Madras

(Through the Divisional officer & Collector Kistna)

Sir, In forwarding herewith a resolution
of the Municipal Council passed at a meeting
held on the 5th instant, I have the honor to
state that the merchants & other classes have been
maintaining a water pond over the site for
charitable purposes for the past 8 years and that
every year, just at the commencement of the
hot season, a thatched shed is erected over it
continuing it for about 8 months. The shed
is situated in the busiest portion of the Town
and all communities that frequent the bazaars
for various purposes get water, butter, milk & gratis.

Thus this charitable institution is proving
very useful to the public at large, but a year after

year, it has to be reconstructed, it is entailing much unnecessary expenditure on the slender funds which the merchants are able to collect to keep up the supply of water. The merchants, with a view to save this amount and utilize it for enlarging the provision of supply of water for which there is a greater demand from the growing importance of the town, have now petitioned the Council to permit them to erect a permanent shed in the place of the thatched one with a distinct understanding that it should only be used for this charitable purpose and in the event of it being otherwise used it should revert to the Municipality with the shed thereon. The Council, fully convinced of the reasonableness of the Merchants' request, have passed the above resolution subject to its approval by the Government. The merchants will have no right for the land, neither can they build the shed in any other way than is suggested by the Council.

I strongly recommend the resolution of the Council for the favourable consideration of the Honorable Government & request that you will be pleased to obtain its approval at an early date.

I have the honor to be,
Sir,
your most obedient servant

S. Rajaratnam
Chairman Delegate

X X X X
Mahazar petition from D. Venkatarangiah gar & others requesting to grant them site in the Main bazaar for building permanent watershed and the previous correspondence

Sanctioned by the Council and referred to Government for favourable consideration. No right is to be given to the site. The pendal is to be kept open in proper repairs and to be used only for watershed for charity.

A floor with proper drainage is to be laid down and all rights are to be relinquished if these conditions are deviated from and the right to the site reverts to the Municipality.
