meantime I have the honor to request that the sanction of Government may be obtained for the employment of a temporary assistant Inspector on Rs 25 a month from the first October 1895 to the 31st March 1896. The Charge must be met from such Savings as can be effected under other heads in the budget Estimate for 1895-96.

as a permanent arrangement."

3. The necessity for having a Second Inspector was brought to the notice of the Municipal Council, and, at the meeting held on the 12th October 95, it was sanctioned the employment of an assistant Inspector on Rs 25 a month "as a temporary measure" as the condition of the finances of the Municipality, by the loss of the Land Tax, did not justify the employment of the Staff considered necessary in April 1895 for the regulation of the water Supply. Resolution copy enclosed.

4. The present Supervising staff in connection with the water Supply consists of-

1 Inspector on Rs 30--

1 Asst Insp. temporarily now sanctioned 25--

This staff is inadequate, and my personal inspections of the reservoirs and pipes, since the late Engineer's services were dispensed with, show that the water Supply works have not been as carefully attended to, as they ought to have been, and that it is essential there should be a well paid Supervisor and two assistants to exercise a proper Supervision and check over the works and the water Supply to houses.

4. The matter will be laid before the Municipal Council when the next budget estimate for 1896-97 is prepared. In the meantime

To

The Honorable J. F. Price C. S. I.
Chief Secretary to the Government,
Fort Saint George.

(Through the Collector of Nilgiris)

Sir,

In the Resolution of the Ootacamund Municipal Council forwarded with my letter No 104, dated the 6th April 1895, it was determined, on the advice of the Sanitary Engineer to the Government,

IV " That two Channel Inspectors and a Supervisor should be entertained for the regulation of the Water Supply."

2 Instead of doing so two Inspectors were employed, temporarily, and I stated in my letter dated the 23rd August 1895 No 1793 that.

" It was at first intended to employ the Inspectors permanently, but, after the rains in June and July, it was deemed advisable to dispense with their services, and to employ an additional Inspector in October or November next, if necessary.
