Note to Statement I.

1. Tax on arts, &c., is levied on ~~the first~~ all classes.
2. Tax on buildings is levied at 7½ per cent. and tax on lands at 7½ annas per cent. of rent value. for every 80 square yards.
3. Water-tax on buildings and lands is levied at — per cent.
4. Tax on vehicles and animals is levied at — the maximum rates.
5. Tax on carts, &c., is levied at Rs. 4 per cart per annum.
6. Tolls are levied at half the maximum rates.
7. License-fees are levied at the rates sanctioned in G.O. dated 27th July 1885 No 323 —
8. The house-tax registers were last revised in the official year 91/92 and the land tax registers in the official year. 91/92
9. Total extent of land assessed is 409 acres.
10. The mode of estimating the annual rental of houses and lands is as follows:—

The actual value of houses is estimated with reference to a classification of rates from a rental of Rs 3 to Rs 1,800. The lands are classified in 8 classes and the average rent being ascertained, the rates are fixed per ten perkonis of 1 acre or 36 square feet, no distinction being made whether the land is leased or not.

Chairman.

No 145

Brenen College
Tellicherry 23rd April 1895

From,

The Head Master
Brenen College
Tellicherry

To,

The Inspecting Officer
Western Circle

Sir,

I have the honor to submit my report on the working of the Brenen College for the year 1894-95

Staff The only change in the staff was due to the resignation in April last of Mrs. N. P. Sreenivasa Aiyer a Sanskrit Graduate and a Teacher in Teaching and the acting appointment of Mrs. M. Govindan Nayar B.A. in her place as 5th Assistant. This change however has been prejudicial to the teaching of Sanskrit, as there is now no graduate on the staff who can gi

Inspection in Sanskrit.

Number on the rolls. The year began with 198 on the rolls; the strength now is 236 or an increase of 38. This increase is common to all departments but is most marked in the Lower Secondary Classes. The average attendance for the year was 185.8.

Accommodation. In his inspection of the College in November last Mr. Logan the Inspector commented on the inefficiency of the Accommodation With the Calendar year the Strain on the teachers has become more intense with the large increase of Students. The College requires urgently a Science Room, a Reading room and a Drawing Room. Additions to the Value of Rs 184 were made during the year to the Scientific apparatus which is now fairly complete.

Examinations. The College did not fare as well at the Public Examinations as was Expected. For the F.A. 30 were sent up & whom 9 passed. One of our boys however stood first in Sanskrit passing 1st in the Presidency. For the Matriculation 7 passed out of 29. In the Lower Secondary Examination out of 18 Sent up 4 passed the Complete test and 2 in the Compulsory portion.

Drawing. 15 boys were sent up for the preliminary Examination in Drawing of these 10 passed, a hopeful V.P. Among Drawing first. This subject is now taught systematically in all Classes up to the Matriculation.

Finance. The total Receipts for the year amount to Rs 9390-11-6. and the total Expenditure Rs 10471-7-3. If the interest on the Branch Endowment had been received in time the net Cost to the municipality would have been Rs 737-9-7. As it is the deficit falls on the latter and

Fort St. George dated 23rd July 1895
No. 348.

22 October 1706

TH OCTOBER 1895, No. M., LOCAL AND MUNICIPAL.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper:—

From M.R.Ry. V. KARUNAKARA MENON, Avergal, Chairman, Municipal Council, Tellicherry, to the Chief Secretary to Government (through the Sub-Collector of Malabar), dated 23rd July 1895, No. 348.

I have the honour to report on the working of Act IV of 1884 at Tellicherry during the official year 1894–95 and to submit the statements prescribed in G.O., No. 2193 M., dated 12th December 1891, together with extract from the Proceedings of Council, dated 17th July 1895, passing the same for submission to Government.

I.—CONSTITUTION OF THE COUNCIL.

2. At the beginning of the year the council had its full strength of eighteen members and during the year eight vacancies occurred among the elected councillors, of which three seats only were contested. Two members, viz., Mr. P. J. DeRozario and M.R.Ry. Koroth Ramunni, who were nominated by Government, were re-appointed on the expiration of their term of office.

3. The number of meetings actually held was thirty-one, exclusive of nine adjourned for want of quorum. The lists of voters and of persons qualified to be elected as councillors were prepared in accordance with G.O., No. 1870 M., dated 8th December 1890. The total number of registered voters was 1,055 and that of persons qualified to be elected as councillors was 268.

4. The office of Chairman was held by M.R.Ry. K. Krishna Kurup till the 25th January 1895, when his term as councillor expired. The Revenue Divisional officer, Mr. A. F. Pinhey, took over charge on that date and delegated his powers to Mr. A. F. Lemerle, councillor, who continued till 18th February 1895, when the Revenue Divisional officer resumed charge and again delegated his powers to myself. I was elected Chairman at a meeting held on the 31st January 1895, gazetted on the 12th March 1895, and assumed charge of office on the 15th idem.

II.—RECEIPTS.

5. The subjoined statement shows the receipts under the various heads of revenue :—

—	Actuals of 1893–94.	Actuals of 1894–95.	Increase.	Decrease.	Revised Estimate for 1894–95.
	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs.
Balance brought forward	919 3 0	3,490 3 11	2,571 0 11	..	3,496
2. Municipal rates and taxes	24,378 12 1	21,808 13 8	..	2,569 14 5	24,730
3. Realization under special Acts	110 3 0	100 8 0	..	9 11 0	100
4. Revenue derived from property and powers apart from taxation.	13,322 2 3	13,628 12 6	306 10 3	..	14,080
5. Grants and contributions	7,631 8 3	3,710 2 6	..	3,921 5 9	3,590
6. Miscellaneous	2,016 2 8	1,922 2 1	..	94 0 7	2,130
7. Extraordinary and debt	5,030 1 6	41 4 0	..	4,988 13 6	50
Total ..	52,488 13 9	41,211 10 9	306 10 3	11,583 13 3	44,680
Grand Total ..	53,408 0 9	44,701 14 8	..	..	48,170

6. From the above comparative statement it will be observed that the total income of the year was Rs. 41,211-10-9 and that as compared with the actuals of Rs. 52,488-13-9 of the preceding year shows a decrease of Rs. 11,277-3-0, which is chiefly due to the fact that during the preceding year there was a receipt of contribution of Rs. 4,000 from the district board on account of construction of the Coast Cliff road and a loan of Rs. 5,000 from Government, as well as to a falling off in receipts under rates and taxes of Rs. 2,569-14-5 during the year under report.

7. *Opening Balance.*—The year opened with a balance of Rs. 3,490-3-11 in the treasury exclusive of deposit of Rs. 558-11-10.

A.—Receipts from Taxation.

8. *Tax on Buildings and Lands.*—The collection of house-tax arrears amounted to Rs. 3,087-7-4 and current Rs. 9,137-4-7, which fell below the revised estimate by Rs. 775-4-1. The land-tax collection under arrears was Rs. 764-2-10 and current Rs. 1,558-0-9, which also fell below the revised estimate by Rs. 677-12-5. The total extent of land assessed was 1,109 acres. The penalties under these heads inflicted by the Bench of Magistrates amounted to Rs. 17-4-0. The assessment of these taxes was revised in 1891-92.

9. *Tax on Arts.*—The total receipts under arrears was Rs. 413-8-0 and under current Rs. 3,022-8-0 exclusive of Rs. 3 received on account of the volunteer sergeant instructor and credited to contribution from Government "Other purposes" and of Rs. 1-8-0 in deposit in the matter of an appeal which was not disposed of by the council before the close of the year. The penalty on account of tax on arts inflicted by the Bench of Magistrates amounted to Rs. 10-8-0. The tax register was ready by 27th June 1894; the number of persons finally assessed was 1,042.

10. *Tax on Vehicles, Animals and Carts.*—The collections on account of vehicles were arrears Rs. 67-8-0 and current Rs. 507, in all Rs. 574-8-0, which fell below the revised estimate by Rs. 225-8-0; on account of animals were arrears Rs. 22-8-0 and current Rs. 234, in all Rs. 262-8-0, which fell below the revised estimate by Rs. 237-8-0, and on account of carts current Rs. 132, which also fell below the revised estimate by Rs. 18.

11. *Coercive Processes.*—Appendix A to statements IV-A and IV-B shows the extent to which coercive measures were resorted to for the collection of taxes. The total number of warrants issued was 513 in addition to 456 remaining unexecuted at the beginning of the year. In 577 cases Rs. 3,066-14-5 were collected on warrants executed or cancelled. In 477 cases Rs. 2,316-12-10 were collected after issue of warrants, but before distraint. In 80 cases property was distrained, but not sold, and Rs. 674-13-7 realized. In 20 cases property was sold and Rs. 75-4-0 realized. There were 232 prosecutions, of which 67 cases were disposed of and Rs. 458-15-11 collected after judgment, 3 cases were withdrawn on payment of taxes or dismissed, 162 cases involving a sum of Rs. 1,157-9-11 were pending disposal at the end of the year.

12. *Tolls.*—The sum of Rs. 2,828-14-2 is made up of Rs. 2,649-8-8 current contribution received from the District Board, Malabar, on account of tolls at Mahé Koduvally and Erinjolly and Rs. 179-5-6 on account of the Kuttiadi toll, which was departmentally worked by the council—*vide* G.O., No. 1523 M., dated 22nd October 1894. The receipts under this head fell short of the revised estimate by Rs. 371-4-0. There has been a heavy fall in the amount of contribution from the Malabar District Board on account of the tolls mentioned above of no less than Rs. 560-2-8 as compared with the actuals of 1893-94 exclusive of arrear collection and of Rs. 371-4-10 as compared with the revised estimate.

13. *Incidence of Taxation.*—Taking the population according to the census of 1891 at 27,196, the incidence of direct taxation per head including tolls was As. 12 and pies 10 and excluding tolls, annas 11 and pies 2, but taking the total of the receipts for the year, the incidence per head of population was Rs. 1-8-3.

B.—Miscellaneous Receipts.

14. *Realization under Special Acts—Pound.*—The receipts under this head amounted to Rs. 100-8-0 and covered the revised estimate.

15. *Revenue derived from Municipal Property and Powers apart from Taxation.*—The sources of income under this head were as follows:—

	Rs.	A.	P.
Rent of land	75	2	0
Do. of buildings	246	0	0
Avenue receipts	64	2	0
Fees from travellers' bungalow	243	8	0
Sale-proceeds of old materials	102	2	0
Do. of street refuse	15	10	3

The rubbish collected daily amounts to about sixteen cart-loads. It is carted to the depôt at Neloth for burning in the cinerators during the dry season and burying during the rains. The street sweepings and ashes are sold to parties applying for them.

16. *Fees from Educational Institutions.*—The school-fees are derived from the following sources, viz., the Brennen College Rs. 7,226-11-6, the Tiruvengod Lower Secondary school Rs. 2,140-10-2 and the Primary schools Rs. 757-10-0, making a total of Rs. 10,124-15-8, which however fell below the revised estimate by Rupees 205-0-4.

17. Under other receipts from educational institutions, a sum of Rs. 26 was credited as fees levied for permission to use the college and Tiruvengod school halls for dramatic performances, viz., Rs. 14 on account of the former and Rs. 12 on account of the latter.

18. A sum of Rs. 11-1-0 was received as sale-proceeds of medicines and Rupees 20-7-3 as sale-proceeds of unserviceable medical instruments.

19. *Income from Markets.*—Under this head, the leasing of the Jubilee market realized a sum of Rs. 851-10-5 inclusive of Rs. 1-10-5, being interest on overdue kists.

