rs. 830 is provided under the head of "(ii) Establishment for flushing drains, &c.," against the same amount sanctioned in the budget for 1894–95 and against Rs. 740 provided in the revised estimate. The smaller figure in the revised estimate is due to the reduced rates of wages at which coolies were employed for flushing drains in the current year.

22. *Water-supply.*—There is no material change in the charges under this head.

23. *Tools and Plant and other Stores.*—The sum of Rs. 200 is allotted for expenditure under this head for 1895–96, as against Rs. 350 for the current year. There will be no necessity to purchase a large quantity of stores next year, and hence the decrease.

24. *Contribution for Public Works.*—The sum of Rs. 140 allotted under this head consists of Rs. 90, being contribution payable to the district board towards the salary of a storekeeper employed by it to watch the Gadilam and Pennar bridges, and Rs. 50 for the maintenance of the Gadilam flood embankment. The difference between the revised estimate and the budget estimate for 1895–96 is due to the payment in the current year of contribution in arrears for the period commencing on the 1st May 1892 and ending on the 30th September 1894 on account of the storekeeper's salary, for which no provision was made in the budget for the current year.

25. *Grant II—Education.*—A sum of Rs. 4,640 is proposed to be expended under this head during 1895–96. The figures are those given in the Educational budget furnished by the Director of Public Instruction with the following exception:—A sum of Rs. 60, which is included in the amount (Rs. 520) provided under "Fixed payments on salary-result system," is the salary of an assistant teacher proposed to be employed in the Fort Saint David salary-result school which has more than sixty pupils on its rolls. The Acting Sub-Assistant Inspector of Schools in recommending the appointment of a second teacher in his letter, dated 20th September 1894, No. 3287, remarked on the difficulty of a single teacher to manage a school with so many pupils without inconvenience to himself and disadvantage to the pupils, and pointed out that the cost of an additional teacher on Rs. 5 or 6 a month could be met, for the rest of the current year, from savings from the provision made for results grants. The council accordingly sanctioned an additional assistant teacher on a salary of Rs. 5 a month for the school on 9th October last. The prescribed proposition statement is herewith submitted, both for the current year and for 1895–96, for the sanction of Government. Rs. 250 is provided in the budget, at the instance of the Director of Public Instruction, for employing a drawing master for the schools in the municipality. Rs. 220 of this sum is his salary for 11 months at Rs. 20 a month and Rs. 30 for the purchase of the necessary drawing materials.

26. *Grant III—Sanitation and Medical Services—Hospitals and Dispensaries.*—The sum proposed for expenditure on hospitals and dispensaries is Rs. 9,600 as against Rs. 8,490 in the revised budget for the current year. The increase is partly due to the grant of an increase of salary to the matron of the lying-in ward, New Town, and of house rent to her and the hospital assistants attached to the Old Town hospital and Tiruppáppuliyúr dispensary and also to the provision made for a caste midwife for the latter dispensary and an additional nurse for the New Town hospital; and the increase in cost of medicines is due to fall in exchange. The grant of house-rent to the hospital assistants is in accordance with G.O., dated 4th September 1894, No. 1684 L., which permits it on the condition that they reside in the proximity of the institutions to which they are attached, and which they now do. The slight increase under diet of patients is ascribed to the amalgamation of the Old Town hospital with that in New Town which is expected to result in a larger number of patients resorting to the latter for admission as in-patients.

27. A proposition statement in the prescribed form is herewith submitted for the increases and alterations proposed by the District Surgeon in the establishment to be maintained in the hospital, dispensaries and lying-in ward in the municipality in consequence of this amalgamation.

28. *Conservancy.*—Provision was made in the budget for the current year for the erection of four leaf-latrines, but these were not put up, the Sanitary Commissioner, in his letter, dated 28th February 1894, No. 537-S, contained in G.O., dated 30th

March 1894, No. 407 M., Mis., having objected to the construction of such latrines. Provision has been made for the construction of two latrines on the standard plan in 1895–96 and the pay of the toties to be employed for them has been added to the budget estimate, and hence the difference between budget estimate for 1895–96 and revised estimate for current year under this head.

29. A sum of Rs. 300 is provided for removing prickly-pear, which is growing badly on road sides in some localities.

30. *Grant IV—Slaughter-house—(a) Establishment and (b) Contingencies.*—The increase under this head over the revised estimate is due to provision made for a sweeper for a slaughter-house proposed for Tiruppáppuliyúr. Provision was made in the original budget for 1894–95 for this, but it has been omitted in the revised estimate, as a slaughter-house could not be constructed in the current year on account of the difficulty in securing a proper site. It is, however, hoped that one will be constructed early in 1895–96.

31. *Travellers' Bungalow.*—The decrease in the charges estimated under this head is due to smaller provision made for contingencies in the budget for next year, the amount allotted in the current year being sufficient to provide the institution with furniture and other articles required for the use of travellers.

