1- Clerk... on Rs 45
3- Copyists... on Rs 60
Total Rs 500

In the first of the letters read above, the Sanitary Engineer requests sanction for the retention for a further period of two years of the temporary establishment noted in the margin. The Chief Engineer whose opinion was called for as to the necessity for this, states that the staff proposed by the Sanitary Engineer, excepting the accountants, is very moderate and that there will probably be ample work for the accountants also, if the accounts of all expenditure by his Department have to pass through his office. The Chief Engineer further recommends the permanent employment of this staff, as the extra cost of their claim to pension is nothing when compared with the extra efficiency that will be secured by the employment of permanent men. As the accounts

the Sanitary Engineer's Department have to pass through his office, it is submitted that the retention of a whole of the temporary establishment may be sanctioned for a further period of two years and that the consideration of the Chief Engineer's recommendation that the staff should be made permanent, may be deferred until orders are passed on the proposal to amalgamate the Sanitary Engineer's Department with the Public Works Department.

GOVERNMENT OF MADRAS.
OFFICE OF SANITARY ENGINEER,
Fort St. George, 23 August 1892

Total & Current No. 2168

From

J. A. JONES, Esq., MEM. INST. C.E., F.R.S.E.,
SANITARY ENGINEER TO GOVERNMENT,

To

The Chief Secretary to Government
Local and Municipal Department

SIR,

I have the honor to request that you will be good enough to obtain the sanction of Government for the retention for a further term of two years 1896 - 98 of the temporary staff

For the 2 years ending 31st March 1893

G.O. No. 570, dated 9.7.91, Financial	Sanctioned by
" 1893/94 " 1271, dated 25.11.92 "	Government in its
" 1894/95 " 805, dated 19.8.93 "	proceedings
" 1895/96 " 723, dated 13.9.94 "	margin

in 80 1916 27/9/94

quoted. I would ask for the staff to be made permanent except for the belief that Government is unwilling to add to pension charges. The staff consists of 3 draftsmen, 1 estimator, 2 accountants, 1 clerk and 3 copyists whose salaries aggregate to Rs 500/- a month, and its necessity was fully explained in my letter No. 1651 dated 23rd August 1892.

CURRENT No. 2740

Memorandum in the Local and Municipal
Department No 1286 dated 12th September 1895

CHIEF SECRETARY
GOVERNMENT OF MADRAS
19 SEP 1895

Note by the Chief Engineer
Public Works Department:
No 1010 & dated 19 September 1895

I think the staff
proposed by the Sanitary
Engineer to be very moderate
and by no means in excess
of his requirements, with
the exception of the accountants,
concerning the necessity
for whose entertainment I
cannot give an opinion
in the absence of information
as to the manner in which
the expenditure of the
Sanitary Engineer is
accounted for and
audited.

2. If the accounts of

all expenditure by his department have to pass through his office, there is probably ample work for them.

3. I would take this opportunity of supporting the Sanitary Engineer's view that the staff should be made permanent.

4. The extra cost of the claim to pension is a mere trifle as compared with the extra efficiency of permanent men, and the invariable experience of this Department is that it is a fatal mistake to employ temporary men except for work essentially temporary in character,

Note
On enquiring in the Sanitary Engineer's office, it appears that the accounts of all expenditure by his Department pass through his office -

which that of the Sanitary Engineer certainly is not.