20. *Other Fees.*—These consisted of distraint fees Rs. 203-4-0, license fees Rupees 304-1-0, cart-stand fees Rs. 731-3-7 and miscellaneous fees Rs. 3-8-0. The cart-stands were worked departmentally and realized Rs. 731-3-7 only, as owing to coffee carts coming from Coorg and Wynaad halting beyond municipal limits there has been an appreciable decline in the receipts under this head.

21. *Fines under Municipal and other Acts.*—The fines under Municipal and Police Acts amounted to Rs. 382-8-6 and exceeded the revised estimate by Rs. 82-8-6.

22. *Interest on Investments.*—No interest on the funded capital of the Brennen College was received from the Accountant-General before the close of the year, although a receipt countersigned by the Collector, Sub-Collector and Inspector of schools, as trustees of the endowment, was sent up in due course to the Treasury officer for payment; but the sum of Rs. 222-8-1 was received on account of the civil hospital endowment fund.

23. *Grants and Contributions.*—The grants received from Government during the year were on account of salary grant to the Brennen College Rs. 2,150, salary grant to the gymnastic instructor, Tiruvengod Lower Secondary school Rs. 45, results grants to the Primary schools Rs. 382-7-0 and grant to the Superintendent of Primary schools Rs. 79-11-6. The total of these grants amounted to Rs. 2,657-2-6 and exceeded the revised estimate by Rs. 117-2-6. A sum of Rs. 3 on account of profession tax due by the volunteer sergeant instructor was credited as military contribution under "Other purposes."

24. The fixed contribution of Rs. 1,050 on account of the civil hospital was duly received from the Tellicherry Taluk Board during the year.

25. *Miscellaneous.*—The amount realized on account of private scavenging was current Rs. 1,398-14-2 and arrears Rs. 264-8-0, making in all Rs. 1,663-6-2, which more than covered the revised estimate. The number of houses served by municipal agency was 448.

26. *Other Items.*—Out of the sum of Rs. 224-4-11 credited under this head, the amount of Rs. 221-13-11 was on account of court expenses, &c., recovered from one V. K. Kutially, who was sued in 1893-94 in the Local District Munsif's Court for

arrears of taxes due, while the remaining Rs. 2–7–0 is on account of sale-proceeds of chimneys sold to lamp-lighters to make good breakages caused by their negligence and of decayed cocoanut trees in Tiruvengod cart-stand, &c.

27. *Advances—"Others".*—Under this head, a sum of Rs. 41–4–0 advanced in the previous year has been adjusted during the year under report.

III.—Expenditure.

28. The particulars of expenditure of 1894–95 under the several grants as compared with the actuals of 1893–94 and the revised estimate are shown below:—

—	Actuals of 1893–94.	Actuals of 1894–95.	Increase.	Decrease.	Revised estimate for 1894–95.
	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.
Grant I	11,510 4 11	4,269 0 6	..	7,241 4 5	5,330 0 0
„ II	17,795 2 7	18,478 15 6	683 12 11	..	19,270 0 0
„ III	13,566 15 8	12,792 13 1	..	774 2 7	14,330 0 0
„ IV	3,002 10 7	3,337 2 11	334 8 4	..	3,560 0 0
„ V	3,804 9 9	3,979 5 4	174 11 7	..	4,070 0 0
Repayment of debt	..	500 0 0	500 0 0	..	500 0 0
Interest	28 8 5	208 14 3	180 5 10	..	210 0 0
Advances recoverable	51 11 6	60 3 4	8 7 10	..	100 0 0
Refunds	157 13 5	4 4 0	..	153 9 5	100 0 0
Total ..	49,917 12 10	43,630 10 11	1,881 14 6	8,169 0 5	47,470 0 0
Closing Balance ..	3,490 3 11	1,071 3 9	..	..	700 0 0
Grand Total ..	53,408 0 9	44,701 14 8	..	..	48,170 0 0

29. From the foregoing comparative statement it will be observed that the charges for the year amounted to Rs. 43,630–10–11 and as compared with Rupees 49,917–12–10, the actuals of 1893–94, there is a decrease of Rs. 6,287–1–11, which is chiefly due to the charges under Grant I towards the construction of the Coast Cliff road having been incurred in the year previous.

30. *Grant I, New Works—Communication.*—The amount of Rs. 361–5–8 incurred under this head is on account of compensation paid during the year for the lands taken up for the purpose of constructing the Coast Cliff road—*vide* G.O., No. 1523 M., dated 22nd October 1894.

31. *Buildings.*—A provision of Rs. 250 was made in the budget for the purchase of a corrugated iron latrine, and an order was sent to D. Raju and Co., St. Thomé, for the supply of a latrine with six seats, but it was not received during the year, while the sum of Rs. 90 was provided in the supplemental budget for the erection of a tiffin-room to the Tiruvengod Lower Secondary school. The work was given out on contract, but it was not completed by the close of the year and thus the provision for both these works has lapsed.

32. *Repairs—Communication.*—Of an allotment of Rs. 2,500, the sum of Rupees 2,309–9–10 has been spent in the upkeep of the several roads detailed in statement II-A, part II. The roads are in good condition in this municipality.

33. *Buildings.*—The municipal buildings enumerated in the same statement were repaired during the year at a cost of Rs. 422–6–0 as against an allotment of Rs. 800.

34. *Drainage.*—The re-opening of side drains to roads, streets, &c., for the free flow of water during the rains were executed at a cost of Rs. 323–15–2. Under water-supply, an expenditure of Rs. 55–9–0 was incurred in thoroughly repairing three public wells and erecting platforms to them.

35. *Grant II, Education—Municipal Schools on Salary System—Brennen College.*—The sources of income of this institution are from school-fees, grants from Government and interest from funded capital. The receipts from school-fees amounted to Rs. 7,226–11–6, from salary grants Rs. 2,150 and miscellaneous Rs. 14, in all Rs. 9,390–11–6. As stated in paragraph 22, the interest on account of the funded capital was not received during the year. The charges were—establishment

Rs. 9,969–2–8, contingencies Rs. 363–1–10, pensionary contribution on account of pay of headmaster Rs. 109–9–5 and expenditure under Grant I, repairs, buildings Rs. 29–9–4. The institution was worked at a net cost to the municipality of Rs. 1,080–11–9. The headmaster's report, dated 23rd April 1895, with the endorsement of the Inspector of schools, showing the changes which took place in the staff of the college, is herewith forwarded. The number of pupils on the rolls at the close of the year shows an increase of 38. The results of the public examinations were not however satisfactory. Out of 30 sent up for the F.A. only 9 passed and out of 29 sent up for the Matriculation only 7 passed. In the Lower Secondary examination, out of 18 sent up 4 passed the complete test and 2 in the compulsory portion. Out of 15 boys sent up for the preliminary examination in drawing, 10 passed.

36. *Tiruvengod School.*—The fees recovered during the year amounted to Rupees 2,140–10–2 and from miscellaneous sources Rs. 12 and salary grant to gymnastic instructor Rs. 45, while the cost of establishment and contingencies amounted to Rs. 1,941–2–6 exclusive of Rs. 10–11–6 for repair—building under Grant I, so that while the receipts amounted to Rs. 2,197–10–2, the expenditure came up to Rupees 1,951–14–0, only showing a net gain to the municipality of Rs. 245–12–2. The number of pupils on the 31st March 1895 was 155, or 7 more than last year and the average daily attendance was 128·4. In the lower secondary examinations, 27 pupils were sent up, of whom 6 passed in the first class, 1 in the second class and 2 passed in compulsory subjects only, while out of 29 sent up for the primary examination 7 passed in the first class, 14 in the second, and 2 passed in compulsory subjects alone. The total charges of these two institutions in establishment and contingencies amounted to Rs. 12,273–7–0 and fell below the revised estimate by Rs. 146–9–0.

37. *On the Salary-result System.*—Under this denomination there were 17 Hindu primary schools during the year and the expenditure in fixed payments, bonus and contingencies amounted to Rs. 3,413–12–9. The nine Mappila primary schools cost Rs. 1,734–14–3.

38. *Salary Grants.*—The two institutions aided by salary grants were the Roman Catholic Boys' school and the Basel German Mission Parsee High school. The former received a grant of Rs. 260–14–4 and the latter Rs. 177, in all Rs. 437–14–4, which fell below the budget estimate by Rs. 62–1–8.

39. *Pure Result Grants.*—There were five schools paid under this system at the maximum rates, and the expenditure amounted to Rs. 171–8–0 and fell within the budget figure.

40. *Inspection.*—Owing to change of incumbents in the latter half of 1894–95 there was a monthly saving of Rs. 2–8–0 effected under establishment which cost Rs. 219–2–8. The charges under contingencies amounted to Rs. 18–10–3 and were within the budget allotment.

41. *Miscellaneous.*—Two Hindu primary schools, Talai Makutum and Valia Matavil, were aided with building grants of Rs. 50 each, which fell below the budget allotment by Rs. 150 owing to no other schools having been aided during the year.

42. Under "Other items," the charge of Rs. 109–9–5 was incurred on account of pensionary contribution on behalf of the Headmaster, Brennen College.

43. *Grant III, Sanitation and Medical Services.*—The hospital establishment consists of the subordinates of the civil hospital, the small-pox hospital and the Chali branch dispensary. The total cost of the establishment was Rs. 2,021–1–9 as against the budget estimate of Rs. 2,030. The medicine and supplies paid for during the year amounted to Rs. 1,334–11–3. Under G.O., No. 723 M., dated 7th June 1894, a change in the system of the supply of medicines was brought into force. Instead of the practice hitherto in vogue of obtaining medicines from the Medical Stores, Madras, the supplies were ordered from Messrs. Burgoyne, Burbidges & Co., London, through the District Medical and Sanitary officer, Malabar, as sanctioned in G.O., No. 2786 L., dated 12th December 1893. The cost of the medicines was Rs. 1,158–15–5, but on their arrival at the Tellicherry port, the duty and landing charges came up to Rs. 55–14–2. A sum of Rs. 119–13–8 was paid on account of medicines supplied the previous year. The charges on account of diet of patients amounted to Rs. 883–12–7

as against the budget allotment of Rs. 1,000, owing to certain bills of the hospital purveyor not having been paid before the close of the year, they being under reference on account of errors detected in them.

44. In sundries and contingencies a sum of Rs. 776–6–0 was spent as against the revised estimate of Rs. 880. The total receipts of the hospital as per statement I-A amounted to Rs. 1,553–0–4 and the total expenditure to Rs 5,160–5–2 inclusive of Rs. 144–5–7 under Grant I on account of repairs to hospital buildings, showing a net cost to the municipality of Rs. 3,607–4–10.

45. *Contribution to Provincial Funds.*—The contribution on account of Medical College, sanitary inspection and medical reserve staff amounted to Rs. 464, which exceeded the usual budget figure of Rs. 240 by Rs. 224. The amount as per advice of the Accountant-General, Madras, has been nearly double of the allotment usually made under this head.

46. *Vaccination.*—Under this head the cost of establishment was Rs. 311–9–0 and contingencies Rs. 27–7–0, while the contribution to the district board for the supply of glycerine paste was Rs. 39–6–0 only. which fell below the budget figure by Rs. 120–10–0. Vaccination was made compulsory in this municipality as per Proceedings of Government, No. 2191 M., dated 10th December 1891. The total number of operations performed was 1,473 as against 1,884 of the year previous, showing a decrease of 411. Of these, 1,279 proved successful, 125 unsuccessful and 69 unknown. Animal lymph was used throughout the year. The decrease is attributable to the fact that on the introduction of compulsory vaccination since 15th January 1892, a large number of children, who were left unprotected, was submitted to the operation during the past two years and no such cases are now to be had, the vaccinators having to depend mainly for their cases on births as they occurred within the municipality. Under section 138 of Act IV of 1884, 98 persons who failed to present children for vaccination were reported against to the Magistrate during the year under report. From statement XIII it will be observed that no vaccine operations were performed by Medical subordinates during the year.