32. The slight alterations in the other items under this grant will be found explained in Comparative Statement VI.

33. *Grant V.*—The increase under "(a) General Establishment—(i) Office Establishment" arises from the provision for the pay of two clerks and of an increase to the pay of the accountant as explained in the accompanying proceedings. The decrease in the budget grant for 1895–96 under "(b) Collection of taxes—(i) Establishment" as compared with the revised estimate, is attributed to the payment, in the current year, of commission in arrears due to bill collectors for collections made by them in 1893–94. No such arrear payment will recur, the bill collectors being now paid by fixed salaries. I deem it necessary to take this opportunity to bring prominently to the notice of Government the large increase in the work of the municipal office, the difficulty—if not the impossibility—of the establishment at its present strength effectively coping with it, and the urgent necessity for the employment of additional hands at a slightly-increased cost. In proof of this, I apppend a statement showing the work which is turned out at present compared with the work in 1884–85. With the exception of an attender and a storekeeper, who were entertained subsequent to 1884–85, and from whom no clerical office work could be expected, the establishment remains the same as it was in the above mentioned year :—

Particulars.	1884–85.	1894–95.	Increase.	Remarks.
1. Bills on tax on arts	Rs. 3,000	Rs. 9,000	Rs. 6,000	In 1884–85 one bill had to be prepared for the whole year, while they have now to be prepared in duplicate for each half-year and a demand notice in addition.
2. ,, buildings	8,556	31,800	23,244	
3. ,, lands	5,508	20,100	14,592	
4. ,, waste lands	..	3,288	3,288	
5. ,, private scavenging service ..	..	280	280	

In addition to the above, the following registers, &c., have to be maintained which were not in existence in 1884–85 :—

(1) Warrant register.
(2) Register of distrained property.
(3) ,, stamp account.
(4) ,, tools and plant.
(5) ,, private scavengering.
(6) ,, waste lands.
(7) ,, printed forms.
(8) ,, arrear demands.
(9) Miscellaneous demand register—
  (1) Tolls.
  (2) Street sweepings.
(10) All other demand—
  (1) Register of advances.
  (2) ,, office furniture.
(11) Register of contingent charges.
(12) Miscellaneous receipts (Form No. 14).
(13) Vaccination register recently ordered to be introduced by Government in G.O., dated 19th October 1894, No. 1502 M.

34. The above figures and registers clearly show that the work has considerably increased. The work involved in preparing notices of demand and bills is very heavy. Formerly, only one bill was prepared and issued for the year for the tax due on house and land property, but at present it is collected half-yearly, and for each property taxed a notice of demand and bills in duplicate have to be prepared, according to the forms recently introduced at the instance of the Inspector of Local Fund Accounts. The same remarks apply to the trades and profession tax. The above statement does not contain other heavy scriptory work which has been increasing year after year. To meet the question how the work has been done during the last ten years, I would submit that until the beginning of this year the services of bill collectors who were paid on the commission system and those of volunteers were utilized in getting the bills written up. There were twelve bill collectors working under the commission system, and when the present system of paying them a fixed salary was introduced the number was reduced to eight, and the Government was not pleased to sanction an increase asked for in this office letter, dated 9th August 1894, No. 271. I would further submit that the work as at present turned out is very unsatisfactory and the bills are anything but accurate and there is much scope for improvement. I may also add that the cost of the establishment as proposed will only be 9·95 per cent. of the estimated receipts of 1895–96 excluding the opening balance and 8·63 per cent. of the gross receipts for 1895–96. Under the circumstances, I beg that the Government will be pleased to sanction the increase of hands applied for under Grant V.

35. With reference to paragraph 3 of clause (2) of G.O., dated 17th September 1894, No. 1274 M., Local and Municipal, reviewing the report of this municipality for 1893–94, I beg to submit statements in Form IV-A, showing the arrear and current collections under the trades and profession and house and land taxes, &c. It will be seen that the arrears have been considerably reduced and that the collections of the trades and profession and house taxes for the current year are fair. Out of an arrear of Rs. 1,405 under trade and professional tax that was outstanding on 1st April 1894, there is now only Rs. 53 due, most of which will have to be written off. The arrear of Rs. 4,759 under house tax has been reduced to Rs. 229, which will be collected or written off before the close of the next month. The arrear under land rate, though considerably reduced from Rs. 5,042 to 720, I regret the arrear is still large, chiefly owing to the difficulty in identifying the parties, but every effort will be made to bring in every pie outstanding before the end of March next. The arrear under private scavengering fees has been reduced to Rs. 4, almost the whole being irrecoverable owing to the parties having left the station. The only other arrear is that of Rs. 820 due by the late toll contractor, Jaganada Pillai. Steps will be taken by the council at once to recover the amount due. Next, coming to the collections for the current year, it will be seen that the collections under all heads but the tax on lands is fair. I regret the land-rate bills were not issued till the beginning of this month as the bill collectors were already in possession of a large number of bills for current and arrear taxes, and it was not considered desirable to entrust them with more bills. In conclusion, I beg to submit that there will be little to be collected at the end of the official year if the bill collectors be properly worked and their work checked once every week, as has been done during the past four months.

—

Forwarded.

2. The improvement in the administration of municipal affairs in Cuddalore during the last few months is due to the fact that the Divisional officer as ex-officio Chairman has been at the head of the council. Two abortive elections were held for the post of Chairman. The next is fixed for an early date this month.

(Signed) A. E. CASTLESTUART STUART,
Acting Collector.

5th January 1895.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 29th January 1895, No. 900.

Referring to the budget estimate of the Cuddalore Municipality for 1895–96, I have the honour to state that the provision made therein for education is sufficient and may be adopted with an addition of Rs. 30 to the allotment for "Results stipends" to teachers in municipal schools, which, with reference to the actuals of 1893–94, should be fixed at Rs. 250.

2. The sum of Rs. 205 taken credit for under "Grants from Government" is not wholly on behalf of stipends to students to be sent for training; but consists of (i) Rs. 70, stipendiary grant; (2) Rs. 125, grant for the drawing master's pay and drawing materials; and (3) Rs. 10, results grants for girls in the municipal schools.

3. The net expenditure proposed under Grant II is Rs. 4,340 (4,670 — 330), or about 11·7 per cent. of the estimated income of the municipality from taxation, markets and rents.

Order—dated 5th February 1895, No. 168 M., Local and Municipal.

The estimated receipts and charges of the Cuddalore Municipality for 1895–96, as passed by Government, are compared below with the budget and revised estimates for the year 1894–95 and the actuals of 1893–94 :—
