2. Local Boards and Union panchayats.

Only seven meetings were held by the District Board against ten in 1893-94, but the attendance of the official members improved and was good, ~~while~~ and that of the non-officials continued to be fair. The Taluk Boards met a sufficient number of times, but the attendance of the official members of the Trichinopoly Board was very poor and that of the non-officials of this and the Musiri Boards was ~~not up to the mark~~ indifferent. There were twelve Union panchayats as in the previous year and they again held on an average fifteen meetings each ~~as in that year~~ ~~It is however to be regretted that~~ the Pūvalūr Union panchayat however failed to meet once a month as required by section 129 of the Local Boards Act. The President of the Taluk Board concerned should have seen that ~~the panchayats under his control~~ it complied with the provisions of the law. The average attendance of the members was

good

2. Local Boards and Union panchayats.

Only seven meetings were held by the District Board against ten in 1893-94, but the attendance of the official members improved and was good, ~~while~~ and that of the non-officials continued to be fair. The Taluk Boards met a sufficient number of times, but the attendance of the official members of the Trichinopoly Board was very poor and that of the non-officials of this and the Musiri Boards was ~~not up to the mark~~ indifferent. There were twelve Union panchayats as in the previous year and they again held on an average fifteen meetings each ~~as in that year. It is however to be regretted that~~ the Puvalur Union panchayat however failed to meet once a month as required by section 129 of the Local Boards Act. The President of the Taluk Board concerned should have seen that ~~the panchayats under his control~~ it complied with the provisions of the law. The average attendance of the members was good

Current years budget

good. The ward system of supervision ~~which~~ was adopted in ten ~~of the~~ Unions and is stated to have been fairly successful ~~worked fairly well~~, ~~and~~ The private scavenging system ~~which~~ was introduced into the three Unions under the Musiri Board ~~appears to have worked satisfactorily~~. ~~No information has been furnished regarding the working of the Local Boards, — an omission which should be supplied in future reports, — but that of the panchayats is reported to have been generally satisfactory.~~

but it cannot be considered a complete success ~~unless it~~ as it was not ~~is~~ self-supporting. It is regrettable that a private service should be paid for, even in part, from general revenues.

(Its rather nonsense insisting on this every year. They always work all right, & a general remark in the general review can be made on general knowledge.)

3. Receipts. (1) ~~The~~ Though there were fewer arrears than in 1893-94 ~~Owing to the existence of fewer arrears~~ the demand under land cess ~~declined~~ advanced slightly. The collections ~~under land-cess~~ amounted to 94 per cent of the ~~demand~~ against 91 in 1893-94.

(2) Including the five ~~toll-gates~~ new ones ~~ly~~ opened during the year, there were nineteen toll-gates, and ~~at which~~ ~~there~~ half the maximum rates were levied at them. ~~It is satisfactory to note that~~ The whole of the demand ~~under this head~~ was realized within the year.

(3) The house-tax continued to be levied at half the maximum rates in all the Unions, but the collections declined from 97 ~~amounted to 95~~ per cent of the demand to 95 per cent. ~~against 97 in 1893-94.~~ ~~The~~ tax was realized without resorting to coercive measures in all but two of the Unions. In these, 202 distress warrants were issued but property was actually distrained only in thirty five ~~35~~ cases and sold in only five.

(4) Fees were levied in all the fourteen markets under the control of the Taluk Boards, but owing to want of competition at the sale of the farms, the rents amounted to only Rs. 9,627 against Rs. 10,635 in the previous year. The outlay on public works connected with these institutions rose from Rs. 4,730 to Rs. 7,456. ~~but~~ The balance to their credit at the end of the year was still large, being Rs. 10,706 or Rs. 678 more than ~~the amount balance~~ at ~~the~~ its commencement, but the greater portion of this ~~The current year's budget provision~~ has been allotted for expenditure in the current years budget ~~of Rs. 8,980 for the construction and~~

Also But 3820 has been allotted for other improvements. These will absorb most of it.

~~maintenance of market feeder roads should therefore be largely supplemented by allotments from this balance.~~

The Govt. is glad to note that the

(5) ~~The~~ improvement of the road avenues engaged the attention of the Local Boards ~~and~~ The income under this head rose from Rs. 4,429 to Rs. 5,213. ~~The~~ and the expenditure on ~~the~~ plantation and maintenance ~~of avenues~~ was Rs. 3,058 or nearly three times that ~~amount~~ in 1893-94.

4. Expenditure on Public Works. The expenditure under this head was 98 per cent of the allotment against 92 in the previous year. The outlay on communications rose from Rs. 79,215 to Rs. 94,000, and village roads also received a larger share of attention, the expenditure thereon being 10.8 per cent of the outlay on communications against 9.1 in that year. The general condition of the roads is stated to be improving. The cost of the Local Fund Engineering establishment was only seventeen per cent of the outlay on works by that agency against ~~22~~ twenty two per cent in the previous year.