47. *Vital Statistics—Registration of Births and Deaths.*—The charges under this head amounted to in establishment Rs. 341–15–3 and contingencies Rs. 19–15–5, which both fell below the budget figures. There were 886 births and 525 deaths registered during the year, which compared with the year previous of 964 births and 669 deaths, show a decrease of 78 in births and 144 in deaths. There were 31 prosecutions instituted for failure to report births to the registrar.

48. *Conservancy.*—Under this head are consolidated the charges under public scavenging Rs. 2,248–1–9 and road-cleaning Rs. 2,333–14–9, in all Rs. 4,582–0–6, which fell below the revised estimate by Rs. 307–15–6. By a resolution of the council, dated 15th March 1895, it was decided by a majority not to water the roads this year.

49. In accordance with G.O., No. 1914 M., dated 10th December 1894, approving the scheme drawn up by the Sanitary Commissioner and the Professor of Hygiene, for the training of sanitary inspectors at the Madras Medical College, the sanitary inspector of this municipality was sent to Madras, and after a course of three months' training, succeeded in passing the examination. The council sanctioned, in its resolution No. 5, dated 20th December 1894, an allowance of Rs. 20 in addition to his pay and travelling allowances to and from Madras.

50. *Private Scavenging.*—The establishment cost Rs. 1,349–0–9 and contingencies Rs. 346–15–6, which both fell below the budget figure. As there was no epidemic during the year, the allotment of Rs. 200 as cholera charges was not utilized, but under "Contingencies" the amount of Rs. 108–5–10 has exceeded the budget provision by Rs. 8–5–10.

51. The following statement shows the number of notices issued under the several sections of the Act for compelling owners or occupiers of lands and houses to keep their premises in a sanitary condition:—

Sections of the Act.	Number of notices issued.	Number obeyed.	Number prosecuted.	Pending.
156	1	1	..	..
167	2	..	2	..
183	32	26	6	..
186	15	15	..	..
207	220	158	62	..
211	3	3	..	..
214	7	7	..	..
217	2	2	..	..
222	9	7	2	..
228	36	27	9	..
Total ..	293	220	73	..

52. *Grant IV, Lighting and Miscellaneous.*—The charge under establishment amounted to Rs. 708 and contingencies to Rs. 1,095–5–6 as against a budget allotment of Rs. 720 and Rs. 1,330 respectively.

53. *Market.*—In establishment, the Jubilee market cost Rs. 167–14–0, while no charges were incurred on account of contingencies. The repairs to the building under Grant I came up to Rs. 109–7–4. The upkeep of the market cost Rs. 277–5–4, while the income realized therefrom was Rs. 851–10–5, showing a net gain to the council of Rs. 564–5–1. In choultries, the establishment paid during the year amounted to Rs. 131–10–9.

54. *Travellers' Bungalow.*—The charges under establishment and contingencies amounted to Rs. 182–1–3 and in repair under Grant I Rs. 16–11–1, in all Rs. 198–12–4. The fees this year amounted to Rs. 243–8–0, showing a net gain to the council of Rs. 44–11–8. The charges incurred under avenue and fire contingencies were ordinary and call for no particular remarks.

55. *Other Charges.*—The reward paid this year for the destruction of stray dogs amounted to Rs. 85–8–0 as against the revised estimate of Rs. 100, and charges paid for printing proceedings of council, &c., Rs. 297–14–1, which also fell short of the budget figure.

56. *Other Items.*—The following sums are comprised under this head:—

	Rs.	A.	P.
Law charges	306	11	1
Election charges	22	0	8
Cart-stand charges	256	7	4
Petty charges	4	4	0
Total ..	589	7	1

which sum has exceeded the revised estimate by Rs. 89–7–1, owing to heavy expenses entailed in suing parties for arrears of taxes due by them as well as to the Revenue department having fixed a site rent of Rs. 30 annually on the Tiruvengod cart-stand and claimed payment for faslis 1303 and 1304.

57. *Pound.*—The charges under this head amounted to Rs. 61–3–3 inclusive of commission to the poundkeeper and contingencies. The repairs to the cattle pound under Grant I cost Rs. 10–13–11. The expenditure thus amounted to Rs. 72–1–2, while the surplus pound fees realized a sum of Rs. 100–8–0, showing a net gain to the council of Rs. 28–6–10.

58. *Grant V, Supervision and Management.*—The cost of the office establishment was Rs. 1,286–?–10, which fell short of the revised estimate by Rs. 21–12–2, while under inspection it was Rs. 519–15–11, which exceeded the budget figure by Rupees 39–15–11 owing to the chairman's allowance for March 1895 having been drawn at the very close of the year. The outlay on the collection establishment was Rupees 1,217–2–2 which exceeded the budget figure by Rs. 14–13–10 owing to arrears of pay due last year having been paid during the year under report.

59. The Kuttiady toll having been managed departmentally, the cost of the establishment amounted to Rs. 81–14–1, which fell below the budget figure, while the contingencies amounted to Rs. 22–6–9, which slightly exceeded the provision by Rs. 2–6–9.

60. The office contingencies amounted to Rs. 454–1–3 and fell short of the budget estimate by Rs. 45–14–9, while the contribution paid on account of central office, Audit and Collector's establishment fell also below the budget figures by Rs. 7.

61. *Repayment of Debt.*—During the year the sum of Rs. 500 was paid as first instalment on account of the loan of Rs. 5,000 received from Government in 1893–94 and Rs. 208–14–3 as interest on account of the year 1894.

62. *Advances Recoverable.*—A sum of Rs. 60 was advanced to a contractor for the erection of a tiffin-room to the Tiruvengod municipal lower secondary school, but as its erection was delayed owing to certain objections having been raised by the owner of the school-house and land to the erection of a substantial building, the year closed before it could be completed. A sum of As. 3–4 advanced as cooly hire on distrained articles remained unadjusted at the close of the year.

63. *Refund of other than current collections.*—A sum of Rs. 4–4–0 was paid, viz., Rs. 2–4–0 on account of vacancy remission of 1893–94 and Rs. 2 scavenging fee refunded, being excess collection of 1893–94.

IV.—Closing Balance.

64. The year closed with a balance of Rs. 1,071–3–9 exclusive of deposit balance of Rs. 798–3–11. The difference of Rs. 774–11–6 between the municipal and treasury balance is owing to cheques to that amount not having been cashed before the close of the year.

65. The reports, &c., of the officers noted below are herewith forwarded:—

(1) Letter from the Headmaster, Brennen College, No. 145, dated 23rd April 1895, with endorsement of the Inspector of Schools, No. 3220, dated 14th May 1895.

(2) Letter from the Acting Civil Surgeon, dated 8th May 1895.

(3) Return of the Assistant Inspector of Schools, Ninth Division, No. 39, dated 22nd May 1895.

(4) Return of the Inspectress of Girls' Schools, Southern and Western Circles, No. 2718, dated 3rd June 1895.

Enclosure.

Concise annual report on the working of the Municipal Hospital and Dispensary at Tellicherry for the official year 1894–95.

Changes in Administration.—Assistant Surgeon C. A. Lafrenais was in charge of the station from 1st April 1894 to 31st March 1895, when he handed over charge to Assistant Surgeon C. T. Saldanha.

2. *Inspection.*—The hospital was inspected by the District Medical and Sanitary Officer, Calicut, on the 22nd November 1894, and visited by the Acting Sanitary Commissioner on the 17th November 1894.

3. *Climate.*—The total rainfall was 119·15 inches as compared with 95·60 inches last year.

4. *Civil hospital building.*—The building is in good order; the annual repairs and whitewashing have been carried out. The want of an operating room and a lying-in ward is very badly felt. The branch dispensary at Chali continues to be in the same rented building which is in good repair. So is the small-pox hospital at Neeloth. Bedding and clothing sufficient.

5. *Attendance of Patients.*—The following table shows the attendance of patients for the past five years. There has been a very satisfactory increase in the out-patient department.

—	1890–91.		1891–92.		1892–93.		1893–94.		1894–95.	
	Number treated.	Daily average number.	Number treated.	Daily average number.	Number treated.	Daily average number.	Number treated.	Daily average number.	Number treated.	Daily average number.
Civil hospital, Tellicherry—										
In-door	467	25·19	607	32·60	640	31·98	701	25·67	718	28·42
Out-door..	11,104	67·48	11,968	87·15	11,210	95·18	12,603	87·50	14,834	106·37
Branch dispensary, Chali—										
Out-door..	2,767	27·58	5,500	44·11	5,187	46·08	5,552	46·96	6,085	51·0

6. *Deaths.*—There were only 29 deaths in hospital as compared with 43 during last year. Of these 29, 8 were brought into hospital in a moribund condition.

7. *Vaccination.*—The total number of operations performed during the year was 1,473 as compared with 1,884 during last year, this decrease is owing to the fact that vaccination was made compulsory from 1st September 1892, so all the unprotected cases were brought in 1893, and during the year under report, nearly half the operations were on children born during the year; the number of births was 886, of these 705 were vaccinated. Out of the total operations performed, 1,279 were successful, giving a percentage of 86·82. The following table shows the result of vaccination for the past five years:—

Nature of cases.	1890–91.	1891–92.	1892–93.	1893–94.	1894–95.
Successful	639	1,334	1,525	1,755	1,279
Unsuccessful	189	216	141	61	125
Unknown	70	67	35	68	69
Total ..	898	1,617	1,701	1,884	1,473

Of the total vaccinated, 721 cases were verified by the civil surgeon and 98 were prosecuted. The number of children vaccinated under one year of age was 705 as compared with 756 in last year. From 1st September 1893 to 31st August 1894, 933 births were registered, of which 158 died, 105 left the station and 10 could not be found. Vaccination was postponed on medical certificates for 21, 595 were vaccinated, 17 were prosecuted and 27 remained to be vaccinated. The total number of cases prosecuted during the year was 98. Vaccination was carried out entirely with calf lymph, which, since 3rd June 1894, is being supplied from Calicut in the form of glycerine paste. As before two vaccinators are maintained by the municipality, and these are further assisted by a peon. It seems to me there is room for economy here. Vaccination being compulsory, one second-class vaccinator ought to be enough and he should be required to give a minimum of 100 cases per month. The average cost of each successful case was As. 4–2$\frac{1}{2}$ against As. 4–2 during last year.

8. *Water-supply.*—Water-supply is ample and of fairly good quality and is obtained from wells. The two public tanks are used only for washing and bathing purposes.

9. *Sanitation.*—The roads are kept clean and in good order; the sweepings are carted off to Neeloth and burnt in cinerators. The night-soil depôt continues to be at Neeloth, the ground is saturated with refuse, and the early selection of another site is necessary. Drainage is natural. There are five surface masonry drains at Chali, these are flushed frequently and kept clean. There are five public latrines kept clean and in good order, and are freely resorted to by the public. There are 12 sentry boxes on the beach, but during the monsoons they have to be removed. There are 431 houses conserved by the private scavenging system as compared with 358 houses last year. The sanitation staff consists of one inspector, two sub-inspectors, one maistry, sixteen public and

Note.—These figures regarding sentry box latrines and the number of houses scavenged by municipal agency are incorrect. The correct figures are set down in Statement XI.

