Collector and Magistrate, Trichinopoly. 22 SEP 95

When the petition of the applicant was in the usual Course referred to me as ward Councillor, I passed the following order on 30-6-95. "The applicant is to state in this petition the dimensions of the Koradu. The Inspector to check it." The applicant had accordingly inserted in his application the dimensions called for and the Inspector verified the same. On that I passed the following order on 7.7.95 "Permission is to be granted" and the Chairman wrote on 9.7.95. "Yes".

The Mazir sent to the Government was referred to me for my special report. I personally inspected the spot and made local enquiries. I find that there is not even slightest encroachment not even to half an inch.. That the Mazir contains the signatures of 20 persons, none came forward to admit his signature. In fact, except two names that coincide with the names in in the Mazir, other names are merely fictitious. Even these two persons deny having signed such a Mazir. They say the signatures in the Mazir are not theirs. I made exhaustive enquiries. A glance at the Mazir will indicate that one and the same person has forged the signatures of several persons — a matter of frequent occurrence in this town.

The applicant has erected pillars with brick and chunam to a certain height, in the place where wooden pillars stood originally and this, he has done without any application or permission.
