Note

I don't think there's any need to cavil at this. The case referred to was very different. There the Prest. simply sent a heap of letters without explanation. This statement form is easy to check

Reply to the remarks made in Govt. Memorandum No. 910 dated 4 October 1894.

(With order)

Reply to Memorandum dated 4th October 1894 No 910

Reference	Remarks of Government.	Reply
Para 1(2)	In column 4 of Statement I B a sum of Rs 193 is shown under Grant II, (b) Sessional Schools, (h) Miscellaneous; but the expenditure under "Contingencies & Miscellaneous" given in col. 19 of Statement IX is Rs 189·13·11·	The latter figure was adopted from the statements furnished by the Educational Officers and the former from the Treasury Account. The former is the correct figure. The difference should be added to the expenditure shown under "Contingencies & Miscellaneous" in col. 19 of Statement IX against the Sessional School in the Tindivanam Range.
Do (5)	In the Abstract appended to Statement III to show the expenditure on Civil buildings and Miscellaneous Public Improvements, the outlay on works in connection with choultries is shown as Rs 1280·2·2, but according to the details given in col 12 of Statement XI it was Rs 1205·2·1·	The former is the correct figure. Rs 75 spent on repairs to the Gingee choultry were by an oversight omitted from Statement XI.
Do (6)	In col. 2 of Statement VIII the arrear demand under House Tax is given as Rs 213·10·0 but the balance outstanding at the end of 1892-93 under this head as shown in col. 12 of the Statement for that year is Rs 355·1·1	The former figure is the correct one. The latter which was adopted from the statements furnished by the Taluq Boards for 1892-93 was subsequently found incorrect. Vide Para 21 of this office annual report for 1892-93 as regards the former figure.
Do (9)	From the note appended to Statement X and col 6 of the Statement it appears that 565 schools with 12558 pupils were aided from Local Funds, but according to Statement I furnished by the Educational Officers there were 561 schools with 12795 pupils.	The Assistant Inspector of Schools explains:— "... The principles on which schools and pupils are grouped in Statements I & X are different. In the former the schools are classed as aided from Provincial or Local Funds according as they have received a larger grant from such funds, and in the latter, i.e. X, aided schools are shown irrespective of the funds from which they have received aid. That the total number of schools and pupils according to Statements I & X are identical will be seen from the following details:—
(a) Do (18)	In the Statement showing the incidence of house tax the population of the Villupuram and Tiruvannamalai Unions according to the Census of 1891 is given as 9128 and 12293 respectively, but the corresponding figures shown in col. 5 of Statement XVI A are 9979 & 13216.	
(b) Do (23)	In para 17 it is stated that the system of tollgates underwent no change during the year, but comparing Statement V now submitted with that received with the report for the previous year it is observed that the tollgate at Kallakurichi has now been substituted for those at Ulundurpet and [illegible].	

	No of Schools.	No of pupils Boys.	No of pupils Girls.
Statement I:—			
Secondary Schools aided from Provincial Funds	1	135	–
Primary Do Do	3	60	–
Do Do from Local Funds	561	12326	469
Total	565	12521	469
Statement X:—			
Tindivanam Board	194	4627	315
Vriddhachalam Do	143	3338	40
Cuddalore Do	70	1758	60
Tirukoilur Do	158	2798	54
Total	565	12521	469

The Assistant Inspector's figures may be adopted.

(a) Para 1(18):— The latter are the correct figures. The former were adopted from the Taluq Boards' Statements.

(b) Para 1(23):— The statement that no changes were made is incorrect.

The above errors, &c, will be guarded against in future. The reply to the Government Memorandum is sent in the form of a statement for the sake of convenience and easy reference.