(Intld.) V. K.,
Chairman.

eighteen private scavengers. The sanitary inspector was sent to Madras by the municipality to be trained.

10. *Market and Slaughter-house.*—The market is commodious and kept fairly clean and is inspected frequently by the civil surgeon. The slaughter-house is kept clean.

11. *General Health.*—General health of the people has been very good, no epidemic of any kind having occurred in the municipality, although there was some cholera in Cannanore and Kurumbranât. There were only three cases of small-pox treated in the small-pox hospital at Neeloth with one death.

12. *Births and Deaths.*—There were 886 births and 525 deaths registered during the year. The following were the principal causes of deaths according to death register :—

Small-pox	1
Fevers	128
Diarrhœa and dysentery	51
Suicides	1
Wounds	2
Accidents	5
Snake-bite	1
All other causes	336
Total	525

The following table shows births and deaths for the past five years :—

—	1890–91.	1891–92.	1892–93.	1893–94.	1894–95.
Births	787	894	759	964	886
Deaths	493	657	812	669	525

13. *Surgical Operations.*—Ninety major and 719 minor operations were performed during the year against 75 and 710 during last year.

14. *General Remarks.*—Mrs. C. Edwards, the midwife, conducted 38 cases of labour as compared with 35 cases last year. The small number conducted by her is due to the fact of another diplomæd nurse practising here. She has proved herself very useful and attentive in hospital especially in attending on midwifery operations.

Second-class Hospital Assistant P. Kanaran No. 340 has been in subordinate charge of the hospital, and he has continued to give satisfaction. He is constantly in hospital, attentive to patients and prompt in carrying out all orders.

Third-class Hospital Assistant M. Krishnan Nair No. 450 has been doing duty and in subordinate charge of the out-patient department, he is an intelligent young man and is diligent in the discharge of his duties.

Third-class Hospital Assistant C. A. Thomman No. 442 discharged his duties at the branch dispensary at Chali with satisfaction. He is popular with the poor of Chali with whom he has mostly to deal.

Hospital Clerk P. Govinda Menon has continued to give satisfaction. His work has increased very much and his salary, Rs. 10, is small. He should be paid at least Rs. 15.

There is no peon attached to the hospital and perhaps this is the only station in the Presidency the civil surgeon of which cannot boast of a peon. The municipality might try to see their way to spare Rs. 6 per month for a peon.

TELLICHERRY,
8th May 1895.

(Signed) C. T. SALDANHA,
Acting Civil Surgeon.

Endorsement on C. No. 3211-R.

Forwarded.

It is time the municipality made some better arrangements for the disposal of rubbish, street sweepings, &c. Three years ago the Assistant Surgeon pointed out that the Neeloth Paramba was full and no more liquid sewage could be buried there.

Some two or three months back a petition was presented to me in my magisterial capacity by the people residing in the neighbourhood. I inspected the place with the chairman who admitted the existence of a nuisance and asked for fifteen days to make arrangements for securing another site. Nothing has, I understand, been done for want of funds. At our visit one man stated that eleven deaths had occurred during the year in his house and the municipality have for some years past been issuing orders forbidding people in the neighbourhood to use their private wells because they are contaminated with sewage. As a fact these orders are disregarded.

If necessary, capital should be borrowed for the purpose of introducing a proper system of poudrette making. There is a constant demand from the coffee estates in Coorg and Wynaad for good poudrette.

If this is objected to money for the purpose might be found by cutting down the large expenditure under Grant II.

The roads are in fair condition.

TELLICHERRY,
29th July 1895.

(Signed) A. F. PINHEY,
Ag. Sub-Collector.

Endorsement on C. No. 265-M.

Forwarded.

2. The number of meetings held during the year was ten less than in 1893–94.

3. The decrease of Rs. 2,569–14–5 under rates and taxes has not been accounted for.

4. Statement IV (*a*) shows that out of the current demand of Rs. 18,588–7–10 under tax on arts, &c., tax on buildings, and tax on lands only Rs. 13,717–13–4 or 73·8 per cent. was collected. Under private scavenging fees only 77 per cent. of the demand was collected, although these fees should be collected in advance.

The collection of arrears was very bad. The total demand of arrears under tax on arts, &c., tax on buildings and tax on lands was Rs. 6,840–2–3 and the balance at the close of the year was Rs. 2,542–0–5 or 37·2 per cent. Out of an arrear demand of Rs. 861 under private scavenging fees only Rs. 264–8–0 or 30·7 per cent. was collected.

5. *Paragraph* 10.—Rs. 22–8–0 shown in this paragraph as collections of arrears of tax on animals is evidently a mistake for Rs. 28–8–0.

6. *Paragraph* 11.—The number of warrants remaining unexecuted at the close of the year, although less than in 1893–94, is still unduly large.

7. *Paragraph* 12.—The council is entitled to one-eighth of the net receipts from the Mahé toll-gate and to one-fourth of the net receipts from the Erinjolly and Koduvalli toll-gates and it has received these amounts.

8. *Paragraph* 25.—The number of houses served by private scavenging agency increased from 369 to 448. This is only 8 per cent. of the total number of houses assessed to the tax on buildings. The system was worked at an actual loss of Rs. 32–9–8 only. The cost of the establishment and contingencies was Rs. 1,696. In Statement IV (*a*) the current demand under private scavenging fees is shown as Rs. 1,815–12–2, so that if properly worked the system would be self-supporting.

9. The increase in the number of patients treated at the civil hospital and branch dispensary is very satisfactory. The midwife's work as a midwife showed a slight improvement. Still the number of cases attended by her was small.

10. *Paragraph* 46.—The explanation offered for the falling off in the number of cases vaccinated does not appear to be the correct one for, although there were 886 births during the year and 56 children were born dead, only 705 children under one year of age were vaccinated and of these many must have been born during 1893–94. Besides under the Act children up to ten years of age are liable to compulsory vaccination.

11. *Paragraph* 47.—No explanation has been offered for the decrease in the number of births and deaths registered.

12. Attention is invited to the Sub-Collector's remarks about the night-soil depôt at Neeloth, and to the civil surgeon's remark on the same subject.

TELLICHERRY,
6th August 1895.

Total	53,408	49,440	48,170	44,702

2. Thirty-one meetings were held by the municipal council against forty-two in 1893–94, and nine others were adjourned for want of a quorum against seven in that year. The average attendance of the members, both official and non-official, declined and was indifferent. Eight seats were filled by election during the year, and of these three were contested, 45·3 per cent. of the voters concerned attending the poll.

3. *Receipts.*—(1) The original demand under the tax on arts exceeded the previous year's figure by Rs. 82, but owing to the large remissions granted by the council on appeal, the net demand fell from Rs. 3,671 to Rs. 3,566. The chairman is requested to explain the circumstances under which the council thought fit to remit as much as 8·2 per cent. of the original assessment. The demand under the tax on buildings also showed a slight decline, but that of the tax on lands remained practically unaltered.

(2) The current collections under the tax on arts improved slightly and were fair. Under the taxes on buildings and lands, however, they declined and were far from satisfactory, and the arrear realizations under all these heads continued to be indifferent. The uncollected balance amounted on the 31st March 1895 to no less than Rs. 7,411 and some items of this related to as far back as 1889–90. Notwithstanding this discreditable state of things the number of warrants issued during the year was less than half of what it was in 1893–94, and the execution of the processes under disposal was delayed as much as ever. Bad collections appear to be a chronic feature of the administration of this municipality. In reviewing the reports of the two preceding years the Government animadverted upon the negligence displayed in this matter, and in passing orders on the revised estimate for 1894–95, it was observed that if the present report did not show a decided improvement, the Government would be compelled to take steps under section 37 (1) of the District Municipalities Act. Not only has no improvement taken place, but the condition of affairs is even worse than before, and the Government can no longer postpone action. Under section 37 (1) of Act IV of 1884, therefore, a period of four months from the receipt of this order by the council will be fixed within which a satisfactory proportion of the arrears now outstanding must be collected or adjusted. At the end of this period the chairman will report the progress in this direction which has been made to date, and should this not be adequate, steps will forthwith be taken by Government under section 37 (2). The chairman will report the date on which this order reaches him.

(3) There was a decline in the receipts from tolls, but the income from school-fees, license fees and fines showed an improvement. The sale of rubbish fetched only the trifling sum of Rs. 10, and the council appears to have taken no action upon the observations in paragraph 3 (2) of G.O., No. 1228-M., dated 7th September 1894. Its attention is drawn to the Sub-Collector's remarks on this subject, and the action which it proposes to take in the matter should be reported.

(4) The number of houses served by the private scavenging agency rose from 369 to 448, but the service was again worked at a loss to the municipal council. The attention of the municipal council is drawn to the Collector's remarks on this subject in paragraph 8 of his endorsement. The existence of large outstandings under this head is another instance of the apathy and indifference of the council. The chairman will explain why the fees were not collected in advance as repeatedly ordered by Government.

4. *Expenditure*—(1) *Public Works.*—No new work of any importance was undertaken during the year, but a sum of Rs. 361 was paid as compensation for lands taken up for the Coast Cliff road. The total outlay on communications amounted to Rs. 2,671 or 98 per cent. of the net income from tolls, and the Revenue Divisional officer reports that the town roads were in fair order.

(2) *Education.*—The net expenditure on education amounted to Rs. 5,671 or as much as 26 per cent. of the income from taxation. In this connection the attention of the municipal council is drawn to the remarks in the concluding portion of paragraph 4 (2) of G.O., No. 380-M., dated 8th March 1895. The net cost of the Brennen College, even taking into consideration the non-receipt of the interest on its funded capital, increased considerably. Steps should be taken, in consultation with the educational authorities, to render it more nearly self-supporting. As in the previous year the council maintained, in addition to the Brennen Second-grade College, a lower secondary school on the salary system and twenty-six primary schools on the system of salary-results. Taken together, the attendance at these schools improved, but the results of the F.A., Matriculation and Lower Secondary examinations were

indifferent. The primary schools, however, ...pear to have done fairly well at the departmental examinations. The council also ...ain aided two secondary schools with salary and five primary schools with result gra... The numbers on the rolls of these institutions showed a slight increase, and the ...ults of the grant examinations were, on the whole, fair, but it is unsatisfactory to n... that nearly 17 per cent. of the allotment for grants was allowed to lapse. The n...ber of boys under instruction in the municipal and aided schools rose, however, fr... 87·9 to 92·8 per cent. of the male population of school-going age. From the s...ements submitted by the Assistant Inspector of Schools it is observed that mor...an a fourth of the teachers of the municipal and aided primary schools were ...passed. The council should employ none but qualified men in its own schools a... by reducing or entirely withholding the grants payable to them, should insist on th...anager of the aided institution doing the same.

(3) *Medical Relief.*—The number of in-p...nts treated in the municipal hospital rose from 701 to 718, and the out-patients att...ded in this institution and in the branch dispensary increased by 2,764. Seein...hat the public health was very good during the year, this increase is, as observ...by the Collector, satisfactory. The midwife employed by the council attended th...-eight cases of labour or only three more than in 1893–94. The explanation offe... by the Civil Surgeon for this poor result does not appear to be adequate, and it ...oped that in the current year there may be an improvement.