(2) Education. As in the previous year, there were six Inspecting schoolmasters, and their work with two exceptions, is reported to have been satisfactory. Forty-seven students were trained in three sessional schools maintained by the District Board, and of these ~~45~~ forty five appeared for and ~~37~~ thirty seven passed the examination. This is very satisfactory. The two Lower secondary schools maintained by the Taluk Boards were attended by 116 pupils against 106 in 1893-94, and in the Lower secondary examination fourteen passed out of twenty three presented, the corresponding figures for the previous year being eight and twenty. The Lalgudi school was worked at a net profit of Rs. 35. There was a small increase in the number and attendance of the board primary schools, as shown in the margin, but the percentage of passes in the standard examinations

	Schools.	Pupils.
1893-94	79	3306.
1894-95	82	3423

examinations fell from 80 to 74 and this decline has not been explained. The Taluk Boards aided 239 schools attended by 6234 pupils against 229 schools with 6200 pupils in 1893-94, and out of 4229 pupils who appeared for the grant examinations, 3341 or 79 per cent passed, the corresponding figures for the previous year being 4,864, 3697 and 76 per cent. The total number of boys under instruction in the schools maintained and aided from Local funds was 10.1 per cent of the male population of school-going age against 9.8 in 1893-94, the average for the Presidency in that year being 13.4.

(3) Medical Relief - The Taluk Boards continued to maintain one hospital and nine dispensaries and there was an increase in the number of patients treated in these institutions. Nine midwives were employed as in the previous year, but there was an improvement in their work, the number of labour cases attended by them being 695 against 626. ~~The measures adopted, if any, for the furtherance of female medical education have not been reported as required in G. O. dt 5th September 1887, No. 1687 L. L. This omission should now be supplied.~~

1893-94 ..... 85,549.
1894-95 ..... 88,151.

It is to be regretted that nothing whatever has been done by the Distt Board for the furtherance of female medical education, although ample funds were available.

(4) Vaccination - ~~It is to be regretted that~~ There was a decline in the work of this department, which is explained in para. 48 of the President's report. The ~~total~~ reported number of successful ~~operations~~ cases was 31.3 per mille of the population against 36.6 in the previous year, but there was a slight improvement in infantile vaccination, the number of successful operations on children under one year having risen from 5445 to 5539. The quality of the work turned out however continued to be good. Every endeavour should be made to secure better results in the current year.

(5) Sanitation - The percentage of expenditure to the allotment under this head rose from 91 to 95, but there was a decreas

in the outlay on ~~the improvement of~~ water-
supply and village sites, ~~and in~~ the
number of towns and villages provided
with conservancy establishments declined. ~~The num-~~
~~ber of villages visited by~~ the District
Medical and Sanitary officer has not
~~been~~ reported how many villages he visited: the omission ~~which~~ should
be supplied in future reports.

which is regrettable

in that on the improvement of

5. General Remarks. The year closed with
a balance of Rs. 61,241. Of this sum
however Rs. 3,783 appertained to Unions,
Rs. 15,373 to endowed institutions and
Rs. 15,828 to debt heads, leaving Rs. 26,257
or 12 per cent of the receipts available for
general purposes. It is presumed that
the expenditure of Rs. 2 incurred by the
Ariyalur Panchayat in improving the
chattram at that place has been
met by a contribution from the Taluk
Board under section 142 of the Local
Boards Act.

~~Except~~ in regard to vaccination
the administration of local affairs
cases

The President's report is concise & clear.

Except.

6P

showed an improvement on that
previous year and was on the
satisfactory.

The increase of 9 miles in the length of village road at the commencement of the year as compared with the corresponding figure of the previous year is due to the inclusion of the following roads:—

Ariyalur, Vilangudi road	7¼	miles
Kirambur road	1	"
Feeder road to Ariyalur market from road No. 15	½	"
Irumbudipatti market feeder road	½	"
Total	9¼	"
Deduct incorrect length of ~~road~~ shown on road No. 66..	¼	mile
Net increase	9	miles

The decrease of one mile in the length of the District road is due to the deduction of incorrect length of one mile shown on road No. 9, and that of 3¾ miles in the length of the Taluk road is due to a similar deduction made on road No. 17

for President

IV-B.—Statement showing the length, &c., of Road avenues, in the Local Fund District ~~Taluk~~ of Trichinopoly for the official year 1894-95.

	Length in miles of road avenues.	Number of trees in the avenues at the end of the previous year.	Number of trees planted during the year.	Number of trees perished during the year.	Total number of trees at the end of the year.	Remarks.
	1	2	3	4	5	6
