Supplement to the Kurnool District Gazette.

PUBLISHED BY AUTHORITY.

MONDAY, NOVEMBER 12, 1894,

CIRCULAR.

The state of vaccination in this district is most retrograde. The attention of Divisional Officers, Tahsildars, Deputy Tahsildars, and Revenue Inspectors is drawn to the remarks of Government in their review of the Local Fund administration in this district during 1893-94 which run as follows.—

"The work of this department which considerably declined in 1892-93 showed a further and serious retrogression, the total number of successful operations having been only 19 per Mille of the population against 33 in 1892-93 and 37 in 1891-92. * * * *

"It seems, therefore highly probable that the Revenue authorities did not pay the attention to this very important subject which they ought."

This is a most unsatisfactory state of affairs and the utmost efforts must be taken to show improvement during the current year. Owing to the absence of an Act for Compulsory Vaccination in the District the Vaccination Department requires the cordial assistance of the Revenue Officers, and it is expected that they will receive it. The following instructions are accordingly issued for information and guidance of all officers concerned:—

పట్టు వుత్తరువు.

ఈజిల్లాలో టీకాలువేయడము మిక్కిలి జబ్బుస్థితిలో వున్నది. ఇందునుగురించి గవర్నమెంటువారు 1893-94 సం॥రం లోకల్ ఫండు అడ్మినిస్ట్రేషన్ రివ్యూలోచేసిన రిమార్కులను డివిజనల్ ఆఫీసర్లున్ను తహశీల్దార్లున్ను డిపిటీ తహశీల్దార్లున్ను రివిన్యూ యినస్పెక్టర్లున్ను గమనించుటకొరకు యీక్రిందయెత్తివ్రాయడమయినది.

2. Local Boards & Panchayats

Twelve meetings were held by the District Board as in the previous year ~~and~~ The average attendance of the non-official members continued to be fair, ~~though declined slightly~~, ~~while~~ but that of the Officials ~~continued~~ ~~to be~~ was again poor. ~~though there was a slight improvement~~. The Taluk Boards met a sufficient number of times, but the average attendance of the Official members, except those ~~of~~ on the Cumbum Board, was poor, and that of the non officials ~~of~~ on the Nandiyal and Ramallakot Boards was ~~below the mark~~ indifferent. The explanation offered by the sub Assistant Inspector of schools, Nandyal range, for his ~~absence from all~~ failure to attend any of the meetings of the Nandyal and Nandikotkur Boards and ~~all but~~ all but one ~~meeting~~ of ~~those~~ of the Ramallakot Board cannot be considered by any means

means ~~satisfactory and he should be required to attend more regularly in future~~. There were again Nineteen Union Panchayats, ~~continued to be at work~~ and they met on an average eleven ~~11~~ times each against nine ~~9~~ in the previous year; ~~but~~ It is to be regretted that ten of them failed to meet once a month as required by Section 129 of the Local Boards Act. The explanation offered for this in para. 6 of the President's report ~~letter~~, ~~namely~~, that several ~~of~~ ~~the~~ meetings had to be adjourned for want of a quorum, cannot be considered adequate. The Presidents of the Taluk Boards should see that the panchayats under their control comply with the provisions of the law ~~in this respect~~. The average attendance of members at the meetings of the panchayats continued to be fair, having been six out of a total strength of eleven.

shows that the members are apathetic and

The ward system of supervision, which was adopted in fifteen unions, is reported to have worked satisfactorily in all but four of them, and the ~~The~~ private scavenging system, which continued to be in force in Nandyal is stated to have been moderately successful. ~~worked moderately well~~. It is to be regretted that the members of the Taluk Boards ~~did not~~ evinced but little ~~much~~ interest in their work; ~~but the~~ Union Panchayats, except the one at Gudur, are reported to have worked satisfactorily.

3. Receipts. (1) The collections under land-cess amounted to only Rs. 1,36,245 or ninety per cent of the demand against Rs. 1,64,195 or 94 per cent. in 1893-94.

(2) Including the two gates newly opened during the year, there were seven toll gates and the revenue under this head rose from Rs. 6,891

to

to Rs. 7,734, but only 93 per cent. of the demand was realized within the year. The balance however was in the shape of deposits, which have since been adjusted.