(4) *Vaccination and Vital Statistics.*— ...reported number of persons vaccinated during the year showed a decrease of ..., and the quality of the work done also deteriorated and was poor. The counci...ttention is drawn to the Collector's remarks upon this subject in paragraph 10 of ...endorsement, in which the Government concurs. The Civil Surgeon's suggestio... reduce the strength of the vaccine establishment should be considered when th...dget estimate for the next year is framed.

The registration of both births and death...clined for reasons which have not been explained, and the recorded rates were ...th cases below the normal, so that the returns are ~~apparently~~ incomplete. This s...ct should receive increased attention in the current year.

(5) *Sanitation.*—Nearly 16 per cent. o... allotment for conservancy lapsed, but the expenditure amounted to 15·9 per cen... the current receipts against 13 per cent. in 1893–94. The chairman's report a... furnishes little or no information regarding the sanitary condition of the town... from the inspection notes of the Sanitary Commissioner recorded in G.O., N...027-M., dated 26th June 1895, it appears to have been far from satisfactory. ... council should take these notes as its guide and carry out one by one the impro...nts therein suggested. The sanction of Government should have been obtained... the grant of an allowance of Rs. 20 per mensem to the sanitary inspector in addit...o his pay during the time that he was under training in Madras. The necessity ... the grant of this allowance should now be reported.

5. *General Remarks.*—The year closed w... balance of Rs. 1,071 or only 2·6 per cent. of the current receipts.

The administration of the municipality d... the year under review cannot be considered ~~altogether~~ satisfactory, the collecti... taxes especially leaving much to be desired.

6. The delay of more than seven week... the submission of this report is ~~unsatisfactory~~ and should not be allowed to re...

Tellicherry Municl report for
1894-95

Cl
P.S.

No. 1706 M., 22ND OCTOBER 1895.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper:—

From M.R.Ry. V. KARUNAKARA MENON, Avargal, Chairman, Municipal Council, Tellicherry, to the Chief Secretary to Government (through the Sub-Collector of Malabar), dated 23 July 1895, No. 348.

I have the honour to report on the working of Act IV of 1884 at Tellicherry during the official year 1894–95 and to submit the statements prescribed in G.O., No. 2193 M., dated 12th December 1891, together with extract from the Proceedings of Council, dated 17th July 1895, passing the same for submission to Government.

I.—CONSTITUTION OF THE COUNCIL.

2. At the beginning of the year the council had its full strength of eighteen members and during the year eight vacancies occurred among the elected councillors, of which three seats only were contested. Two members, viz., Mr. P. J. DeRozario and M.R.Ry. Koroth Ramunni, who were nominated by Government, were re-appointed on the expiration of their term of office.

3. The number of meetings actually held was thirty-one, exclusive of nine adjourned for want of quorum. The lists of voters and of persons qualified to be elected as councillors were prepared in accordance with G.O., No. 1876 M., dated 8th December 1890. The total number of registered voters was 1,055 and that of persons qualified to be elected as councillors was 268.

4. The office of Chairman was held by M.R.Ry. K. Krishna Kurup till the 25th January 1895, when his term as councillor expired. The Revenue Divisional officer, Mr. A. F. Pinhey, took over charge on that date and delegated his powers to Mr. A. F. Lemerle, councillor, who continued till 18th February 1895, when the Revenue Divisional officer resumed charge and again delegated his powers to myself. I was elected Chairman at a meeting held on the 31st January 1895, gazetted on the 12th March 1895, and assumed charge of office on the 15th idem.

II.—RECEIPTS.

5. The subjoined statement shows the receipts under the various heads of revenue :—

—	Actuals of 1893–94.	Actuals of 1894–95.	Increase.	Decrease.	Revised Estimate for 1894–95.
	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs.
Balance brought forward	919 3 0	3,490 3 11	2,571 0 11	..	3,496
2. Municipal rates and taxes	24,378 12 1	21,808 13 8	..	2,569 14 5	24,730
3. Realization under special Acts	110 3 0	100 8 0	..	9 11 0	100
4. Revenue derived from property and powers apart from taxation.	13,322 2 3	13,628 12 6	306 10 3	..	14,080
5. Grants and contributions	7,631 8 3	3,710 2 6	..	3,921 5 9	3,590
6. Miscellaneous	2,016 2 8	1,922 2 1	..	94 0 7	2,130
7. Extraordinary and debt	5,030 1 6	41 4 0	..	4,988 13 6	50
Total ..	52,488 13 9	41,211 10 9	306 10 3	11,583 13 3	44,680
Grand Total ..	53,408 0 9	44,701 14 8	..	..	48,170

6. From the above comparative statement it will be observed that the total income of the year was Rs. 41,211–10–9 and that as compared with the actuals of Rs. 52,488–13–9 of the preceding year shows a decrease of Rs. 11,277–3–0, which is chiefly due to the fact that during the preceding year there was a receipt of contribution of Rs. 4,000 from the district board on account of construction of the Coast Cliff road and a loan of Rs. 5,000 from Government, as well as to a falling off in receipts under rates and taxes of Rs. 2,569–14–5 during the year under report.

7. *Opening Balance.*—The year opened with a balance of Rs. 3,490–3–11 in the treasury exclusive of deposit of Rs. 558–11–10.

A.—Receipts from Taxation.

8. *Tax on Buildings and Lands.*—The collection of house-tax arrears amounted to Rs. 3,087–7–4 and current Rs. 9,137–4–7, which fell below the revised estimate by Rs. 775–4–1. The land-tax collection under arrears was Rs. 764–2–10 and current Rs. 1,558–0–9, which also fell below the revised estimate by Rs. 677–12–5. The total extent of land assessed was 1,109 acres. The penalties under these heads inflicted by the Bench of Magistrates amounted to Rs. 17–4–0. The assessment of these taxes was revised in 1891–92.

9. *Tax on Arts.*—The total receipts under arrears were Rs. 413–8–0 and under current Rs. 3,022–8–0 exclusive of Rs. 3 received on account of the volunteer sergeant instructor and credited to contribution from Government "Other purposes" and of Rs. 1–8–0 in deposit in the matter of an appeal which was not disposed of by the council before the close of the year. The penalty on account of tax on arts inflicted by the Bench of Magistrates amounted to Rs 10–8–0. The tax register was ready by 27th June 1894; the number of persons finally assessed was 1,042.

10. *Tax on Vehicles, Animals and Carts.*—The collections on account of vehicles were arrears Rs. 67–8–0 and current Rs. 507, in all Rs. 574–8–0, which fell below the revised estimate by Rs. 225–8–0; on account of animals were arrears Rs. 22–8–0 and current Rs. 234, in all Rs. 262–8–0, which fell below the revised estimate by Rs. 237–8–0, and on account of carts current Rs. 132, which also fell below the revised estimate by Rs. 18.

11. *Coercive Processes.*—Appendix A to statements IV-A and IV-B shows the extent to which coercive measures were resorted to for the collection of taxes. The total number of warrants issued was 513 in addition to 456 remaining unexecuted at the beginning of the year. In 577 cases Rs. 3,066–14–5 were collected on warrants executed or cancelled. In 477 cases Rs. 2,316–12–10 were collected after issue of warrants, but before distraint. In 80 cases property was distrained, but not sold, and Rs. 674–13–7 realized. In 20 cases property was sold and Rs. 75–4–0 realized. There were 232 prosecutions, of which 67 cases were disposed of and Rs. 458–15–11 collected after judgment, 3 cases were withdrawn on payment of taxes or dismissed, 162 cases involving a sum of Rs. 1,157–9–11 were pending disposal at the end of the year.

12. *Tolls.*—The sum of Rs. 2,828–14–2 is made up of Rs. 2,649–8–8 current contribution received from the District Board, Malabar, on account of tolls at Mahé, Koduvally and Erinjolly and Rs. 179–5–6 on account of the Kuttiadi toll, which was departmentally worked by the council—*vide* G.O., No. 1523 M., dated 22nd October 1894. The receipts under this head fell short of the revised estimate by Rs. 371–1–10. There has been a heavy fall in the amount of contribution from the Malabar District Board on account of the tolls mentioned above of no less than Rs. 560–2–8 as compared with the actuals of 1893–94 exclusive of arrear collection and of Rs. 371–1–10 as compared with the revised estimate.

13. *Incidence of Taxation.*—Taking the population according to the census of 1891 at 27,196, the incidence of direct taxation per head including tolls was As. 12 and pies 10 and excluding tolls, annas 11 and pies 2, but taking the total of the receipts for the year, the incidence per head of population was Rs. 1–8–3.

B.—Miscellaneous Receipts.

14. *Realizations under Special Acts—Pound.*—The receipts under this head amounted to Rs. 100–8–0 and covered the revised estimate.

15. *Revenue derived from Municipal property and powers apart from taxation.*—The sources of income under this head were as follows:—

	Rs.	A.	P.
Rent of land	75	2	0
Do. of buildings	246	0	0
Avenue receipts	64	2	9
Fees from travellers' bungalow	243	8	0
Sale-proceeds of old materials	102	2	0
Do. of street refuse	15	10	3

The rubbish collected daily amounts to about sixteen cart-loads. It is carted to the depôt at Neloth for burning in the cinerators during the dry season and burying during the rains. The street sweepings and ashes are sold to parties applying for them.

16. *Fees from Educational Institutions.*—The school-fees are derived from the following sources, viz., the Brennen College Rs. 7,226–11–6, the Tiruvengod Lower Secondary school Rs. 2,140–10–2 and the Primary schools Rs. 757–10–0, making a total of Rs. 10,124–15–8, which however fell below the revised estimate by Rupees 205–0–4.

17. Under other receipts from educational institutions, a sum of Rs. 26 was credited as fees levied for permission to use the college and Tiruvengod school halls for dramatic performances, viz., Rs. 14 on account of the former and Rs. 12 on account of the latter.

18. A sum of Rs. 11–1–0 was received as sale-proceeds of medicines and Rupees 20–7–3 as sale-proceeds of unserviceable medical instruments.

19. *Income from Markets.*—Under this head, the leasing of the Jubilee market realized a sum of Rs. 851–10–5 inclusive of Rs. 1–10–5, being interest on overdue kists.

20. *Other Fees.*—These consisted of distraint fees Rs. 203–4–0, license fees Rupees 304–1–0, cart-stand fees Rs. 731–3–7 and miscellaneous fees Rs 4–8–0. The cart-stands were worked departmentally and realized Rs. 731–3–7 only, as owing to coffee carts coming from Coorg and Wynaad halting beyond municipal limits there has been an appreciable decline in the receipts under this head.

21. *Fines under Municipal and other Acts.*—The fines under Municipal and Police Acts amounted to Rs. 382–8–6 and exceeded the revised estimate by Rs. 82–8–6.

22. *Interest on Investments.*—No interest on the funded capital of the Brennen College was received from the Accountant-General before the close of the year, although a receipt countersigned by the Collector, Sub-Collector and Inspector of schools, as trustees of the endowment, was sent up in due course to the Treasury officer for payment; but the sum of Rs. 222–8–1 was received on account of the civil hospital endowment fund.

23. *Grants and Contributions.*—The grants received from Government during the year were on account of salary grant to the Brennen College Rs. 2,150, salary grant to the gymnastic instructor, Tiruvengod Lower Secondary school Rs. 45, results grants to the Primary schools Rs. 382–7–0 and grant to the Superintendent of Primary schools Rs. 79–11–6. The total of these grants amounted to Rs. 2,657–2–6 and exceeded the revised estimate by Rs. 117–2–6. A sum of Rs. 3 on account of profession tax due by the volunteer sergeant instructor was credited as military contribution under "Other purposes."

