Municipal Council, Kumbakonam.

Sir

With reference to your letter No. 324 of the 10th September 1895, I have the honor to state that Purushothama Raju possesses the necessary qualifications & training for the post of a Municipal overseer. In a service extending over many years he has been a surveyor in the investigation of water-supply and drainage works, a road and building overseer in the Madras Municipality and a pipe laying overseer on the Adoni Water Works. It is not easy to obtain overseers with much experience and training in municipal work, and as I have already told you in my No. 2564 dated 6th September 1895 the Municipality would be well advised to retain Purushothama Raju's services.
