Records with the following

marks:—

(1) The apparent discrepancy between the note to Statement II and Statements IV.A. and IV.B. should have been explained by means of a footnote to the former.

(2) With reference to para. 4 of the letter, the Chairman will be informed that the information required by Council is as to the mileage of roads, streets &c generally maintained by the Municipal Council. This should be supplied without delay.

oral statement of the Sanitary Inspector without reference to proper records on the subject and for which the latter was duly warned.

4. Clause 7. As regards the omission pointed out in this clause, I submit that nothing has been done in this respect in the year under report as stated in para 37 of my report dated 8th June 1895 No. 118. But the total mileage under maintenance sanctioned is 2½ and it is for metalled or gnaelled. This being the case, I submit that no separate statement supplying the omission under reference is necessary.

note under reply and those in statements IV A and IV B are correct. The former includes the following also:-

Arrars of ^{Jan} carts Rs 60-0-0

do Vehicles Rs 18-0-0

do Animals Rs 61-4-0

Total Rs 139-4-0.

As there was no fixed demand for the above items, as they are fluctuating ones and as the statements IV A and IV B do not contain these headings, this amount could not be shown therein. Hence the discrepancy between the note and the statements under reference.

3. Clause (10) The figure in para 56 of my report is correct. But the figure given by the Civil Apothecary in para 2 of his report is wrong, inasmuch as it is adopted by him on the