24. The fixed contribution of Rs. 1,050 on account of the civil hospital was duly received from the Tellicherry Taluk Board during the year.

25. *Miscellaneous.*—The amount realized on account of private scavenging was current Rs. 1,398–14–2 and arrears Rs. 264–8–0, making in all Rs. 1,663–6–2, which more than covered the revised estimate. The number of houses served by municipal agency was 448.

26. *Other Items.*—Out of the sum of Rs. 224–4–11 credited under this head, the amount of Rs. 221–13–11 was on account of court expenses, &c., recovered from one V. K. Kutialli, who was sued in 1893–94 in the Local District Munsif's Court for

arrears of taxes due, while the remaining Rs. 2–7–0 is on account of sale-proceeds of chimneys sold to lamp-lighters to make good breakages caused by their negligence and of decayed cocoanut trees in Tiruvengod cart-stand, &c.

27. *Advances—"Others".*—Under this head, a sum of Rs. 41–4–0 advanced in the previous year has been adjusted during the year under report.

III.—EXPENDITURE.

28. The particulars of expenditure of 1894–95 under the several grants as compared with the actuals of 1893–94 and the revised estimate are shown below:—

—	Actuals of 1893–94.	Actuals of 1894–95.	Increase.	Decrease.	Revised estimate for 1894–95.
	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.
Grant I	11,510 4 11	4,269 0 6	..	7,241 4 5	5,330 0 0
,, II	17,795 2 7	18,478 15 6	683 12 11	..	19,270 0 0
,, III	13,566 15 8	12,792 13 1	..	774 2 7	14,330 0 0
,, IV	3,002 10 7	3,337 2 11	334 8 4	..	3,560 0 0
,, V	3,804 9 9	3,979 5 4	174 11 7	..	4,070 0 0
Repayment of debt	..	500 0 0	500 0 0	..	500 0 0
Interest	28 8 5	208 14 3	180 5 10	..	210 0 0
Advances recoverable	51 11 6	60 3 4	8 7 10	..	100 0 0
Refunds	157 13 5	4 4 0	..	153 9 5	100 0 0
Total ..	49,917 12 10	43,630 10 11	1,881 14 6	8,169 0 5	47,470 0 0
Closing Balance ..	3,490 3 11	1,071 3 9	..	..	700 0 0
Grand Total ..	53,408 0 9	44,701 14 8	..	..	48,170 0 0

29. From the foregoing comparative statement it will be observed that the charges for the year amounted to Rs. 43,630–10–11 and as compared with Rupees 49,917–12–10, the actuals of 1893–94, there is a decrease of Rs. 6,287–1–11, which is chiefly due to the charges under Grant I towards the construction of the Coast Cliff road having been incurred in the year previous.

30. *Grant I, New Works—Communications.*—The amount of Rs. 361–5–8 incurred under this head is on account of compensation paid during the year for the lands taken up for the purpose of constructing the Coast Cliff road—*vide* G.O., No. 1523 M., dated 22nd October 1894.

31. *Buildings.*—A provision of Rs. 250 was made in the budget for the purchase of a corrugated iron latrine, and an order was sent to D. Raju and Co., St. Thomé, for the supply of a latrine with six seats, but it was not received during the year, while the sum of Rs. 90 was provided in the supplemental budget for the erection of a tiffin-room to the Tiruvengod Lower Secondary school. The work was given out on contract, but it was not completed by the close of the year and thus the provision for both these works has lapsed.

32. *Repairs—Communications.*—Of an allotment of Rs. 2,500, the sum of Rupees 2,309–9–10 has been spent in the upkeep of the several roads detailed in statement II-A, part II. The roads are in good condition in this municipality.

33. *Buildings.*—The municipal buildings enumerated in the same statement were repaired during the year at a cost of Rs. 422–6–0 as against an allotment of Rs. 800.

34. *Drainage.*—The re-opening of side drains to roads, streets, &c., for the free flow of water during the rains were executed at a cost of Rs. 323–15–2. Under water-supply, an expenditure of Rs. 55–9–0 was incurred in thoroughly repairing three public wells and erecting platforms to them.

35. *Grant II, Education—Municipal Schools on Salary System—Brennen College.*—The sources of income of this institution are from school-fees, grants from Government and interest from funded capital. The receipts from school-fees amounted to Rs. 7,226–11–6, from salary grants Rs. 2,150 and miscellaneous Rs. 14, in all Rs. 9,390–11–6. As stated in paragraph 22, the interest on account of the funded capital was not received during the year. The charges were—establishment

Rs. 9,969–2–8, contingencies Rs. 363–1–10, pensionary contribution on account of pay of headmaster Rs. 109–9–5 and expenditure under Grant I, repairs, buildings Rs. 29–9–4. The institution was worked at a net cost to the municipality of Rs. 1,080–11–9. The headmaster's report, dated 23rd April 1895, with the endorsement of the Inspector of schools, showing the changes which took place in the staff of the college, is herewith forwarded. The number of pupils on the rolls at the close of the year shows an increase of 38. The results of the public examinations were not however satisfactory. Out of 30 sent up for the F.A. only 9 passed and out of 29 sent up for the Matriculation only 7 passed. In the Lower Secondary examination, out of 18 sent up 4 passed the complete test and 2 in the compulsory portion. Out of 15 boys sent up for the preliminary examination in drawing, 10 passed.

36. *Tiruvengod School.*—The fees recovered during the year amounted to Rupees 2,140–10–2 and from miscellaneous sources Rs. 12 and salary grant to gymnastic instructor Rs. 45, while the cost of establishment and contingencies amounted to Rs. 1,941–2–6 exclusive of Rs. 10–11–6 for repairs—buildings under Grant I, so that while the receipts amounted to Rs. 2,197–10–2, the expenditure came up to Rupees 1,951–14–0, only showing a net gain to the municipality of Rs. 245–12–2. The number of pupils on the 31st March 1895 was 155, or 7 more than last year and the average daily attendance was 128·4. In the Lower Secondary examinations, 27 pupils were sent up, of whom 6 passed in the first class, 1 in the second class and 2 passed in compulsory subjects only, while out of 29 sent up for the primary examination 7 passed in the first class, 14 in the second, and 2 passed in compulsory subjects alone. The total charges of these two institutions on establishment and contingencies amounted to Rs. 12,273–7–0 and fell below the revised estimate by Rs. 136–9–0.

37. *On the Salary-result System.*—Under this denomination there were 17 Hindu primary schools during the year and the expenditure in fixed payments, bonus and contingencies amounted to Rs. 3,413–12–9. The nine Mappila primary schools cost Rs. 1,734–14–3.

38. *Salary Grants.*—The two institutions aided by salary grants were the Roman Catholic Boys' school and the Basel German Mission Parsee High school. The former received a grant of Rs. 260–14–4 and the latter Rs. 177, in all Rs. 437–14–4, which fell below the budget estimate by Rs. 62–1–8.

39. *Pure Result Grants.*—There were five schools paid under this system at the maximum rates, and the expenditure amounted to Rs. 171–8–0 and fell within the budget figure.

40. *Inspection.*—Owing to change of incumbents in the latter half of 1894–95 there was a monthly saving of Rs. 2–8–0 effected under establishment which cost Rs. 219–2–8. The charges under contingencies amounted to Rs. 18–10–3 and were within the budget allotment.

41. *Miscellaneous.*—Two Hindu primary schools, Talai Makutum and Valia Matavil, were aided with building grants of Rs. 50 each, which fell below the budget allotment by Rs. 150 owing to no other schools having been aided during the year.

42. Under "Other items," the charge of Rs. 109–9–5 was incurred on account of pensionary contribution on behalf of the Headmaster, Brennen College.

43. *Grant III, Sanitation and Medical Services.*—The hospital establishment consists of the subordinates of the civil hospital, the small-pox hospital and the Chali branch dispensary. The total cost of the establishment was Rs. 2,021–1–9 as against the budget estimate of Rs. 2,030. The medicines and supplies paid for during the year amounted to Rs. 1,334–11–3. Under G.O., No. 723 M., dated 7th June 1894, a change in the system of the supply of medicines was brought into force. Instead of the practice hitherto in vogue of obtaining medicines from the Medical Stores, Madras, the supplies were ordered from Messrs. Burgoyne, Burbidges & Co., London, through the District Medical and Sanitary officer, Malabar, as sanctioned in G.O., No. 2786 L., dated 12th December 1893. The cost of the medicines was Rs. 1,158–15–5, but on their arrival at the Tellicherry port, the duty and landing charges came up to Rs. 55–14–2. A sum of Rs. 119–13–8 was paid on account of medicines supplied the previous year. The charges on account of diet of patients amounted to Rs. 883–12–7

as against the budget allotment of Rs. 1,000, owing to certain bills of the hospital purveyor not having been paid before the close of the year, they being under reference on account of errors detected in them.

44. In sundries and contingencies a sum of Rs. 776–6–0 was spent as against the revised estimate of Rs. 880. The total receipts of the hospital as per statement I-A amounted to Rs. 1,553–0–4 and the total expenditure to Rs. 5,160–5–2 inclusive of Rs. 144–5–7 under Grant I on account of repairs to hospital buildings, showing a net cost to the municipality of Rs. 3,607–4–10.

45. *Contribution to Provincial Funds.*—The contribution on account of Medical College, sanitary inspection and medical reserve staff amounted to Rs. 464, which exceeded the usual budget figure of Rs. 240 by Rs. 224. The amount as per advice of the Accountant-General, Madras, has been nearly double of the allotment usually made under this head.

46. *Vaccination.*—Under this head the cost of establishment was Rs. 311–9–0 and contingencies Rs. 27–7–0, while the contribution to the district board for the supply of glycerine paste was Rs. 39–6–0 only, which fell below the budget figure by Rs. 120–10–0. Vaccination was made compulsory in this municipality as per Proceedings of Government, No. 2191 M., dated 10th December 1891. The total number of operations performed was 1,473 as against 1,884 of the year previous, showing a decrease of 411. Of these, 1,279 proved successful, 125 unsuccessful and 69 unknown. Animal lymph was used throughout the year. The decrease is attributable to the fact that on the introduction of compulsory vaccination since 15th January 1892, a large number of children, who were left unprotected, was submitted to the operation during the past two years and no such cases are now to be had, the vaccinators having to depend mainly for their cases on births as they occurred within the municipality. Under section 138 of Act IV of 1884, 98 persons who failed to present children for vaccination were reported against to the Magistrate during the year under report. From statement XIII it will be observed that no vaccine operations were performed by Medical subordinates during the year.

47. *Vital Statistics—Registration of Births and Deaths.*—The charges under this head amounted to in establishment Rs. 341–15–3 and contingencies Rs. 19–15–5, which both fell below the budget figures. There were 886 births and 525 deaths registered during the year, which, compared with the year previous of 964 births and 669 deaths, show a decrease of 78 in births and 144 in deaths. There were 31 prosecutions instituted for failure to report births to the registrar.

48. *Conservancy.*—Under this head are consolidated the charges under public scavenging Rs. 2,248–1–9 and road-cleaning Rs. 2,333–14–9, in all Rs. 4,582–0–6, which fell below the revised estimate by Rs. 307–15–6. By a resolution of the council, dated 15th March 1895, it was decided by a majority not to water the roads this year.

49. In accordance with G.O., No. 1914 M., dated 10th December 1894, approving the scheme drawn up by the Sanitary Commissioner and the Professor of Hygiene for the training of sanitary inspectors at the Madras Medical College, the sanitary inspector of this municipality was sent to Madras, and after a course of three months' training, succeeded in passing the examination. The council sanctioned, in its resolution No. 5, dated 20th December 1894, an allowance of Rs. 20 in addition to his pay and travelling allowances to and from Madras.