(3) The house-tax continued to be levied at three fourths of the maximum rates in Nandyal, and at half rates in the remaining eighteen unions. The collection under this head rose from Rs. 12,384 or 85 percent. of the demand to Rs. 14,684 or 93 per cent, and were good in all the unions except Betamcherla, Gudur, and Atmakur. ~~But in neither of the first two unions were any coercive measures adopted for the recovery of the dues, a fact which shows that reasonable diligence was not used in the collection of the tax.~~

The poor collections in the first two of these are not surprising, for no coercive processes for the realization of the tax were issued

(4) There were fifteen markets under the control of the Taluk Boards against ten in the preceding year and fees were levied in thirteen of them against ten; but owing to want of competition at the sale of the farms, the receipts fell from Rs. 1,757 to Rs. 1,743. The expenditure on works connected with these institutions ~~figures~~ rose from Rs. 1,130 to Rs. 5,973 and ~~the~~ the balance to their credit at the end of the year was reduced from Rs. 7,435 to Rs. 2,132.

(excluding a proportionate cost of supervision &c.)

As it was a bad year for tamarinds, there

(5) ~~There~~ was a considerable decline in the receipts from the sale of avenue produce, which ~~amounted to~~ were only Rs. 316 against Rs. 1,005 in the previous years. ~~but an improvement in this condition is expected in the current year owing to~~

The next administration report should state how

the system of concentrating the planting operations, which was adopted in the year under report, has worked.

4 Expenditure.-(1) Public Works

Though the expenditure under this head rose from Rs. 52,050 to Rs. 80,54 it was only 84 per cent. of the allotment against 92 per cent. in 1893-94. ~~The~~ Explanations are offered for the short outlay in paras 18 19 + 21 of the President's report. ~~can not be considered satisfactory.~~ The Communication promised ~~by the President in~~ in para. 18 ~~of his letter~~ report regarding the excess expenditure incurred on the Atmakur-Koil-Kuntla road will be awaited. There was a satisfactory increase in the expenditure on communications, which amounted to Rs. 65,284 against Rs. 43,753 in the previous year. Including a sum of Rs 1,185 spent on the repair of village streets, which has been improperly debited to "Improvement of village site", the expenditure on village roads amounted

amounted to Rs. 5,764 or 12.5 per cent of the total outlay on roads against Rs. 4,994 or 14.5 per cent in 1893-94. The general condition of the roads, except those in the Nandyal valley is reported to have been fair. The cost of the Local Fund Engineering establishment amounted to 20.3 per cent. of the outlay on works carried out by that agency against 32 per cent. in the preceding year.

(2) Education There were six Inspecting Schoolmasters as in the previous year and their work is reported to have been generally fair, though the number of villages visited by them fell from 755 to 573. ~~One~~ a sessional school was maintained at three centres in succession by the District Board. ~~which worked~~ and in ~~this~~ it 23 teachers were trained. Of these 21 appeared for the Primary Examination, but only five secured a complete certificate. Better results & a more numerous attendance should be secured in the current year. Five Lower Secondary Schools ~~continued to be~~ were again maintained by the Taluk Boards ~~which~~ and were attended on the 31st March 1895 by 624 pupils against 560 in the preceding year. They ~~schools~~ are reported to have made satisfactory progress. The number of boards' primary schools, all of which were ~~all on~~ on the salary result system, fell from 126 to 122 and they were attended by 4,284 pupils against 3,858 in 1893-94. ~~[illegible]~~ 66 per cent. of the pupils, who appeared for the standard examinations, passed against 72 per cent. There was an improvement in the attendance and general condition

condition of the school ~~which was~~ opened for Chenchus (hill tribes) at Bairluti. Result grants were paid at the maximum rates to 224 schools with 4,267 pupils against 241 schools with 4,704 pupils in the previous year. From these institutions ~~schools~~ 3,319 pupils were sent up ~~forwarded~~ to for examination and 2,130 or 64 percent were found qualified for grant, the corresponding figures for 1893-94 being 3807, 2,663 & 70 per cent. Only 94 per cent. of the allotment under this head was utilized within the year. The decline in the number of schools & ~~their~~ results obtained at them has not been explained. The total number of boys under instruction in the Schools maintained and aided from Local funds however rose from 12.8 to 13.4 per cent. of the male population of School going age

age.

