Local Fund Administration Report 1894-95

Gaujam District

Local & Municipal Dept.

Para 22. F. Avenues.

CURRENT No.

Out of 732 Miles of road in charge of the Local Boards, 636½ Miles were provided with Avenues. The number of trees in the avenues rose from 42,398 in 1893-94 to 43,377 in the year under report. There were besides 9,259 plants in the nurseries. Rs 181 were realized on account of sale proceeds of avenue clippings & rent of fruit trees. The amount is very small as the number of fruit bearing trees is small & many are very young.

2. With reference to para 3 (5) of G. O. No 2006 dated 11th October 1894, I have the honor to state that in this District much revenue cannot be expected from Avenue produce for some time to come as only a small proportion of the avenue trees are fruit bearing and of this the large majority have only recently been planted & are too young to bear fruit.