50. *Private Scavenging.*—The establishment cost Rs. 1,349–0–9 and contingencies Rs. 346–15–6, which both fell below the budget figure. As there was no epidemic during the year, the allotment of Rs. 200 as cholera charges was not utilized, but under "Contingencies" the amount of Rs. 108–5–10 has exceeded the budget provision by Rs. 8–5–10.

51. The following statement shows the number of notices issued under the several sections of the Act for compelling owners or occupiers of lands and houses to keep their premises in a sanitary condition:—

Sections of the Act.	Number of notices issued.	Number obeyed.	Number prosecuted.	Pending.
156	1	1	..	..
167	2	..	2	..
183	32	26	6	..
186	15	15	..	..
207	220	158	62	..
211	3	3	..	..
214	7	7	..	..
217	2	2	..	..
222	9	7	2	..
228	36	27	9	..
Total ..	327	246	81	..

52. *Grant IV, Lighting and Miscellaneous.*—The charges, under establishment amounted to Rs. 708 and contingencies to Rs. 1,095–5–6 as against a budget allotment of Rs. 720 and Rs. 1,330 respectively.

53. *Market.*—In establishment, the Jubilee market cost Rs. 167–14–0, while no charges were incurred on account of contingencies. The repairs to the building under Grant I came up to Rs. 109–7–4. The upkeep of the market cost Rs. 277–5–4, while the income realized therefrom was Rs. 851–10–5, showing a net gain to the council of Rs. 574–5–1. In choultries, the establishment paid during the year amounted to Rs. 131–10–9.

54. *Travellers' Bungalow.*—The charges under establishment and contingencies amounted to Rs. 182–1–3 and in repairs under Grant I Rs. 16–11–1, in all Rs. 198–12–4. The fees this year amounted to Rs. 243–8–0, showing a net gain to the council of Rs. 44–11–8. The charges incurred under avenue and fire contingencies were ordinary and call for no particular remarks.

55. *Other Charges.*—The rewards paid this year for the destruction of stray dogs amounted to Rs. 85–8–0 as against the revised estimate of Rs. 100, and charges paid for printing proceedings of council, &c., Rs. 297–14–1, which also fell short of the budget figure.

56. *Other Items.*—The following sums are comprised under this head:—

	Rs.	A.	P.
Law charges	306	11	1
Election charges	22	0	
Cart-stand charges	256	7	4
Petty charges	4	4	0
Total ..	589	7	1

which sum has exceeded the revised estimate by Rs. 89–7–1, owing to heavy expenses entailed in suing parties for arrears of taxes due by them as well as to the Revenue department having fixed a site rent of Rs. 30 annually on the Tiruvengod cart-stand and claimed payment for faslis 1303 and 1304.

57. *Pound.*—The charges under this head amounted to Rs. 61–3–3 inclusive of commission to the poundkeeper and contingencies. The repairs to the cattle pound under Grant I cost Rs. 10–13–11. The expenditure thus amounted to Rs. 72–1–2, while the surplus pound fees realized a sum of Rs. 100–8–0, showing a net gain to the council of Rs. 28–6–10.

58. *Grant V, Supervision and Management.*—The cost of the office establishment was Rs. 1,286–3–10, which fell short of the revised estimate by Rs. 23–12–2, while under inspection it was Rs. 519–15–11, which exceeded the budget figure by Rupees 39–15–11 owing to the Chairman's allowance for March 1895 having been drawn at the very close of the year. The outlay on the collection establishment was Rupees 1,217–2–2 which exceeded the budget figure by Rs. 7–2–2 owing to arrears of pay due last year having been paid during the year under report.

59. The Kuttiadi toll having been managed departmentally, the cost of the establishment amounted to Rs. 81–14–1, which fell below the budget figure, while the contingencies amounted to Rs. 22–6–9, which slightly exceeded the provision by Rs. 2–6–9.

60. The office contingencies amounted to Rs. 454–1–3 and fell short of the budget estimate by Rs. 45–14–9, while the contribution paid on account of central office, Audit and Collector's establishment fell also below the budget figures by Rs. 7.

61. *Repayment of Debt.*—During the year the sum of Rs. 500 was paid as first instalment on account of the loan of Rs. 5,000 received from Government in 1893–94 and Rs. 208–14–3 as interest on account of the year 1894.

62. *Advances Recoverable.*—A sum of Rs. 60 was advanced to a contractor for the erection of a tiffin-room to the Tiruvengod municipal lower secondary school, but as its erection was delayed owing to certain objections having been raised by the owner of the school-house and land to the erection of a substantial building, the year closed before it could be completed. A sum of As. 3–4 advanced as cooly hire on distrained articles remained unadjusted at the close of the year.

63. *Refund of other than current collections.*—A sum of Rs. 4–4–0 was paid, viz., Rs. 2–4–0 on account of vacancy remission of 1893–94 and Rs. 2 scavenging fee refunded, being excess collection of 1893–94.

IV.—CLOSING BALANCE.

64. The year closed with a balance of Rs. 1,071–3–9 exclusive of deposit balance of Rs. 798–3–11. The difference of Rs. 774–11–6 between the municipal and treasury balance is owing to cheques to that amount not having been cashed before the close of the year.

65. The reports, &c., of the officers noted below are herewith forwarded:—

(1) Letter from the Headmaster, Brennen College, No. 145, dated 23rd April 1895, with endorsement of the Inspector of Schools, No. 3220, dated 14th May 1895.

(2) Letter from the Acting Civil Surgeon, dated 8th May 1895.

(3) Return of the Assistant Inspector of Schools, Ninth Division, No. 39, dated 22nd May 1895.

(4) Return of the Inspectress of Girls' Schools, Southern and Western Circles, No. 2718, dated 3rd June 1895.

ENCLOSURE.

CONCISE annual report on the working of the Municipal Hospital and Dispensary at Tellicherry for the official year 1894–95.

Changes in Administration.—Assistant Surgeon C. A. Lafrenais was in charge of the station from 1st April 1894 to 31st March 1895, when he handed over charge to Assistant Surgeon C. T. Saldanha.

2. *Inspection.*—The hospital was inspected by the District Medical and Sanitary Officer, Calicut, on the 22nd November 1894, and visited by the Acting Sanitary Commissioner on the 17th November 1894.

3. *Climate.*—The total rainfall was 119·15 inches as compared with 95·60 inches last year.

4. *Civil hospital building.*—The building is in good order; the annual repairs and whitewashing have been carried out. The want of an operating room and a lying-in ward is very badly felt. The branch dispensary at Chali continues to be in the same rented building which is in good repair. So is the small-pox hospital at Neeloth. Bedding and clothing sufficient.

5. *Attendance of Patients.*—The following table shows the attendance of patients for the past five years. There has been a very satisfactory increase in the out-patient department:—

—	1890–91.		1891–92.		1892–93.		1893–94.		1894–95.	
	Number treated.	Daily average number.	Number treated.	Daily average number.	Number treated.	Daily average number.	Number treated.	Daily average number.	Number treated.	Daily average number.
Civil hospital, Tellicherry—										
In-door	467	25·19	607	32·60	640	31·98	701	25·67	718	28·42
Out-door..	11,104	67·48	11,968	87·15	11,210	95·18	12,603	87·50	14,834	106·37
Branch dispensary, Chali—										
Out-door..	2,767	27·58	5,500	44·11	5,187	46·08	5,552	46·96	6,085	51·0

6. *Deaths.*—There were only 29 deaths in hospital as compared with 43 during last year. Of these 29, 8 were brought into hospital in a moribund condition.

7. *Vaccination.*—The total number of operations performed during the year was 1,473 as compared with 1,884 during last year, this decrease is owing to the fact that vaccination was made compulsory from 1st September 1892, so all the unprotected cases were brought in 1893, and during the year under report, nearly half the operations were on children born during the year; the number of births was 886, of these 705 were vaccinated. Out of the total operations performed, 1,279 were successful, giving a percentage of 86·82. The following table shows the results of vaccination for the past five years:—

Nature of cases.	1890–91.	1891–92.	1892–93.	1893–94.	1894–95.
Successful	639	1,334	1,525	1,755	1,279
Unsuccessful	189	216	141	61	125
Unknown	70	67	35	68	69
Total ..	898	1,617	1,701	1,884	1,473

Of the total vaccinated, 721 cases were verified by the civil surgeon and 98 were prosecuted. The number of children vaccinated under one year of age was 705 as compared with 756 in last year. From 1st September 1893 to 31st August 1894, 933 births were registered, of which 158 died, 105 left the station and 10 could not be found. Vaccination was postponed on medical certificates for 21, 595 were vaccinated, 17 were prosecuted and 27 remained to be vaccinated. The total number of cases prosecuted during the year was 98. Vaccination was carried out entirely with calf lymph, which, since 3rd June 1894, is being supplied from Calicut in the form of glycerine paste. As before two vaccinators are maintained by the municipality, and these are further assisted by a peon. It seems to me there is room for economy here. Vaccination being compulsory, one second-class vaccinator ought to be enough and he should be required to give a minimum of 100 cases per month. The average cost of each successful case was As. 4–9 against As. 4–2 during last year.

8. *Water-supply.*— Water-supply is ample and of fairly good quality and is obtained from wells. The two public tanks are used only for washing and bathing purposes.

9. *Sanitation.*—The roads are kept clean and in good order; the sweepings are carted off to Neeloth and burnt in cinerators. The night-soil depôt continues to be at Neeloth, the ground is saturated with refuse, and the early selection of another site is necessary. Drainage is natural. There are five surface masonry drains at Chali, these are flushed frequently and kept clean. There are five public latrines kept clean and in good order, and are freely resorted to by the public. There are 12 sentry boxes on the beach, but during the monsoons they have to be removed. There are 431 houses conserved by the private scavenging system as compared with 358 houses last year. The sanitation staff consists of one inspector, two sub-inspectors, one maistry, sixteen public and

NOTE.—These figures regarding sentry box latrines and the number of houses scavenged by municipal agency are incorrect. The correct figures are set down in Statement XI.

(Intld.) V. K.,
Chairman.

eighteen private scavengers. The sanitary inspector was sent to Madras by the municipality to be trained.

10. *Market and Slaughter-house.*—The market is commodious and kept fairly clean and is inspected frequently by the civil surgeon. The slaughter-house is kept clean.

11. *General Health.*—General health of the people has been very good, no epidemic of any kind having occurred in the municipality, although there was some cholera in Cannanore and Kurumbranád. There were only three cases of small-pox treated in the small-pox hospital at Neeloth with one death.

12. *Births and Deaths.*—There were 886 births and 525 deaths registered during the year. The following were the principal causes of deaths according to death register :—

Small-pox	1
Fevers	128
Diarrhœa and dysentery	51
Suicides	1
Wounds	2
Accidents..	5
Snake-bite	1
All other causes	336
Total ..	525

The following table shows births and deaths for the past five years :—

—	1890–91.	1891–92.	1892–93.	1893–94.	1894–95.
Births	787	894	759	964	886
Deaths	493	657	812	669	525

13. *Surgical Operations.*—Ninety major and 719 minor operations were performed during the year against 75 and 710 during last year.

14. *General Remarks.*—Mrs. C. Edwards, the midwife, conducted 38 cases of labour as compared with 35 cases last year. The small number conducted by her is due to the fact of another diplomæd nurse practising here. She has proved herself very useful and attentive in hospital especially in attending on midwifery operations.

