Sir,

I have the honor to bring to your notice the great difficulty in collecting private scavenging fees in this Municipality. The system prevailing here is the issue of bills quarterly as ordered in G.O. No. 1059 M, dated 29th May 1893, but unfortunately the Collection is not made in advance as therein ordered, but steps are being taken to do so from the ensuing quarter. The difficulty that naturally arises in collecting the fees is that the Municipal Act gives no power to attach property in default. The only way therefore is to

to order the toty to desist from
clearing the night soil and then to
prosecute the defaulters for nuisance.
But even this system is found to be
difficult in practice.

I am given to understand
that the new Municipal Act will
provide for the attachment of
property in default and hence I
do not wish to suggest any pro-
posals as regards collection. Still
a great bulk of the work can be
considerably curtailed if the bills
are issued half yearly along with
the house tax bills and the collection
made accordingly. I therefore
request you to be good enough
to obtain the sanction of Govern-
ment to the collection of private
sewage fees half yearly
instead of quarterly, as this
will reduce the work of the bill
collector by one half and he can
devote

devote the rest of his time to
collections which will always
require as much time as the
bill collector can spare.

proposed - what the new bill
section 62 of the Draft Bill only
introduces ~~and~~ change that is
that it provides for the collection of
private saving fees in the same
way as taxes. - The Chairman says
that much labour will be saved by
collecting them half yearly instead of
quarterly as at present. The proposed
amendment will do nothing to reduce
this labour. So it is submitted that his
suggestion may be approved. Mr. Higgins

ORDERS

Submitted that the Chairman's
proposal may be sanct^d. The fees
are very small, & are only collected
from the houses of the more well
to do people who have private ^{manured} privies.
The hardship in paying half yearly in
advance instead of quarterly will be
inappreciable, & much labour will be
saved to the collecting staff.
