Sir,

It affords me very much pleasure to bear testimony to your abilities. Since the 15th of December 1891 you have been employed as an Assistant Engineer by the District Board, Malabar and have been in charge of North Malabar (i.e. the Talugs of Kurumbranad, Kottayam and Cherakal) During your tenure of Office, you have had the execution of several important Special works and have practically had sole charge of these works, notably the Pyoly Lock, Mahe, Coodavelly and the Costicole bridges, besides numerous other bridge and building works, all of these works have been carried out successfully by you and would reflect credit on any Officer; moreover, the execution of the Tellicherry Cliff road has proved to me that you are well acquainted with your work as an Engineer. I may here mention that I have known you since January 1886, when we both commenced a course of Study in Engineering at the Crystal Palace Company's School of Engineering and Studied with you there till Decr 1887. I have always known you to be hardworking and painstaking.

I

I shall at any time be happy to be of service to you and should a future opportunity present itself, I shall be much pleased to be again associated with you, as I have a high appreciation of your services. I trust you will be successful in your application for employment.

I have the honor to be

Dear Sir,

In relieving you of your duties on the West Coast Surveys, I desire to express my thanks to you for the manner in which you have assisted me.

Your personal exertions, in a difficult country, with indifferent labour, and with moreover the additional drawback of a most trying climate, have been admirable. Moreover, you have displayed great skill in selecting our route through this rolling and densely-cultivated country.

I have only to add a hope that the appointment you are now called upon to fill may lead to your permanent advancement.

Yours faithfully

24. Read copies of the President's following letters to Government:-

(1) Disposal № $\frac{392}{D.B.}$ dated 1st August 1895 requesting permission of Government to fix the salary at either Rs. 450 rising to Rs. 500 or at Rs.

Rs. 500 at once when advertising for applicants for the post of Local Fund Engineer in the place of Mr Macfarlane now under orders of transfer to Salem.

(2) Disposal No. $\frac{415}{D.B.}$ dated 12th August 1895 submitted in continuation of the above requesting permission of Government to offer Rs. 500 rising in four annual increments to Rs. 560 to Mr Underwood, District Engineer, Madura.

The Board agrees to the pay beginning at Rs. 500 and rising to Rs. 560 provided a well-qualified Engineer is obtained.

IV Reference or Current
No. $\frac{1107}{D.B.}$ of 85.

South Canara District Board Office,
Mangalore, 28th September 1895

Local & Municipal Dept.
CURRENT No.

From

W. H. Wesh Esquire,
President, District Board,
South Canara.

To

The Chief Secretary to Government,
Local and Municipal Department,
Madras.

Sir,

With reference to G. O. dated 18 July 1895 No. 1255 L. Mis. approving the transfer of Mr J. B. Macfarlane to Salem, I have the honor to submit for orders an appointment made by me of Mr J. C. Dods,× Assistant Engineer, Malabar who has applied through the President of the Local Fund Board of that district.

× now Ag. L.F. Engr. Malabar
– G.O. L&M No 902 L&S
20-5-95.

2. From inquiries made of Mr Moberly, of the late acting Local Fund Engineer Mr Underwood, from the Madras Railway Engineer Mr Strange's certificate, and from other information I am convinced that he is hardworking, of high character, and a capable professional man with experience of the kind most useful for the duties of the post.

3. Pay is proposed to commence at Rs 400, rising by five annual increments to 500, the first

first increment to begin twelve months after joining. As no alteration of the old scale is proposed except by introducing annual increments I have not submitted a proposition statement under G. O. dated 2nd September 1895 No 1577 L. Mis. A proposition statement giving these annual increments and also proposing biennial increments of ten rupees for the Supervisor who is a good man and has worked a long time on Rs110 and may well get an increase when there is a temporary saving in the Engineer's salary will be laid before the next meeting of the Board to be submitted for orders in connection with the Budget.

4. A copy of the resolution of the District Board showing what pay it is prepared to approve of is submitted, with Mr Dod's application and copies of testimonials.

5. I request that Government may be pleased to sanction the appointment and communicate orders by wire so that either Mr Dods may give notice to his employers and arrange to join in good time, or another nomination may be submitted promptly.

I have the honor to be
Sir
Your most obdt. Servant

For President

W.