Second-class Hospital Assistant P. Kanaran No. 340 has been in subordinate charge of the hospital, and he has continued to give satisfaction. He is constantly in hospital, attentive to patients and prompt in carrying out all orders.

Third-class Hospital Assistant M. Krishnan Nair No. 450 has been doing duty and in subordinate charge of the out-patient department, he is an intelligent young man and is diligent in the discharge of his duties.

Third-class Hospital Assistant C. A. Thomman No. 442 discharged his duties at the branch dispensary at Chali with satisfaction. He is popular with the poor of Chali with whom he has mostly to deal.

Hospital Clerk P. Govinda Menon has continued to give satisfaction. His work has increased very much and his salary, Rs. 10, is small. He should be paid at least Rs. 15.

There is no peon attached to the hospital and perhaps this is the only station in the Presidency the civil surgeon of which cannot boast of a peon. The municipality might try to see their way to spare Rs. 6 per month for a peon.

TELLICHERRY,
8th May 1895. (Signed) C. T. SALDANHA,
Acting Civil Surgeon.

Endorsement on C. No. 3211-R.

Forwarded.

It is time the municipality made some better arrangements for the disposal of rubbish, street sweepings, &c. Three years ago the Assistant Surgeon pointed out that the Neeloth Paramba was full and no more liquid sewage could be buried there.

Some two or three months back a petition was presented to me in my magisterial capacity by the people residing in the neighbourhood. I inspected the place with the chairman who admitted the existence of a nuisance and asked for fifteen days to make arrangements for securing another site. Nothing has, I understand, been done for want of funds. At our visit one man stated that eleven deaths had occurred during the year in his house and the municipality have for some years past been issuing orders forbidding people in the neighbourhood to use their private wells because they are contaminated with sewage. As a fact these orders are disregarded.

If necessary, capital should be borrowed for the purpose of introducing a proper system of poudrette making. There is a constant demand from the coffee estates in Coorg and Wynaad for good poudrette.

If this is objected to money for the purpose might be found by cutting down the large expenditure under Grant II.

The roads are in fair condition.

TELLICHERRY,
29th July 1895. (Signed) A. F. PINHEY,
Ag. Sub-Collector.

Endorsement on C. No. 265-M.

Forwarded.

2. The number of meetings held during the year was ten less than in 1893–94.

3. The decrease of Rs. 2,569–14–5 under rates and taxes has not been accounted for.

4. Statement IV (*a*) shows that out of the current demand of Rs. 18,588–7–10 under tax on arts, &c., tax on buildings, and tax on lands only Rs. 13,717–13–4 or 73·8 per cent. was collected. Under private scavenging fees only 77 per cent. of the demand was collected, although these fees should be collected in advance.

The collection of arrears was very bad. The total demand of arrears under tax on arts, &c., tax on buildings and tax on lands was Rs. 6,840–2–3 and the balance at the close of the year was Rs. 2,542–0–5 or 37·2 per cent. Out of an arrear demand of Rs. 861 under private scavenging fees only Rs. 264–8–0 or 30·7 per cent. was collected.

5. *Paragraph* 10.—Rs. 22–8–0 shown in this paragraph as collections of arrears of tax on animals is evidently a mistake for Rs. 28–8–0.

6. *Paragraph* 11.—The number of warrants remaining unexecuted at the close of the year, although less than in 1893–94, is still unduly large.

7. *Paragraph* 12.—The council is entitled to one-eighth of the net receipts from the Mahé toll-gate and to one-fourth of the net receipts from the Erinjolly and Koduvalli toll-gates and it has received these amounts.

8. *Paragraph* 25.—The number of houses served by private scavenging agency increased from 369 to 448. This is only 8 per cent. of the total number of houses assessed to the tax on buildings. The system was worked at an actual loss of Rs. 32–9–8 only. The cost of the establishment and contingencies was Rs. 1,696. In Statement IV (*a*) the current demand under private scavenging fees is shown as Rs. 1,815–12–2, so that if properly worked the system would be self-supporting.

9. The increase in the number of patients treated at the civil hospital and branch dispensary is very satisfactory. The midwife's work as a midwife showed a slight improvement. Still the number of cases attended by her was small.

10. *Paragraph* 46.—The explanation offered for the falling off in the number of cases vaccinated does not appear to be the correct one for, although there were 886 births during the year and 56 children were born dead, only 705 children under one year of age were vaccinated and of these many must have been born during 1893–94. Besides under the Act children up to ten years of age are liable to compulsory vaccination.

11. *Paragraph* 47.—No explanation has been offered for the decrease in the number of births and deaths registered.

12. Attention is invited to the Sub-Collector's remarks about the night-soil depôt at Neeloth, and to the civil surgeon's remark on the same subject.

TELLICHERRY,
6th August 1895.

(Signed) H. MOBERLY,
Ag. Collector.

ORDER—No. 1706 M., dated 22nd October 1895.

The receipts and charges of the Tellicherry Municipality for 1894–95 are compared below with the budget and revised estimates for the year and the actuals of 1893–94:—

2. Thirty-one meetings were held by the municipal council against forty-two in 1893–94, and nine others were adjourned for want of a quorum against seven in that year. The average attendance of the members, both official and non-official, declined and was indifferent. Eight seats were filled by election during the year, and of these three were contested, 45·3 per cent. of the voters concerned attending the poll.

3. *Receipts.*—(1) The original demand under the tax on arts exceeded the previous year's figure by Rs. 82, but, owing to the large remissions granted by the council on appeal, the net demand fell from Rs. 3,671 to Rs. 3,566. The chairman is requested to explain the circumstances under which the council thought fit to remit as much as 8·2 per cent. of the original assessment. The demand under the tax on buildings also showed a slight decline, but that of the tax on lands remained practically unaltered.

(2) The current collections under the tax on arts improved slightly and were fair. Under the taxes on buildings and lands, however, they declined and were far from satisfactory, and the arrear realizations under all these heads continued to be indifferent. The uncollected balance amounted on the 31st March 1895 to no less than Rs. 7,411 and some items of this related to as far back as 1889–90. Notwithstanding this discreditable state of things the number of warrants issued during the year was less than half of what it was in 1893–94, and the execution of the processes under disposal was delayed as much as ever. Bad collections appear to be a chronic feature of the administration of this municipality. In reviewing the reports of the two preceding years the Government animadverted upon the negligence displayed in this matter, and in passing orders on the revised estimate for 1894–95, it was observed that if the present report did not show a decided improvement, the Government would

be compelled to take steps under section 37 (1) of the District Municipalities Act. Not only has no improvement taken place, but the condition of affairs is even worse than before, and the Government can no longer postpone action. Under section 37 (1) of Act IV of 1884, therefore, a period of four months from the receipt of this order by the council will be fixed within which a satisfactory proportion of the arrears now outstanding must be collected or adjusted. At the end of this period the chairman will report the progress in this direction which has been made to date, and should this not be adequate, steps will forthwith be taken by Government under section 37 (2). The chairman will report the date on which this order reaches him.

(3) There was a decline in the receipts from tolls, but the income from school-fees, license fees and fines showed an improvement. The sale of rubbish fetched only the trifling sum of Rs. 16, and the council appears to have taken no action upon the observations in paragraph 3 (2) of G.O., No. 1228-M., dated 7th September 1894. Its attention is drawn to the Sub-Collector's remarks on this subject, and the action which it proposes to take in the matter should be reported.

(4) The number of houses served by the private scavenging agency rose from 369 to 448, but the service was again worked at a loss to the municipal council. The attention of the municipal council is drawn to the Collector's remarks on this subject in paragraph 8 of his endorsement. The existence of large outstandings under this head is another instance of the apathy and indifference of the council. The chairman will explain why the fees were not collected in advance as repeatedly ordered by Government.

4. *Expenditure*—(1) *Public Works.*—No new work of any importance was undertaken during the year, but a sum of Rs. 361 was paid as compensation for lands taken up for the Coast Cliff road. The total outlay on communications amounted to Rs. 2,671, or 98 per cent. of the net income from tolls, and the Revenue Divisional officer reports that the town roads were in fair order.

(2) *Education.*—The net expenditure on education amounted to Rs. 5,671, or as much as 26 per cent. of the income from taxation. In this connection the attention of the municipal council is drawn to the remarks in the concluding portion of paragraph 4 (2) of G.O., No. 380-M., dated 8th March 1895. The net cost of the Brennen College, even taking into consideration the non-receipt of the interest on its funded capital, increased considerably. Steps should be taken, in consultation with the educational authorities, to render it more nearly self-supporting. As in the previous year the council maintained, in addition to the Brennen Second-grade College, a lower secondary school on the salary system and twenty-six primary schools on the system of salary-results. Taken together, the attendance at these schools improved, but the results of the F.A., Matriculation and Lower Secondary examinations were indifferent. The primary schools, however, appear to have done fairly well at the departmental examinations. The council also again aided two secondary schools with salary and five primary schools with result grants. The numbers on the rolls of these institutions showed a slight increase, and the results of the grant examinations were, on the whole, fair, but it is unsatisfactory to note that nearly 17 per cent. of the allotment for grants was allowed to lapse. The number of boys under instruction in the municipal and aided schools rose, however, from 87·9 to 92·8 per cent. of the male population of school-going age. From the statements submitted by the Assistant Inspector of Schools it is observed that more than a fourth of the teachers of the municipal and aided primary schools were unpassed. The council should employ none but qualified men in its own schools and, by reducing or entirely withholding the grants payable to them, should insist on the managers of the aided institutions doing the same.

(3) *Medical Relief.*—The number of in-patients treated in the municipal hospital rose from 701 to 718, and the out-patients attended in this institution and in the branch dispensary increased by 2,764. Seeing that the public health was very good during the year, this increase is, as observed by the Collector, satisfactory. The midwife employed by the council attended thirty-eight cases of labour, or only three

more than in 1893–94. The explanation offered by the Civil Surgeon for this poor result does not appear to be adequate, and it is hoped that in the current year there may be an improvement.

(4) *Vaccination and Vital Statistics.*—The reported number of persons vaccinated during the year showed a decrease of 411, and the quality of the work done also deteriorated and was poor. The council's attention is drawn to the Collector's remarks upon this subject in paragraph 10 of his endorsement, in which the Government concurs. The Civil Surgeon's suggestion to reduce the strength of the vaccine establishment should be considered when the budget estimate for the next year is framed.

The registration of both births and deaths declined for reasons which have not been explained, and the recorded rates were in both cases below the normal, so that the returns are evidently incomplete. This subject should receive increased attention in the current year.

(5) *Sanitation.*—Nearly 16 per cent. of the allotment for conservancy lapsed, but the expenditure amounted to 15·9 per cent. of the current receipts against 13 per cent. in 1893–94. The chairman's report again furnishes little or no information regarding the sanitary condition of the town, but from the inspection notes of the Sanitary Commissioner recorded in G.O., No. 1027-M., dated 26th June 1895, it appears to have been far from satisfactory. The council should take these notes as its guide and carry out one by one the improvements therein suggested. The sanction of Government should have been obtained for the grant of an allowance of Rs. 20 per mensem to the sanitary inspector in addition to his pay during the time that he was under training in Madras. The necessity for the grant of this allowance should now be reported.

5. *General Remarks.*—The year closed with a balance of Rs. 1,071, or only 2·6 per cent. of the current receipts.

The administration of the municipality during the year under review cannot be considered satisfactory, the collection of taxes especially leaving much to be desired.

6. The delay of more than seven weeks in the submission of this report is not creditable and should not be allowed to recur.
