Inquired.

For confirmation of the sale to Vaddamanna ti. Apparao is not recommended. It is true that the 47 1/2 square yards cover a corner not directly in the way of traffic. But the street adjoins one of the most crowded parts of the town, it is extremely narrow, and these corners are the only places where vehicles can pass one another.

12,500 square yds. have been sold between the Ellore Canal and Railway station. It is not impossible that the East Coast Railway authorities may wish to extend the station in this direction. It would be well perhaps to consult them before allowing neighbour hood.
