1. Under rules now in force in this Municipality, the vaccinator is required to produce 500 successful cases a year. He complains that he could not produce this number and requests that it should be reduced and the penalties should have reference to the gross number of cases operated, irrespective of success. He further claims the refund of the deductions made in his salary in 1893-94.

2. The matter was discussed at considerable length in all its aspects, in several meetings, hearing fully the importance of the matter and the remarks of the Sanitary Commissioner and his deputies and also the orders of Government on the subject and the Council finally came to the conclusion that it is quite impossible for him to produce that

the following for its consideration.

insists on the Vaccinator, to produce the average
number every month, and this work should be
checked enforcing penalty for short work
at the end of every month. The Council
further resolves to bring the above to the notice
of Government for its approval and sanction.

It is also resolved that the Vaccinator, in the
interim should be paid his salary subject to
the penalty provided in the res. 113. pending
the orders of Government in this matter. That
regards the refund claimed by the Vaccinator
of the penalty levied from him for short
work in 1893-94, no orders can be passed
now, before the reference to Government is
disposed of.

petition presented by the Municipal Council, praying that the salary of the Municipal Engineer be made to his satisfaction for the cases presented, and the amount of salary be deducted from his salary for the short work done by him during the year 1895-96 be refunded. A statement of showing the number of births, and the cases operated during the past 10 years from the 1st of Jan. 1885 to 31st Dec 1894, is also presented.

res no 107
31.8.95

For consideration, the Municipal Council, (1895) this Municipality for the last 10 years and the vaccination not being compulsory, the Council comes to the conclusion that it is quite impossible for the Vaccinator to produce 500-600 successful cases in a year as decided in the office of the Municipal Council. The Council therefore resolves to reduce this number to 400 in

modification of the said resolution and initiate