(3) Medical relief. The Taluk Boards continued to maintain two hospitals & fifteen dispensaries, ~~but~~. there was a decline in the total number of persons treated in them ~~institutions~~, which is explained in para. 34 of the President's report. The attention of the District Magistrate will be drawn in the Judicial Deptt. to the remarks of the District Medical Officer regarding the summoning of Medical Subordinates as witnesses in criminal cases. There were three midwives against two in the previous year and they attended in all 140 cases of labour or on an average 4 each per mensem against 52 and 2 respectively. The work done by the midwife at Nandyal - 112 cases against 35 in 1893-94 - was satisfactory. The Steps

steps taken, if any, for the medical training of women have not been reported, ~~as re~~quired in G.O. d/5th September 1887 No. 1684 L.

(4) Vaccination.- There was some improvement in the work of this department, the total number of successful ~~operations~~ cases and of ~~those so~~ children under ~~successfully vaccinated~~ success fully protected one year of age, having risen from 19.5 and 3.3 per mille of the population to 23.2 and 4.4 respectively per mille; but owing to the unsatisfactory nature of the glycerinized lymph, which was largely used in the year, the ratio of success was only 81.5 per cent. ~~of the total number of operations performed were~~ successful against 92 per cent. in the previous year. As however this matter is receiving the attention of the officers concerned, it is hoped that better results will be secured in the current year.

(5) Sanitation. ~~It is satisfactory to note that~~ The expenditure under this head rose from Rs 15,851 or 80 per cent. of the allotment to Rs 21,967 or 91 per cent. Six wells were newly sunk and 35 existing sources of water-supply were improved against two and fourteen respectively in the previous year and seven sources of drinking water-supply were ~~watched~~ provided with watchmen against three in that year. Twenty-six village sites were improved against eleven in 1893-94, ~~while~~ the number of towns & villages provided with conservancy establishments (32) remained unaltered. The itinerating gangs employed by the Nandikotkur Taluk Board are reported to have worked satisfactorily. The District

District Medical & sanitary Officer visited forty-nine villages against thirty-six in the previous year & he ~~reports~~ states that the general Sanitary condition of the District is anything but satisfactory.

His report ~~on the hoof~~ might with advantage have been considerably condensed.

5. General remarks. The year closed with a balance of Rs 27,920, of which Rs 2,075 appertained to endowed institutions and Rs. 4,358 to unions, leaving Rs 21,487 or 14 percent. of the receipts available for general purposes. The administration during the year under review showed some improvement on that of the previous year, and was on the whole fair.

3. *Receipts.*—(1) The collections under land-cess amounted to only Rs. 1,36,245 or 90 per cent. of the demand against Rs. 1,64,195 or 94 per cent. in 1893–94.

(2) Including the two newly opened during the year, there were seven toll-gates and the revenue under this head rose from Rs. 6,891 to Rs. 7,734, but only 93 per cent. of the demand was realized within the year. The balance, however, was in the shape of deposits, which have since been adjusted.

(3) The house-tax continued to be levied at three-fourths of the maximum rates in Nandyal, and at half rates in the remaining eighteen unions. The collections rose from Rs. 12,384 or 85 per cent. of the demand to Rs. 14,684 or 93 per cent., and were good in all the unions except Betamcherla, Gudur and Atmakur. The poor collections in the first two of these are not surprising, for no coercive processes for the realization of the tax were issued

23rd July 1895.

President District Board.

St. II – B.

1. Towns N. Act where in force in Kurnool Dt. of in unions no fines have been credited to the union fund tho' acc. to St I-A a sum of Rs. 607 was realised as fines.

2. The sum of private scavenging fees (~~which it~~ is presumed is described as "Fees from private individuals for cleaning their latrines" in St I – A) realised in unions alone acc: to St II–B amounted to Rs. 191 whereas the amount credited in I-A under the latter description is Rs 144 only.

3. The amount of Rs 3-8-0 realised as process fees evidently in connexion with the collecting house-tax, as shown in the last col. against Fees in St I-A does not appear to have been included in St. II-B.

4. The nature of the "Sundry receipts" should have been explained.

5. (see St I-A) A sum of Rs 30 was realised as sale proceeds of Saline Earth in Kodumuru union, but the item does not appear to be included in St II-B ~~(Presumably it is included in the sum of Rs 32 shown as sale proceeds [illegible] in Kodumuru union in St II-B)~~

6. Private scavenging fees, of Rs. [illegible] in Nandyal union, should have been shown under Fees in Col: 4 & not under Fines in Col. 5

1. The details entered in the Remarks col. unnecessary } what is req.d is a brief description of the progress whether the work was completed or if not, why.

~~2. Mota pump [illegible] being valued at Rs 170 in St XV, [illegible] for Rs 50 & [illegible] (2).~~
